## DEFINITION OF TAX TERMS

Adjusted Gross Income: For individuals, see IC 6-3-1-3.5(a), which modifies "adjusted gross income" (as defined by Sec. 62 of the Internal Revenue Code) by (1) subtracting amounts exempt because of federal constitutional or statutory law, certain personal exemptions, certain amounts taxed by political subdivisions of other states, certain retirement benefits, and certain amounts previously subject to tax, and; (2) adding the ordinary income portion of certain lump sum distributions and certain other income previously deducted from federal taxable income.

For corporations, see IC 6-3-1-3.5(b), which adjusts "taxable income" (as defined in Sec. 63 of the Internal Revenue Code) by (1) subtracting amounts exempt because of federal constitutional or statutory law, and certain amounts of foreign source dividends and foreign taxes, and; (2) amounts of charitable contributions deducted in determining federal taxable income.

For trusts and estates, see IC 6-3-1-3.5(e), which reduces "taxable income" (as defined in Sec. 641(b) of the Internal Revenue Code) by the amount exempt because of federal constitutional or statutory law.

Credit: An amount of money subtracted from the amount of tax imposed, producing a lower net tax liability.

Deduction: An amount of money subtracted from the tax base, producing a lower net tax base.

Exemption: Removal of certain persons, transactions, or properties from the burden of a particular tax that would otherwise be imposed. As a general rule, taxpayers have the burden of proving entitlement to exemptions.

General Fund: A fund used to account for all transactions of a governmental unit not accounted for in another fund. It is used to account for the ordinary operations of government financed from taxes and other general revenues.

Gross Income: Total receipts that a taxpayer received as compensation for services, including wages, bonuses, salaries, fees, and commissions, without deductions of any kind.

Refundable Credit: A credit that will generate a refund to the
taxpayer if the amount of the credit is larger than the amount of the tax against which it is applied.

Single-Sales-Factor Apportionment: Under single-salesfactor apportionment, the Indiana tax base is determined only on the basis of corporation's sales in Indiana. To apportion a corporation's income to Indiana, it is multiplied by the percentage of the corporation's total sales that are attributable to Indiana. The corporation's property and payroll in Indiana are not used in the apportionment formula. From 2007 to 2011, the property and payroll factors will be phased out, with single-sales-factor apportionment beginning in tax year 2011. Under the three-factor formula with a double-weighted sales factor used for tax years 1995 to 2006, the weights on the property and payroll factors are each equal to 0.25 , with the weight on the sales factor equal to 0.50 . The weights on each factor during the phaseout period are specified in the table below.

Weight on apportionment factor in tax year beginning in ...

|  | $\underline{2007}$ | $\underline{2008}$ | $\underline{2009}$ | $\underline{2010}$ | $\underline{2011 \text { and after }}$ |
| :--- | :---: | :---: | :---: | :---: | :---: |
| Property Factor | 0.20 | 0.15 | 0.10 | 0.05 | 0.0 |
| Payroll Factor | 0.20 | 0.15 | 0.10 | 0.05 | 0.0 |
| Sales Factor | 0.60 | 0.70 | 0.80 | 0.90 | 1.00 |

Three-Factor Formula: The formula used by a company that conducts business in other states to determine Indiana corporate adjusted gross income tax liability. The Indiana tax base for tax years beginning prior to January 1, 1993, is determined by multiplying total income by a fraction, the numerator of which is the property factor plus the payroll factor plus the sales factor, and the denominator is 3 . The factors are the percentage of Indiana property divided by total property, Indiana payroll divided by total payroll, and Indiana sales divided by total sales. For tax years that begin within 1993, the sales factor is multiplied by 1.33 and the denominator is 3.33 . For tax years that begin within 1994, the sales factor is multiplied by 1.67 and the denominator is 3.67 . For tax years that begin on or after January 1, 1995, and before January 1, 2007, the sales factor is multiplied by 2 and the denominator is 4 .

DISTRIBUTION: The Department of State Revenue deposits Wagering Tax revenue in the State Gaming Fund. Funds are first appropriated to the Indiana Gaming Commission to administer riverboat gaming. From the remaining funds the first $\$ 33 \mathrm{M}$ each fiscal year is set aside for local revenue sharing. Revenue-sharing money is distributed on a per capita basis to local units in counties that do not contain a riverboat casino. After the revenue-sharing set-aside, $25 \%$ of the remainder up to the FY 2002 distribution level is distributed to the local units listed in the table below. The remaining Wagering Tax revenue is distributed to the Property Tax Replacement Fund (PTRF). From the revenue distributed to the PTRF, an amount is distributed annually to the Build Indiana Fund (BIF). This total is equal to $\$ 250 \mathrm{M}$ minus amounts deposited in the BIF from Lottery profits, pari-mutuel taxes, and tax and fee revenue from charitable gaming. In the event that Admission Tax revenue distributed to state agencies and local units is less than the FY 2002 distributions, Wagering Tax revenue in the PTRF will be utilized to make up the difference.

