INTRODUCTION

The body of law relating to the assessment of property for tax purposes in the state of Arkansas is unique and complex. Its basis is found in the Arkansas Constitution but it has evolved and developed through court

decisions and legislation over the years. The Assessment Coordination Department receives daily inquiries concerning the law appertaining to many different fact situations. These inquiries usually are accompanied by a request for a legal citation to support the answer. The department has attempted to identify and draw together as many of these questions as possible and group them according to subject matter and follow each answer with one or more legal citations. These “FAQs” are available on the department website (www.arkansas.gov/ACD/) and may be downloaded by any interested person.

If any answer involves an interpretation of a particular law it is only the opinion of the department. It does reflect the policy of the department but it does not carry the same weight as an actual statute or court decision. In addition, a formal opinion of the state Attorney General has precedence over an opinion of this department.

In each year thereafter the taxable assessed value shall increase by an additional five percent (5%) of the taxable assessed value of the parcel for the year prior to the first assessment that resulted from reappraisal but shall not exceed the full assessed value as determined by the most recent reappraisal.
 - g) If a homestead owner's taxable assessed value was frozen prior to the current assessment year, it will only change in the following circumstances: the current or a subsequent reassessment establishes that the taxable assessed value of his/her property has decreased; the current or future owner no longer qualifies under Amendment 79 for the freeze: the full assessed

value of any substantial improvement, as defined in [ACD Rule 4.08.2](#), will be added to the taxable assessed value of the property.

- h) Following the completion of all appeal proceedings, the tax is determined by multiplying the taxable assessed value by the current prevailing millage rates, [ACA 26-26-303](#).
- i) If applicable, a homestead tax credit of up to three hundred and fifty dollars (\$350.00) is applied, [ACA 26-26-1118, Amd. 79 Sec. 3](#).

- c) The assessed value is determined by multiplying the true market value of the property by the assessment level of twenty percent 20%. [ACA 26-26-303](#). The resulting number is the assessed value of the property.
- d) Following the completion of all appeal proceedings, the tax is arrived at by multiplying the assessed value by the prevailing millage rate, [ACA 26-26-303](#).

14. Is a person who would otherwise qualify for receiving, or continuing to receive, a freeze on the assessed value of his/her homestead property automatically disqualified because he/she resides in a nursing home? No, [Arkansas Constitution Amd. 79 Sec. 1\(d\)\(2\)](#).
15. If a homeowner, whose homestead value is frozen, deeds the homestead to a revocable trust which he/she formed and continues to maintain the property as a principal place of residence, is the freeze removed? No, the transfer was to an entity that qualified for the freeze because the term "homestead" as used in Amd. 79 includes a dwelling owned by a revocable trust and is used as the principal place of residence of the person who formed the trust, [ACA 26-26-1122 \(a\)\(1\)\(B\)](#).
16. If a homeowner, whose homestead value is frozen, transfers the homestead to a third person but retains a life estate interest in the property and continues to maintain the property as his/her principal place of residence, should the freeze be removed? No, [ACA 26-26-1123](#).
17. Are property owners to be notified that the assessed value of a homestead of a taxpayer who is disabled or sixty-five years of age or older shall be the lower of the assessed value at the time the taxpayer qualified for the property tax relief or a later assessed value? Yes, the notice is to be sent yearly by the county collector, [ACA 26-23-205](#).
18. Is a property owner who, for any reason, does not notify the assessor of his/her eligibility for a "freeze" on the assessed value of his/her homestead entitled to a refund of any taxes he/she paid that were over and above the amount he/she would have paid based on the frozen value? No, the assessor will reflect on the books when the taxpayer became eligible for the freeze and what the assessed value was at that time. Current and future taxes will be based on that frozen amount with the exception that the assessed value of any substantial improvements, new construction, or newly discovered real property, as provided in [ACD Rule 4.08.2](#), is added to the frozen assessed value and the new assessed value is then refrozen, [Ark. Constitution Amd. 79 Sec. 1\(d\)\(1\)\(A\) and \(B\)](#), also see [AG Opinion No. 2004-300 and No. 2007-244](#). However, no refund is applicable because the error was not open and obvious on the books and records of the assessor as required under [ACA 26-28-111](#) and under Arkansas law the taxes are considered voluntarily paid, [Mertz v. Pappas 320 Ark. 368, 896 S.W.2d 593 \(1995\)](#).
19. Is an otherwise qualified homestead owner disqualified for a freeze on the assessed value of his homestead based on the fact that he owns the property jointly with another person who may or may not live there No, [Ark. Constitution Amd. 79 Sec. 1\(d\)\(1\)\(C\)\(3\)](#).

