The Honorable Bill Ritter, Jr.
Governor of Colorado

Members of the
Colorado General Assembly

Dear Governor, Senators and Representatives:

The Colorado Department of Revenue is proud to present its 69th annual report covering the period July 1, 2008 to June 30, 2009 – a year that presented historic fiscal challenges for our state. During the past two years, state leaders reduced spending by more than \$2 billion. Meanwhile, the Department continued to serve Colorado citizens.

Our staff processed millions of tax filings, issued 700,000 driver's licenses and permits, registered nearly 5 million vehicles, checked more than 6 million trucks along the state's highways, ran the state Lottery and ensured the legal sale of tobacco and alcohol. In November 2008, voters approved a constitutional amendment that raised betting limits, added new games and allowed around-the-clock gambling at casinos in Colorado. The Gaming Division provided a smooth transition to the new casino rules.

To meet these commitments, the Department is making strategic investments in technology that make our staff more productive for our citizens.

In 2009, the Department transferred more than five million income tax records to the Colorado Integrated Tax Architecture. CITA offers many improvements: taxpayers will get refunds faster, Department employees have better tools to track tax records and collect past-due taxes and policymakers have access to better data. We are pleased to report that our conversion to this more powerful and adaptive system remains on time, and within the scope of the original plan.

The Department is also seeking ways to make it easier for taxpayers to comply with the tax filing requirements of state law. This year, the Department rolled out its online sales tax filing system for retailers with a single location. By the end of 2010, it should be available to retailers with more than one store.

At the Division of Motor Vehicles, the Department is using a federal grant to update its driver's license system. State law requires the Department to check an applicant's records to ensure safe and legal drivers get licenses. The upgrade will help move lines faster, will create extra protection from identity theft and will allow appointment scheduling for citizens needing IDs or driver's licenses.

The Colorado Lottery replaced its long-outdated back-office system with a strong and stable system that has the capacity to create and operate more games. The new computer supports the Lottery's mission to generate proceeds for its beneficiaries: Great Outdoors Colorado, state parks and schools.

The Department will use these accomplishments as models for future service improvements that our citizens deserve.

Sincerely,

Roxanne Huber
Executive Director

State Sales and Use Taxes: Title 39, Article 26

Sales and Use Tax	2.9% of taxable value
-------------------	-----------------------

State sales tax is imposed upon the purchase price of retail sales of tangible personal property and is remitted by vendors. If no sales tax is paid, the buyer is liable for use tax. In addition to tangible personal property, taxable sales include lodging, telephone service, restaurant food and drink sales, rental autos, and similar items. Sales tax returns are due monthly (if tax liability is \$300 or more) or quarterly (if tax liability is less than \$300). Wholesalers file annually. Vendors are not currently given a discount of taxes due to cover collection expense (for sales taxes collected on or after July 1, 2009).

Consumer use tax is imposed on the purchaser of tangible personal property in cases where the seller did not or could not collect sales tax (e.g., purchases from an out-of-state retailer who does not collect Colorado sales tax). Use tax is deemed to be owed when the tangible personal property is actually used or after delivery is completed, as well as the keeping, storing, withdrawing from storage, moving, installing, or performing any other act by which control of the property is assumed by the purchaser. Retailer use tax applies to out-of-state vendors that sell tangible personal property to Colorado residents but that do not maintain a place of business in Colorado.