Wagering Tax revenue from the Orange County riverboat is distributed as follows.

Distributions prior to July 1, 2007*

- $10 \%$ to Orange County
- 10\% divided equally between French Lick and West Baden Springs
- 5\% to the Historic Hotel Preservation Commission
- 37.5\% to the West Baden Springs Historic Hotel Preservation and Maintenance Fund**
- 37.5\% to the Property Tax Replacement Fund

Distributions beginning July 1, 2007*

- 9\% to Orange County
- $5 \%$ to Orleans
. $5 \%$ to Paoli
- 16\% divided equally between French Lick and West Bade Springs
- $8 \%$ to the Orange County Development Commission
- $19 \%$ to the West Baden Springs Historic Hotel Preservation and Maintenance Fund**
- $0.5 \%$ to the Orange County Convention and Visitors Bureau
- $37.5 \%$ to the Property Tax Replacement Fund until 2009, to the state General Fund beginning in 2009.

The Wagering Tax distribution cap that applies to the other riverboats does not apply to the Orange County riverboat.
*P.L. 234-2007 repealed the Historic Hotel Preservation Commission, established the Orange County Development Commission, and changed revenue distributions.
${ }^{* *}$ Once the balance in the fund exceeds $\$ 20 \mathrm{M}$, this revenue must be distributed to the Property Tax Replacement Fund until 2009; to the state General Fund beginning in 2009

Retailers whose average monthly tax remittance during the preceding calendar year was less than $\$ 1,000$ must send the taxes collected within 30 days after the end of the month, unless the retailer has an individual withholding tax liability of more than $\$ 1,000$. Payment shall be made on or before the date the tax is due. Gasoline distributors remit sales tax collections two times a month. Retail merchants are allowed to retain a collection allowance if remittance is timely. The allowance is computed as a percentage of the merchant's total sales tax liability. The rates are as follows:
(1) $0.73 \%$ if the merchant's sales tax liability accrued during the fiscal year does not exceed \$60,000;

## COUNTY ADJUSTED GROSS INCOME TAX (CAGIT)

IC 6-3.5-1.1
ACCT. NO. 1000-780010

TAXPAYER: An individual who on January 1 resides in a taxing county, or who maintains their principal place of employment or business in a taxing county but does not reside in a county that imposes the County Adjusted Gross Income Tax, the County Option Income Tax, or the County Economic Development Income Tax.

COUNTY RESIDENCY DETERMINATION: If a taxpayer changes the location of his residence to another county in Indiana during a calendar year, his liability for CAGIT will not be affected. However, if a taxpayer changes his residence to a county in which the individual begins employment or business at a qualified economic development tax project (IC 36-7-27-9), the individual's adjusted gross income attributable to employment or business at the qualified economic development tax project is immediately taxable by the new county instead of being taxable beginning January 1 of the following calendar year.

PRINCIPAL PLACE OF EMPLOYMENT OR BUSINESS DETERMINATION: If a taxpayer changes the location of his principal place of employment or business to another county in Indiana during a calendar year, his liability for CAGIT will not be affected. However, if a taxpayer changes his principal place of employment or business to a qualified economic development tax project (IC 36-7-27-9), and does not reside in another county in which CAGIT is in effect, the individual's adjusted gross income
attributable to employment or business at the qualified economic development tax project is immediately taxable by the new county instead of being taxable beginning January 1 of the following calendar year.

TAX BASE: Indiana Individual Adjusted Gross Income.
DEDUCTIONS AND EXEMPTIONS: Identical to those for the Indiana Individual Adjusted Gross Income Tax.

CREDITS: A portion of the federal credit for elderly and totally disabled and a credit for taxes imposed by governmental entities outside of Indiana.
RATE: $0.25 \%$ for nonresident county taxpayers, and $0.5 \%, 0.75 \%$, or $1 \%$ for resident county taxpayers (according to the election of each county council). If a county council elects to decrease its CAGIT rate, it may do so by increments of $0.1 \%$.