20. If an owner becomes qualified for a freeze on the assessed value of his property at any time before July 1, is the value frozen at the previous year's assessed value or at the current year's assessed value? Once the assessments are complete on July 1, the assessed value of the property will relate back to January 1 and the assessed value on the date of qualification will be known and is the value to be frozen, [Ark. Constitution Amd. 79 Sec. 1 \(d\)\(1\)\(A\)](#).
21. A parcel of real property with a freeze on assessed value is sold to a buyer who is not qualified for a freeze and in the same year that person sells it to a person who is qualified, what happens to the assessed value of the property? The property had a freeze on it and the taxes for the year were established as of January 1 and will not change until January 1 of the next year. When the qualified buyer bought the property it had a frozen value and that value continued interrupted for that year, [Ark. Constitution Amd. 79 Sec. 1 \(d\)\(1\)](#).
22. Where property not involving an assessed value freeze situation is purchased and the property has a five percent (5%) or ten percent (10%) growth cap at the time of purchase, are such caps removed and the property assessed at 20% of full value as of January 1, the following year? Yes, and the difference between the old assessed value and the new assessed value will be added in annual increments at the rate of five percent (5%) or ten percent (10%) of the previous assessed value depending upon whether or not the property is being used as a homestead by the new owner, [ACA 26-26-1123](#).
23. In situations where property is purchased and there is no freeze on the assessed value the buyer uses the property as his principal place of residence, is an existing five percent (5%) or ten percent (10%) growth cap removed and the property assessed at 20% of full value as of January 1, the following year? Yes, because it is a "sale" of property under the full market value statute, [ACA 26-26-1123](#) applies, [AG Opinion No. 2005-144](#). Where property not involving an assessed value freeze situation is purchased and the property has a five percent (5%) or ten percent (10%) growth cap at the time of purchase, are such caps removed and the property assessed at 20% of full value as of January 1, the following year?
24. If a parent transfers title to a parcel of real property to his or her child, without actual consideration being given, are any existing caps removed and the property assessed at 20% of full value as of January 1, the following year? No, only a "sale" of property triggers the application of the full market value statute, [ACA 26-26-1123](#), and the same is true if the child inherits the property, [AG Opinion No. 2005-144](#).
25. When the assessed value of a property has a freeze or a five percent (5%) or ten percent (10%) cap on it and the property is purchased by a person who does not use it as his/her homestead or is not sixty-five (65) years of age or disabled is the freeze or cap lifted and the property assessed at twenty percent (20%) of full market value? Yes, on January 1 the following year because the owner and the property are not qualified for the freeze or the cap, [ACA 26-26-1122](#).

26. When the assessed value of a property is frozen and the property is purchased by a person who uses it as his homestead and is sixty-five (65) years of age or disabled, is the freeze lifted and the property assessed at twenty percent (20%) of full market value? No, the property continues to be qualified for the freeze at that level as long as it is used as a homestead and it is sold by a qualified seller and bought by a qualified purchaser. The frozen assessed value will continue at that level, unless there is substantial improvement. This can continue indefinitely. The tax bill will not increase unless there is substantial improvement or an increase in the millage rate, [Ark. Constitution Amd. 79 Sec. 1\(d\)\(1\)\(A\) and \(B\)](#), [ACA 26-26-1122](#), [AG Opinion No. 2007-244](#).
27. When the assessed value of a property is not frozen but does have a five percent (5%) or ten percent (10%) cap and the property is purchased by a person who uses it as his/her homestead and is sixty-five (65) years of age or disabled does the assessed value continue to go up at the rate of five percent (5%) or ten (10%) a year? No, the assessed value is frozen at the level it was just prior to the purchase. It will continue at that level as long as the property is used as a homestead and it is sold by a qualified seller and bought by a qualified purchaser. However, the assessed value of any substantial improvement will be added to the frozen value and the total refrozen. This can continue indefinitely. The tax bill will not increase unless there has been substantial improvement or an increase in the millage rate, [Ark. Constitution Amd. 79](#), [ACA 26-26-1122](#).
28. What are the limits on the amount of the homestead tax credit? Up to \$350.00 but not more than the amount of the ad valorem tax owed, [ACA 26-26-1118](#).
29. Must the property owner register proof of eligibility for the homestead tax credit with the county assessor? Yes, on or before October 15 of the year after the assessment. The registration may be attached to the deed or other instrument conveying an interest in real property and filed with the circuit clerk, who shall remit it to the county assessor; or the taxpayer may submit the registration directly to the assessor; [ACA 26-26-1118 \(b\)\(2\)](#). However, the property must qualify for the credit before January 1 of the year following the assessment year, [ACA 26-26-1118 \(b\)\(4\)\(A\)](#).
30. Is the homestead tax credit personal to the property owner? No, it attaches to the property and relates back to January 1 and stays attached to the property for the entire year regardless of any change in use of the property and regardless of whose hands the property passes into and regardless of who gets the tax bill or who pays the tax, [ACA 26-26-1118 \(b\)\(4-5\)](#).
31. If a person purchases a parcel of real estate that has a tax credit on it, does the credit remain on the property even though the new owner does not use it as his principal place of residence? Yes, once a parcel of real property is determined to be eligible for the property tax credit, the parcel shall remain eligible for that year regardless of a change in use during that year, [ACA 26-26-1118 \(b\)\(4\)\(B\)](#).
32. If there is no tax credit on a parcel of real property and it is purchased by a person who has not claimed a credit on another parcel of real property and he files a claim with the assessor and lives on the property as his principal place of

residence, are the taxes for that year adjusted to reflect the credit? Yes, once a parcel of real property is determined to be eligible for the property tax credit, the parcel shall remain eligible for that year regardless of a change in use during that year, [ACA 26-26-1118 \(b\)\(4\)\(B\)](#).