RATE EXCEPTIONS: Jackson County and Pulaski County may impose CAGIT for resident county taxpayers at a tax rate of $1.1 \%$ and $1.3 \%$, respectively. Additional revenues for Jackson County are required to be used for funding the operation of a jail and juvenile center, and additional revenues for Pulaski County are required to be used for funding the operation of a jail and justice center. Clay County may impose an additional $0.25 \%$ for jails. Daviess County CAGIT, Elkhart County CAGIT, and Marshall County CAGIT may be imposed at $1.15 \%, 1.2 \%$, or $1.25 \%$ for the construction or operation of new jail or juvenile facilities or the repair of existing facilities. Union County CAGIT may be imposed at $1.25 \%$ rate in order to fund repairs and renovation to the Union County courthouse. Jasper County may increase their CAGIT rate by $0.15 \%, 0.20 \%$, or $0.25 \%$ to construct jail facilities. Once construction is completed, Jasper County must set their CAGIT rate at a level equal to the maintenance cost of the new jail. Wayne County may increase their CAGIT rate by $0.15 \%, 0.20 \%$, or $0.25 \%$ to finance jail and parking facilities, including demolition projects and land acquisition. Parke County may impose an additional CAGIT rate of not more than $0.25 \%$ to: (1) fund the costs (including pre-trial) of a capital trial that has been moved to another county for trial, and (2) to repay money borrowed for that purpose.

PROCEDURE: CAGIT is paid to the Department of State Revenue at the same time as the Indiana Individual Adjusted Gross Income Tax.

ADMINISTRATION: Income Tax Division, Department of State Revenue.

CERTIFIED DISTRIBUTION: The amount of CAGIT revenue to be distributed to a county during an ensuing calendar year equals the amount of revenue the Department of State Revenue, based on State Budget Agency recommendation, determines was reported and actually received from the county in the tax year ending before the calendar year in which the determination is made. The amount is determined based on reported collections less any refunds made for overcollection of the tax before July 1 of the year in which the determination is made. This amount, with refunds accounted for, is as reported and processed by the Department of State Revenue and the amount is certified to the county auditor.

ADJUSTMENTS TO CERTIFIED DISTRIBUTION: The Department of State Revenue may certify to an adopting county an amount that is less than the amount reported and processed if the Department, after reviewing the recommendations of the State Budget Agency, determines that such action is necessary to offset overpayments made in previous calendar year certified distributions.

Before October 2 each year, the Department of State Revenue must determine, with State Budget Agency recommendation, if a sufficient balance exists in the county account in excess of the amount necessary for certified distributions to the county in the ensuing year. Any excess balance is paid in a supplemental distribution in January following the determination. The supplemental distribution must be allocated in the same manner as certified distributions, but is deposited in the county civil taxing unit's rainy day fund.

DISTRIBUTION OF REVENUE: The certified distribution is received by the county treasurer and is distributed to taxing units as local property tax replacement credits (LPTRC) and certified shares. The allocation of LPTRC and certified shares to taxing units is based on the taxing unit's property tax levy. LPTRC are used by all units of government for property tax relief. However, certified shares are used only by civil taxing units, in part, for additional property tax relief and, in part, for general government purposes.

For allocation purposes, a civil taxing unit's levy includes the levy of any special taxing unit functioning on behalf of the civil taxing unit. However, the county fiscal body determines if a solid waste management district may receive certified shares.

Certain counties (Clay, Elkhart, Jasper, and Parke) use a portion of the certified distribution for costs of constructing or operating jails or juvenile detention or justice centers. The revenue for these purposes is not considered in the determination of LPTRC and certified shares.

PERCENTAGES: The percentage of a certified distribution that will be allocated as property tax replacement credits or as certified shares depends upon the CAGIT rate for resident county taxpayers in effect on August 1 of the calendar year that precedes the year in which the certified distribution will be received by 2 years. The percentages are set forth in the following table:

## Certified Distribution Allocation

(based on CAGIT rate for resident county taxpayers)

| CAGIT <br> Rate | Property Tax <br> Replacement |  | Certified <br> $0.5 \%$ |
| :---: | :---: | :---: | :---: |
|  | $50 \%$ |  | $50 \%$ |
| $0.75 \%$ | $33-1 / 3 \%$ |  | $56-2 / 3 \%$ |
| $1.0 \%$ | $25 \%$ |  | $75 \%$ |

In the case of a county, the following amounts are added to the county levy base in calculating certified shares: (1) the property taxes imposed by the county in 1999 for its welfare and welfare administration funds; and (2) if the county received a CAGIT or COIT certified distribution in 2008, the property taxes imposed by the county in 2008 for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund, and children with special health care needs county fund.