33. If a property owner has claimed a homestead tax credit for the year but he buys another parcel that he uses as his principal place of residence, is he entitled to claim a homestead tax credit on the new property the same year? No, a property owner shall claim no more than one homestead tax credit for any one year, [ACA 26-26-1119](#). In a typical situation the homestead tax credit claim is filed at the time of transfer. However the tax status of such new property does not change until January 1 of the next year when the homestead tax credit takes effect, so there is no violation of the rule against claiming more than one homestead tax credit, [ACA 26-26-1118](#).
34. Must a parcel of real property qualify as a homestead prior to January 1 of the year after the assessment to be eligible for the homestead credit, Yes, but once it qualifies it remains eligible for the entire year regardless of a change in ownership or a change in use and regardless of who or what entity pays the tax, [ACA 26-26-1118](#).
35. May the parties to a transfer of the real property prorate the homestead tax credit as between themselves? Yes, [ACA 26-26-1118](#).
36. Must the purchaser of real property notify the assessor of any new use of the property? Yes, and the notification may be by affidavit provided by the purchaser or a form provided by the county assessor, [ACA 26-26-1118](#).
37. Can a taxpayer claim more than one homestead tax credit in any one year? No, if a taxpayer has a credit on a homestead and buys another and uses it as his/her homestead, he/she is precluded from claiming a credit on the second homestead. However, if the second property already has a credit on it when he/she buys it, the credit stays and he/she is not guilty of claiming two credits in one year. [ACA 26-26-1119](#).
38. Can a husband claim a homestead credit on one residence and his wife claim a homestead credit on another residence, even if one property is titled in the name of one spouse and the other is titled in the name of the other spouse? No, because one of the properties would not be the principal residence of the owner. However, they may do so if they can each show substantial proof that they are separated, preferably by court order, and each separately files a claim for credit on the parcel they own and occupy as their separate principal place of residence, [ACA 26-26-1118](#).
39. Is one tenant in common precluded from claiming a homestead credit on the residence he/she occupies as his/her principal place of residence just because the other tenant in common already has a residence that he/she receives a homestead credit on? No, as long as one tenant in common can prove that he/she maintains

one of the homes as his/her principal place of residence and the other tenant in common can prove that he/she maintains the other home as his/her principal place of residence and they separately claim a credit for their respective homes, [ACA 26-26-1119](#).

40. If a woman owns a homestead and receives a homestead credit on it and she marries a man who has an exempt homestead because he is a disabled veteran and they begin living together, can he continue to receive the D.A.V. exemption and she continue to receive the credit? No, they can have only one principal place of residence. If each puts the name of their spouse on their respective titles it does not change the answer. They cannot change the answer by claiming that they spend equal time in each home. One home has to be the principal place of residence, [ACA 26-26-1118](#), [ACA 26-3-306](#).
41. Must the county assessor apply penalties to the taxpayer who claims a homestead tax credit on a second parcel of real property? Yes, however, it is the second claim that is the offense and if the first claim was lawful it remains lawful and the penalty is applied to the second property. The decision of the assessor is appealable within 30 days to the county court and the decision of the county court is appealable within 30 days by the taxpayer or the assessor to the circuit court, [ACA 26-26-1119](#).
42. Is there a statute of limitations for imposition of penalty or repayment against the property owner for unlawfully claiming a second property tax credit? Yes, three (3) years, [ACA 26-26-1119](#).
43. Can a property owner claim a homestead credit based upon: (a) ownership of record; (b) a recorded life estate; (c) a recorded contract to purchase; (e) a mortgagee; (f) a maker of a revocable trust with the property of the trust as his principal place of residence; (g) a holder of a right to redemption still living on the property? Yes, [ACA 26-26-1122](#).
44. If a person has a homestead but resides in a nursing home can he/she claim a credit? Yes, a person can be temporarily away from his or her home but still intend for the property to remain their principal place of residence and if the property is maintained in such a way that he or she could and would return when their temporary absence was concluded they may claim the credit, [ACA 26-26-1122](#).
45. Can a person who lives part of the year in one location and part of the year in another location claim a homestead credit? Yes, but there can only be one principal place of residence. The property owner has the burden of proving that the property upon which they are attempting to claim a credit is in fact their principal place of residence. Some of the factors that may be considered are: whether or not they claim a homestead in the other location; the location in which the owner spends most of his or her time; whether or not the property is rented out part of the year; where the owner is registered to vote; where the owner assesses his or her personal property; where the owner registers his or her automobiles; where the owner receives his or her mail; if the owner has an Arkansas driver's license, [ACA 26-26-1122](#).