The following changes affect the CAGIT distribution base:
(1) A taxing unit's share of LPTRC or certified shares received in previous year are added to the unit's current levy base.
(2) The property tax levy for all debt service incurred by a unit after June 30, 2005, is subtracted from the unit's levy base.

ALLOCATION: The certified distribution is allocated to each county treasurer from a CAGIT special account (within the state General Fund) in equal shares in May and in November. There is a special quarterly allocation schedule for Porter County the first 18 months
after a tax goes into effect. Before October 2 of each year, the Department of State Revenue must notify each county treasurer of the balance in that county's account at the end of the preceding year.

## COUNTY ECONOMIC DEVELOPMENT INCOME TAX (CEDIT)

ACCT. NO. 1000-790010
TAXPAYER: An individual who on January 1 resides in a taxing county, or who maintains their principal place of employment or business in a taxing county but does not reside in a county that imposes the County Adjusted Gross Income Tax, the County Option Income Tax, or the County Economic Development Income Tax.

COUNTY RESIDENCY DETERMINATION: If a taxpayer changes the location of his residence to another county in Indiana during a calendar year, his liability for CEDIT will not be affected. However, if a taxpayer changes his residence to a county in which the individual begins employment or business at a qualified economic development tax project (IC 36-7-27-9), the individual's adjusted gross income attributable to employment or business at the qualified economic development tax project is immediately taxable by the new county instead of being taxable beginning January 1 of the following calendar year.

PRINCIPAL PLACE OF EMPLOYMENT OR BUSINESS DETERMINATION: If a taxpayer changes the location of his principal place of employment or business to another county in Indiana during a calendar year, his liability for CEDIT will not be affected. However, if a taxpayer changes his principal place of employment or business to a qualified economic development tax project (IC 36-7-27-9), and does not reside in another county in which CEDIT is in effect, the individual's adjusted gross income attributable to employment or business at the qualified economic development tax project is immediately taxable by the new county instead of being taxable beginning January 1 of the following calendar year.

TAX BASE: Indiana Individual Adjusted Gross Income.
DEDUCTIONS AND EXEMPTIONS: Identical to those for the Indiana Individual Adjusted Gross Income Tax.

CREDITS: A portion of the federal credit for elderly and totally disabled.

RATE: CEDIT may be imposed at the following tax rates: $0.1 \%$ $0.2 \% 0.25 \% 0.3 \% 0.35 \% 0.4 \% 0.45 \%$ and $0.5 \%$ (with certain exceptions). In counties that impose CAGIT and CEDIT, the
combined rates may not exceed $1.25 \%$ (with certain exceptions). In COIT counties, the combined COIT/CEDIT rate may not exceed $1 \%$ (with certain exceptions).

Counties decreasing their CAGIT or COIT rates may not adopt CEDIT or increase their CEDIT rates in the same year.

RATE EXCEPTIONS: Hancock County may adopt a maximum CEDIT rate of $0.15 \%$ for purposes of replacing public library property taxes, under certain circumstances, via property tax replacement credits. Additional revenue generated by an additional rate may be used for CEDIT purposes in accordance with current law. Knox County may impose a maximum CEDIT rate of $0.5 \%$ to construct a jail or renovate an existing jail. Counties may exceed the CEDIT rate limit and the combined CAGIT/CEDIT and COIT/ CEDIT rate limits by up to $0.25 \%$ to provide additional Homestead and Residential Credits to mitigate the effects of a $100 \%$ business inventory deduction on homeowners and other residential property owners. Howard County and Scott County may not exceed a combined CEDIT/COIT rate of $1.25 \%$. Jasper County may not exceed a combined CEDIT/COIT rate of 1.5\%. Monroe County may not exceed a combined CEDIT/COIT rate of $1.25 \%$ if an ordinance is adopted under IC 6-3.5-6-33.

PROCEDURE: CEDIT is paid to the Department of State Revenue at the same time as the state's Individual Adjusted Gross Income Tax.

ADMINISTRATION: Income Tax Division, Department of State Revenue.