46. If a person has a homestead, and is otherwise qualified, is he/she disqualified from receiving, or continuing to receive, a freeze on the assessed value of her homestead by reason of residing in a nursing home? No, Residing in a nursing home shall not disqualify a person from receiving or continuing to receive a freeze on the assessed value of their homestead, [Arkansas Constitution Amd. 79 1\(d\)\(2\)](#). However, this does not mean that anyone in a nursing home can receive or continue to receive a freeze on the assessed value of their property. If the property is rental or commercial in nature it will not qualify. It must be property that he or she would live in if he or she were not in a nursing home, [ACA 26-26-1122](#).
47. If a person has a homestead but is sent to prison can he claim a credit and/or a freeze? There is no direct authority as to the answer to this question, however, if the prisoner's sentence was short term and he/she continues to maintain the home as his/her principal place of residence so that he/she could return at the time allowed, the answer would probably be Yes. If the sentence was long or the property was rented out or otherwise situated such that it could no longer be his/her principle place of residence the answer would probably be No, [ACA 26-26-1122](#).

Chapter 9

EXEMPTIONS

1. Who makes the decision as to whether a property is exempt or not? The assessor and the assessor alone has the full and sole authority to make the decision, but the decision is subject to appeal, [Hilger v. Harding College, 231 Ark. 685, 331 S.W.2d 851 \(1960\)](#).
2. What property in Arkansas is exempt from taxation? (1) public property used exclusively for public purposes; (2) churches used as such; (3) cemeteries used exclusively as such; (4) school buildings and apparatus; (5) libraries and grounds used exclusively for school purposes; and (6) buildings and grounds and material used exclusively for charity, [Ark. Constitution Art. 16 Sec. 5](#). (7) All capital invested in a textile mill for the manufacture of cotton and fiber goods in any manner is exempt for seven years from the date of the location of said mill, [Arkansas Constitution Amd. 12](#). (8) Intangible personal property may be designated as one or more classes of personal property and such class or classes may be exempted by the legislature, [Arkansas Constitution Amd. 57](#). All intangible personal property has been exempted by the legislature, [ACA 26-3-302](#). Household furniture and furnishings, clothing, appliances, and other personal property within the home, if not held for sale,

rental, or other commercial or professional use, are exempt, [Arkansas Constitution Amd. 71](#).

3. Are there any uses of property not contained in the constitution that are exempt? No, all laws exempting property from taxation, other than as provided in the constitution, shall be void, [Arkansas Constitution Art.16 Sec. 6](#). This section is a limitation upon the legislature to exempt property, [Brodie v. Fitzgerald, 57 Ark. 445, 22 S.W. 29 \(1893\)](#), [Wayland v. Snapp, 232 Ark 57, 334 S.W.2d 633 \(1960\)](#).
4. Is the property of disabled veterans exempt from property tax.? Probably not, as such exemption is not one listed in the constitution as is required by law, [Arkansas Constitution Art. 16, Sec.6](#). There is no case law addressing the subject at this time but at some point the exemption may be challenged. There is a statutory provision providing that such property is exempt, [ACA 26-3-306](#).
5. If part of the property is utilized for a proper exempt use and part is utilized for a non-exempt use, can the property be divided into two parcels for tax purposes, one exempt and one taxable? Yes, [Burgess v. Four States Memorial Hosp., 250 Ark. 485, 465 S.W.2d 693 \(1971\)](#).
6. How much proof does the taxpayer have to present in order obtain an exemption for his property? He must establish entitlement “beyond a reasonable doubt” and there is a strong presumption in favor of the taxing power, [Pledger v. C.B. Form Co., 316 Ark. 22, 871 S.W.2d 333 \(1994\)](#).
7. What is the most pertinent question with regard to a property’s taxable status? The primary and predominant use to which the property is put, [Arkansas Conference Assn. of Seventh Day Adventist, Inc. v. Benton County Bd. Of Equalization, 304 Ark. 95, 800 S.W.2d 426 \(1990\)](#).
8. If any property is held or used with a “view toward profit” are there any circumstances whereby it could be exempt? No, it is not necessary to the rule that the organization make a profit but just that it uses the property with a view toward profit, [Ponder v. Richardson, 213 Ark. 238, 210 S.W.2d 316 \(1948\)](#); [Miller County v Opportunities, Inc. 334 Ark. 88, 971 S.W.2d 781 \(1998\)](#).
9. If a nonprofit charitable organization has a thrift shop and uses the income to pay disabled workers and/or uses the income to operate and expand the charity and further its goals is its property exempt? Yes, the property must be used primarily and predominantly for charitable purposes, and owner must be a “charitable organization” and the business must not be operated with a view toward profit, [Burgess vs. Four States Memorial Hospital, 250 Ark. 485, 465 SW2d 693, 1971](#).
10. Are lands exempt that were purchased by an otherwise exempt organization and

held solely for sale or rent for the sake of profit? No, [*School District of Fort Smith v. Howe*, 62 Ark. 481, 37 S.W. 717 \(1896\)](#).

11. Where lots are held by an improvement district for sale only to recoup delinquent improvement district taxes owed to the district, may the lots be exempt? Yes, the district is using the lots for a public purpose and not for a proprietary purpose, [*Pulaski County v. Carriage Creek*, 319 Ark. 12, 888 S.W.2d 652 \(1994\)](#).
12. May private schools be exempt? Yes, but they cannot be operated with a view toward profit, [*Sebastian County v. Educare Centers of Arkansas, Inc.*, 296 Ark. 538, 758 S.W.2d 413 \(1988\)](#).
13. Where property that might otherwise be exempt is leased out at market rate, may the property be exempt? No, the primary use of the property is for business and that is not authorized by the constitution. This is true even if the lessee uses the property for a normally exempt purpose. It is the primary use that is determinative, [*Arkansas Conference Assn. of Seventh Day Adventist, Inc. v. Benton County Bd. Of Equalization*, 304 Ark. 95, 800 S.W.2d 426 \(1990\)](#).
14. Where property that might otherwise be exempt is leased out at a nominal rate and the lessee and the use of the property would ordinarily be exempt, may the property, in fact, be exempt? Yes, [*Arkansas Conference Assn. of Seventh Day Adventist, Inc. v. Benton County Bd. Of Equalization*, 304 Ark. 95, 800 S.W.2d 426 \(1990\)](#).
15. Does the word "exclusively" as it is used in Article 16 Section 5 of the Arkansas Constitution, mean that the property absolutely cannot be used for any other purpose? No, there can be some nonconforming incidental use, as long as the property is used primarily and predominantly for one of the listed exempt purposes, [*City of Little Rock v. McIntosh*, 319 Ark. 423, 892 S.W.2d 462 \(1995\)](#).
16. If a producing mineral interest is owned by an entity such as a county, the State of Arkansas, a church, school, or charity, whose property is ordinarily exempt, is the mineral interest also exempt? No, [*Arkansas Constitution Article 16 Section 5, and Section 6*](#). To qualify, the mineral interest would have to be used directly and exclusively for the same exempt purpose as that of the entity. In this case the primary use is for business. Even if the income is used to support the exempt entity, it is not exempt because the exempt use of the entity would be secondary. The secondary use, no matter how meritorious, is irrelevant, [*Hilger v. Harding College, Inc.*, 231 Ark. 685, 331 S.W. 2d 851 \(1960\)](#). However, the State of Arkansas is immune from suit in state courts to collect any delinquent tax, [*Arkansas Constitution Article 5 Sec. 20*](#). If the state refuses to pay the tax on the producing mineral interest the only remedy the county may have is to pursue a claim before the Arkansas Claims Commission. The lien does remain on the property and if the state transfers ownership to someone who does not have sovereign immunity the lien may be enforced as against any other delinquent property, [*AG Opinion No. 2008-023*](#).
17. Is property owned by an instrumentality of the federal government exempt? No,

however, it is immune from state and local taxation, *U.S. Const. Article VI Clause 2 (the "Supremacy Clause")*. The result is about the same except there is no requirement that the property be used for a public purpose.

18. Is property owned by the Federal Land Bank immune? Yes, but the U.S. Congress has waived immunity for the banks real property. However, its personal property remains immune, *12 U.S.C. Sec. 2098*.
19. Is real property owned by HUD exempt? No, and this includes any homes or other properties acquired by HUD through foreclosure, *12 USCA 1714; Byram Holding Co. v. Bogren, 2 N.J. Super. 331, 63 A.2d 822 (1949)*. However, personal property owned by HUD is exempt, *United States v. County of San Diego, 249 F. Supp. 321 (S.D. Ca. 1966)*.
20. What is required for a public use exemption? The property must be owned by a public (governmental) entity and used exclusively for a public purpose, *City of Little Rock v. McIntosh, 319 Ark. 423, 892 S.W.2d 462 (1995)*.
21. If a governmental entity, church, charity, school, library, or cemetery becomes the owner of any property, after January 1, and uses it for an exempt purpose, does the exemption take effect immediately upon acquisition? No, the status of the property is established as of the January 1 and does not change until January 1 of the following year. *ACA 26-34-101, AG Opinion No. 2008-023*.
22. If, after January 1, a governmental entity acquires any real or personal property and uses it for a public purpose and claims an exemption, can the county collect from the governmental entity the taxes that had accrued as of January 1 of that year? No, a governmental entity it is immune and cannot be sued for delinquent taxes. The county may pursue their claim before the state claims commission, *AG Opinion No. 2008-023*.
23. If a qualified Disabled American Veteran becomes the owner of real property on or after January 1 and uses it as his homestead does the DAV exemption take effect immediately upon acquisition? No, the status of the property is established as of January 1 and does not change until January 1 the following year, *ACA 26-34-101*. No one has the power to waive the tax and the lien thereof stays with the property, *AG Opinion No. 2008-023*. However, if the DAV bought the property from a person who had a DAV exemption on the property at the time of sale there would be no interruption of the exemption, *ACA 26-3-306*.
24. Is property financed, purchased or constructed with Act 9 bond funds exempt from property tax? Yes, *ACA 14-164-701*. However, it must be used exclusively for a public purpose as provided in the constitution and the property must be public property, that is, it must be owned by a governmental entity or an arm of that entity. An example is the property owned by the Arkansas Development Finance Authority that issues bonds under Act 9, *Wayland v. Snapp, 232 Ark. 57, 334 S.W.2d 633 (1960)*.