CERTIFIED DISTRIBUTION: The amount of CEDIT revenue to be distributed to a county during an ensuing calendar year equals the amount of revenue the Department of State Revenue, based on State Budget Agency recommendation, determines was reported and actually received from the county in the tax year ending before the calendar year in which the determination is made. The amount is determined based on reported collections less any refunds made for overcollection of the tax before July 1 of the year in which the determination is made. This amount, less refunds, is as reported and processed by the Department of State Revenue and the amount is certified to the county auditor and the Department of Local Government Finance by September 1 each year.
of State Revenue may certify to an adopting county an amount that is less than the amount reported and processed if the Department, after reviewing the recommendations of the State Budget Agency, determines that such action is necessary to offset overpayments made in previous calendar year certified distributions.

Before October 2 each year, the Department of State Revenue must determine, with State Budget Agency recommendation, if a sufficient balance exists in the county account in excess of the amount necessary for certified distributions to the county in the ensuing year. Any excess balance is paid in a supplemental distribution in January following the determination. The supplemental distribution must be allocated the same way as certified distributions, but are deposited in the county civil taxing unit's rainy day fund.

In the case of a county, the following amounts are used in calculating distributive shares: (1) the property taxes imposed by the county in 1999 for its welfare and welfare administration funds; and (2) if the county received a CEDIT certified distribution in 2008, the property taxes imposed by the county in 2008 for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund, and children with special health care needs county fund.

ALLOCATION: The certified distribution is allocated to the county auditor from a CEDIT special county account (within the state General Fund) for distribution to counties, cities, and towns that have a capital improvement plan. Uses of revenue include economic development, capital projects, private developer loan interest, for a regional venture capital fund, or any other lawful purpose under which any other fund may be used.
Distributive shares are based on total property taxes first due and payable to the county, town, or city during the calendar year in which the month falls. However, a county that adopted CEDIT after June 1, 1992, may elect to distribute CEDIT shares based on population figures.

The certified distribution is allocated in May and in November of each year and can be used for economic development projects (or hazardous waste cleanup in certain counties). In counties that have imposed CAGIT and COIT, CEDIT revenues may be used for capital projects. Counties may also use a portion of CEDIT revenues to provide additional Homestead Credits up to the total amount of the residential tax shift in the county resulting from a $100 \%$ inventory deduction.

If LaPorte County were to raise their CEDIT rate after April 30, 2005, the revenue first $\$ 3.5 \mathrm{M}$ in raised by the rate increase must be paid to the Northwest Indiana Regional Development Authority. Currently, Porter County uses part of its CEDIT revenue for this transfer.

Before October 2 of each year, the Department of State Revenue must notify each county treasurer of the balance in that county's account at the end of the preceding year.

## COUNTY OPTION INCOME TAX (COIT)

IC 6-3.5-6
ACCT. NO. 1000-700010
TAXPAYER: An individual who on January 1 resides in a taxing county, or who maintains their principal place of employment or business in a taxing county but does not reside in a county that imposes the County Adjusted Gross Income Tax, the County Option Income Tax, or the County Economic Development Income Tax.

COUNTY RESIDENCY DETERMINATION: If a taxpayer changes the location of his residence to another county in Indiana during a calendar year, his liability for COIT will not be affected. However,
if a taxpayer changes his residence to a county in which the individual begins employment or business at a qualified economic development tax project (IC 36-7-27-9), the individual's adjusted gross income attributable to employment or business at the qualified economic development tax project is immediately taxable by the new county instead of being taxable beginning January 1 of the following calendar year.

## PRINCIPAL PLACE OF EMPLOYMENT OR BUSINESS

 DETERMINATION: If a taxpayer changes the location of his principal place of employment or business to another county in Indiana during a calendar year, his liability for COIT will not be affected. However, if a taxpayer changes his principal place of employment or business to a qualified economic development tax project (IC 36-7-27-9), and does not reside in another county in which COIT is in effect, the individual's adjusted gross income attributable to employment or business at the qualified economic development tax project is immediately taxable by the new county, instead of being taxable beginning January 1 of the following calendar year.TAX BASE: Indiana Individual Adjusted Gross Income.
DEDUCTIONS AND EXEMPTIONS: Identical to those for the Indiana Individual Adjusted Gross Income Tax.

CREDITS: A portion of the federal credit for elderly and totally disabled and a credit for taxes imposed by governmental entities outside of Indiana.

RATE: $0.2 \%$ initially for resident county taxpayers (according to the election of each county income tax council) increasing by $0.1 \%$ each year until the rate equals $0.6 \%$. After reaching $0.6 \%$, the county income tax council may pass an ordinance to increase the tax rate by $0.1 \%$ each year until reaching a maximum tax rate of $1 \%$. County income tax councils, by ordinance, may also decrease or freeze their COIT rates. The COIT rate in effect for nonresident county taxpayers is at all times one-fourth of the tax rate imposed upon resident county taxpayers.