25. Does maturity and payment in full of Act 9 Bonds independently trigger the end of the public purpose and the end of the exemption of the property from ad valorem taxation? No, a determination has to be made, and where the governmental entity under which the bonds were issued adopts an ordinance to the effect that the public purpose continues in effect because of jobs and other benefits to the community, the exemption continues in effect, [*Pulaski County v. Jacuzzi Bros. Div.*, 332 Ark 91, 964 S.W.2d 788 \(1998\)](#).
26. Does it matter who owns a school in order for it to be exempt? No, ownership is not an issue. It is the use of the property that determines the exemption question, [*Sebastian County v. Educare Centers of Arkansas, Inc.*, 296 Ark. 538, 758 S.W.2d 413 \(1988\)](#).
27. How do you determine whether a particular property is used as a school and therefore qualifies for an exemption? Factors to be considered are whether classes are being taught on the property and whether certified teachers are provided. Using these criteria a day care facility will not qualify. See [*Hilger v. Harding College*, 231 Ark. 685, 331 S.W.2d 851, \(1960\)](#).
28. Are all libraries, not operated with a view toward profit, exempt? No, only those that are used exclusively for school purposes, [*Arkansas Constitution Art. 16, Sec. 5*](#).
29. What is required for a property to qualify for the charitable exemption? The purpose of the organization must be for charity and property must be used exclusively for charitable purposes. It must be open to the general public. No one may be refused benefits because of inability to pay. Any funds that are generated must be used for operation, maintenance and capital improvement. If the owner is not the charity the rent must be only nominal [*Burgess v. Four States Hospital*, 250 Ark 485, 465 S.W.2d 693 \(1971\)](#).
30. What is required for property to qualify for a church exemption? The property, including parsonages, automobiles, etc., must be used primarily and predominantly for church purposes, [*AG Opinion No. 91-265*](#).
31. What is meant by the term "church purposes"? The use must be reasonably related to public worship, [*AG Opinion No. 91-265*](#).
32. Must property used primarily and predominantly for church purposes be owned by the church in order to be exempt? No, ownership by the church is not a condition for tax-exempt status under the constitution; use is the determining factor, [*Phillips v. Mission Fellowship Bible Church*, 59 Ark. App. 242, 955 S.W.2d 917 \(1997\)](#).
33. Is real or personal property owned by a church and held for, or used for, commercial, business, rental, or investment purposes exempt? No, the provision in [*ACA 26-3-301*](#) relating to the exemption of property used "partially for church purposes and partially for investment or other commercial business purposes" is contrary to [*Article 16 Sec. 5 of the*](#)

[constitution](#), [AG Opinion No. 91-265](#).

6. Are BOE members required to subscribe and swear to an oath before taking office? Yes, as prescribed in [Article 19 Section 20 of the Constitution ACA 26-27-306](#).
7. If a BOE is not properly constituted, a member is not qualified, a member does not take the required oath, or the board is otherwise legally defective, are the acts of the board void, voidable, or illegal? No, as long as the members assumed office under color of appointment and act in good faith their acts are valid, [Pennington v. Oliver, 245 Ark. 251, 431 S.W.2d 843 \(1968\)](#).
8. Is the BOE independent? Yes, except that the ACD has full power and authority over the assessment, equalization, and collection of property taxes and the county boards of equalization themselves, [ACA 26-24-102](#). There is no law that provides that the county assessor or the county judge or the quorum court has any authority over the board. The board is required to act in good faith, give due process and equal protection to those that appear before them and carry out their duties under state and federal law, [Pennington v. Oliver, 245 Ark. 251, 431 S.W.2d 843 \(1968\)](#).
9. Where and when does the BOE meet? At the office of the county clerk or the assessor on August 1 and continuing through October 1 of each year unless August 1 falls on a Saturday, a Sunday, or a legal holiday, in which case they shall meet on the next business day. If the county has been called out of compliance by the ACD the board shall continue to meet until all property assessments are equalized and all requests for adjustment of assessments have been considered but not to be extended beyond the third Monday in November, [ACA 26-27-309](#). In addition, the board may meet monthly during the year, [ACA 26-27-311](#).

Yes, for the purpose of reviewing or extending or completing its work of equalization and for planning it may go into special session after any regular monthly meeting or after it's equalization meetings from August 1 through October 1 but not beyond the third Monday in November, [ACA 26-27-311](#).

15. Does the county assessor have to furnish the BOE all his/her data and

information concerning assessments and attend all BOE meetings? Yes, however he may send his deputy to the meetings in his place, [ACA 26-27-313](#).

16. Is it a punishable violation of law for someone to neglect or refuse to obey a lawful requirement or order made by a county BOE? Yes, and that person may be fined not less than ten dollars (\$10.00) nor more than one hundred dollars (\$100.00) for each violation, [ACA 26-2-104](#).

19. Does the BOE have the power to require any person to appear at a hearing and testify under oath and does the board have the authority to administer the oath? Yes, the person must appear and testify if summoned by the secretary at the direction of the board, [ACA 26-27-316](#).
20. Does the taxpayer have the burden of proof when appealing an assessment? Yes, if he does not appear in person or by an agent and does not provide documentation then he has not met his burden of proof and he should be denied the relief sought, [Summers Chevrolet, Inc. v. Yell County, 310 Ark. 1, 832 S.W.2d 486 \(1992\)](#).
21. What is the standard of review in tax assessment cases? The protestant must prove that the assessment is "manifestly excessive or clearly erroneous or confiscatory", [IBM Credit Corporation v. Pulaski County, 316 Ark. 580, 873 S.W. 2d 161 \(1994\)](#).

There is no provision in the law for the board to refuse to hear a timely filed appeal. However general law will require that the appellant and the BOE members be required to act in good faith at all stages of the proceedings.
25. What is the purpose and function of the BOE? To raise or lower the valuation of property to bring about a complete equalization of properties in the county, [ACA 26-27-315](#). The board also has a duty to list and value any property subject to taxation that they know is not listed for value for that year, [ACA 26-2-106](#). In addition the board has the authority to classify personal property and zone and classify real property to determine the average value so they may equalize assessments, [ACA 26-27-315](#). However, the BOE may not change the value of crop land, pasture land, or timber land, [ACA 26-26-407](#).

26. How are agricultural lands valued? Crop land, pasture land, and timber land valuation is based upon the productivity of the crop land, pasture land or timber land soil. The ACD provides mandatory guidelines based upon the typical or most probable use of the soils in the region and annually updates tables for the valuation and assessment of such lands. It is for this reason that neither the BOE nor the county court may change the value of such land, [ACA 26-26-407](#). Any error as to soil type or valuation tables should be referred to the ACD.
27. What jurisdiction do the BOE and the county court have to hear appeals of taxpayers who disagree with the county assessor as to the assessment on their crop land, pasture land, or timber land? The BOE may reclassify land upon proof of change in use of the land or upon proof that the land is not eligible for classification under this section, [ACA 26-26-407](#).
28. Is there a penalty if the board does not list and value any property subject to taxation that they know is not listed for value for that year? Yes, and if they knowingly and willfully fail or refuse to do so, they shall be subject to a penalty of five hundred dollars (\$500.00) for each offense, to be recovered by a civil action in the name of the state, [ACA 26-2-106](#).
29. When comparable sales are presented to the BOE by the property owner, or his appraiser, in support of the property owner's request for relief, may current sales be used? No, only those valid sales that have been time adjusted to equal market value as of January 1 of the reappraisal year may be used, [ACD Rule 4.04.1b](#).
30. May the BOE adjust a property owner's value at any time it believes the property is incorrectly valued? No, they may only adjust a value during the current assessment year and pursuant to a timely appeal by the taxpayer, [ACA 26-27-317](#). The board shall use comparable sales and only those valid sales that have been time adjusted to equal market value as of January 1 of the re-appraisal year may be used, [ACD Rule 4.04.1d](#). In addition, the board must review all similarly situated properties in the county and if the same reasons exist the values of those properties must likewise be raised or lowered and the owners given notice and an opportunity to be heard, [ACA 26-27-315](#).
31. If a taxpayer fails to appeal in the year of the assessment or even if he does appeal may he appeal his value again the next year or in a subsequent year? Yes, but the adjustment must be only for the year in which he appeals and not a previous year, [ACA 26-27-309](#). Only those valid sales that have been time adjusted to equal market value as of January 1 of the re-appraisal year may be used, [ACD Rule 4.04.1b](#). In addition, the board must review all similarly situated properties and if the same reasons exist the values of those properties must likewise be raised or lowered and the owners given notice and an opportunity to be heard, [ACA 26-27-315](#).
32. May the BOE reduce values of groups of real estate properties between regular cyclical reappraisals? Yes, in some circumstances. If in the judgment of the board, or the county judge, a number of real estate parcels in the county may have decreased in market value since the last countywide reappraisal the board may meet in special session to determine the action to be taken. Actions by the board must be in accordance with [ACA 26-27-315](#) and [ACD Rule 4.29](#), [ACA 26-27-322](#).
33. Who is the secretary for the BOE and what are his or her duties? The clerk of the county court or his or her designee. The secretary shall keep a complete record of the proceedings and generally carry out the responsibilities required of any secretary of an organization. In addition he or she shall report to the Assessment Coordination Department the names and addresses of the

members of the board, [ACA 26-27-307](#).

34. Is the BOE required to schedule hearings at the convenience of the property owner or his agent? Yes, when practicable, and at least one day a week after regular business hours to accommodate working property owners, [ACA 26-27-317](#).
35. Are BOE meetings and records subject to the Freedom of Information Act requirements? Yes, the board may not go into executive session to discuss and decide an appeal, [ACA 25-19-106](#), [AG Opinion No. 2000-287](#).
36. Must the BOE document the reason for raising or lowering the valuation of any property? Yes, and they must attach it to the record card, [ACA 26-27-315](#).
37. Are the reasons the BOE may raise or lower values limited to certain circumstances? Yes, they are: the assessment is unfair compared to other properties of the same kind similarly situated; the assessment is clearly erroneous; or, the assessment is manifestly excessive. [ACA 26-27-315](#).
38. Can the BOE hear appeals of the decisions of the county assessor as to exemptions and Amend 79 issues? The law is unclear. The best procedure is to allow the appeal. There is one opinion by the attorney general that approves the procedure for exemption decisions, [AG Opinion No. 97-324](#).
39. How long does the BOE have to notify the property owner of their decision as to his appeal? In writing at least 10 business days after the hearing, [ACA 26-27-317](#).
40. Do BOE members have to attend appeal hearings before the county judge? Yes, the clerk of the county court shall summon the members of the board and issue such process as the county assessor, the BOE or the county judge may request. [ACA 26-27-318](#).
41. Do BOE members have personal immunity from liability and law suits for damages while serving on the board? Yes, except to the extent they may be covered by liability insurance, [ACA 21-9-301](#). However such immunity does not apply to intentional acts, [City of Fayetteville v. Romine, 373 Ark. 318, 284 S.W.3d 10 \(2008\)](#).

From the first business day in March to and including October 15th and if not paid within that time are deemed delinquent and the collector must extend and collect a penalty of 10% from the taxpayer, [ACA 26-36-201](#).
3. If October 15th falls on a Saturday, Sunday, or a holiday observed by the United States Postal Service, shall the taxes become due and payable the following business day that is not a holiday? Yes, [ACA 26-36-201](#).
4. Is it necessary to the validity of an assessment or a sale of land for taxes that it be assessed to the true owner? Chapter 14

REFUNDS

1. Are there any situations under Arkansas law where a refund of taxes paid are authorized? Yes, when property is erroneously assessed. However, the provision is limited to erroneous assessments as defined and described in the correction of error statute, [ACA 26-28-111\(a\)\(1\)](#), [ACA 26-35-901](#). After February 1st, when the tax books have been turned over to the collector, any extension errors, erroneous property descriptions, classifications, or listings that are actual and obvious errors appearing on the tax books and related records may be corrected. No reduction in property value may be made except such as shall have ordered by the BOE., the county court, the circuit court, or the Supreme Court, or be caused by the correction of actual and obvious errors under this statute, [ACA 26-28-111\(a\) and \(c\)](#).

2. If it is determined that the taxpayer is entitled to a refund for more than one year, how many years can a refund be given for? For not more than three (3) years from the date the taxes were paid, [ACA 26-35-901\(a\)\(2\)](#).
3. If a taxpayer fails to claim an exemption for a particular year and pays the taxes thereon when they become due, is the county required to refund the taxes so paid when the taxpayer later requests it? No, the payment of the tax was voluntarily made, [Rutherford v. Barns, 312 Ark 177, 847 S.W.2d 689 \(1993\)](#).
4. If a taxpayer turns in to the assessor a rendition (a list of property owned) and pays the taxes based thereon when they become due and later discovers that they had made an error on the rendition in favor of the county, are they entitled to refund of any taxes they paid over and above what would have been owed if the rendition had been correct? No, Arkansas is a voluntary assessment state and when the taxpayer identifies, quantifies and establishes the value of the property, the assessor may rely upon that information and there can be no recovery of voluntarily paid taxes, (except where a recovery is authorized by statute), [Mertz v. Pappas, 320 Ark. 368, 896 S.W.2d 593 \(1995\)](#).
5. Does Arkansas have a refund statute? Yes, [ACA 26-35-901](#), however it refers directly to the "correction of error" statute. The "correction of error" statute provides that if the error is open and obvious on the tax books and records a correction should be made and an appropriate refund made. However, if the assessor has to look beyond the tax books and records to determine if an error was made there should be no correction or refund, [ACA 26-28-111](#).
6. What is an "illegal exaction" and is a tax payment based thereon refundable? It is one either unauthorized or contrary to the law, [Mackey v. McDonald, 255 Ark. 978, 504 S.W.2d 726 \(1974\)](#). There can be no recovery of voluntarily paid taxes, except where a recovery is authorized by statute, even when an illegal exaction claim is based on constitutional grounds, [Mertz v. Pappas, 320 Ark. 368, 896 S.W.2d 593 \(1995\)](#).
7. Who can order a refund? Upon satisfactory proof of an erroneous assessment, as defined in [ACA 26-28-111](#), being adduced to the county court, the court shall order a refund, [ACA 26-35-901](#). County courts have exclusive original jurisdiction in such cases, [Arkansas Constitution Art. 7 Sec. 28, ACA 14-14-1105\(b\)\(1\)](#). The Supreme Court of Arkansas has held that the circuit court did not have jurisdiction to hear an illegal exaction suit asking for a refund. The suit must be heard in county court, [Muldoon v. Martin, 103 Ark. App. 64, 286 S.W.3d 201 \(2008\)](#).
8. How many years of payments shall be refunded? The number of years the court finds the property was erroneously assessed but not to exceed three (3) years from the last date the taxes were paid, [ACA 26-35-901](#).