RATE EXCEPTIONS: Monroe County may impose an additional COIT tax rate of not more than $0.25 \%$ to fund a juvenile detention center; provides that the additional COIT tax rate of $0.25 \%$ for jail construction allowed in Howard County be adopted in increments of one hundredth percent.

PROCEDURE: COIT is paid to the Department of State Revenue at the same time as the Indiana Individual Adjusted Gross Income Tax.

ADMINISTRATION: Income Tax Division, Department of State Revenue.

CERTIFIED DISTRIBUTION: The amount of COIT revenue to be distributed to a county during an ensuing calendar year equals the amount of revenue the Department of State Revenue, based on State Budget Agency recommendation, determines was reported and actually received from the county in the tax year ending before the calendar year in which the determination is made. The amount is determined based on reported collections less any refunds made for overcollection of the tax before July 1 of the year in which the determination is made. This amount, with refunds accounted for, is as reported and processed by the Department of State Revenue and the amount is certified to the county auditor and the Department of Local Government Finance by September 1 each year.

ADJUSTMENTS TO CERTIFIED DISTRIBUTION: The Department of State Revenue may certify to an adopting county an amount that is less than the amount reported and processed if the Department, after reviewing the recommendations of the State Budget Agency, determines that such action is necessary to offset overpayments made in previous calendar year certified distributions.

Before October 2 each year, the Department of State Revenue must determine, with State BudgetAgency recommendation, if a sufficient balance exists in the county account in excess of the amount necessary for certified distributions to the county in the ensuing year. Any excess balance is paid in a supplemental distribution in January following the determination. The supplemental distribution must be allocated the same way as certified distributions, but is deposited in the county civil taxing unit's rainy day fund.

DISTRIBUTION OF REVENUE: COIT revenue received by the county auditor can be used for the following purposes: (1) to replace property tax revenue lost by taxing units and school corporations due to the allowance of an increased homestead credit; (2) to fund the operation of public communications systems and computer facilities districts; (3) to fund the operation of public transportation corporations; (4) to finance certain economic development project bonds; (5) to fund certain redevelopment initiatives in Marion

County; and (6) to make allocations of distributive shares to civil taxing units.

Except for Marion County, the amount of distributive shares that each civil taxing unit in a county is entitled to receive each month is equal to its share of the property taxes imposed in the county by civil units. The county fiscal body determines if a solid waste management district may receive certified shares.

For Marion County, COIT revenues are distributed according to the schedule in IC 6-3.5-6-18.5, with any excess money distributed to those units whose share of property taxes imposed is greater than its respective factor listed in IC 6-3.5-6-18.5.

IIn the case of a county, the following amounts are used in calculating distributive shares: (1) the property taxes imposed by the county in 1999 for its welfare and welfare administration funds; and (2) if the county received a CAGIT or COIT certified distribution in 2008, the property taxes imposed by the county in 2008 for the county's county medical assistance to wards fund, family and children's fund, children's psychiatric residential treatment services fund, county hospital care for the indigent fund, and children with special health care needs county fund. In Marion County, \$35 M is added to the amounts described in (2) above.

The following changes affect the COIT distribution base:
(1) A taxing unit's certified shares received in previous year are added to the unit's current levy base.
(2) The property tax levy for all debt service incurred by a taxing unit after June 30, 2005, is subtracted from the unit's levy base.

ALLOCATION: One-twelfth of the certified distribution is allocated to each county treasurer on the first day of each month from a COIT special county account within the state General Fund.

## LOIT TO FREEZE PROPERTY TAX LEVY

IC 6-3.5-1.1; 6-3.5-6
TAXPAYER: An individual who on January 1 resides in a taxing county, or who maintains their principal place of employment or business in a taxing county but does not reside in a county that imposes a county tax.

COUNTY RESIDENCY DETERMINATION: Same as CAGIT or COIT.

## PRINCIPAL PLACE OF EMPLOYMENT OR BUSINESS DETERMINATION: Same as CAGIT or COIT.

TAX BASE: Indiana Individual Adjusted Gross Income
DEDUCTIONS AND EXEMPTIONS: Identical to those for the Indiana Individual Adjusted Gross Income Tax.

CREDITS: A portion of the federal credit for elderly and totally disabled and a credit for taxes imposed by government entities outside of Indiana.

RESIDENT RATE: The tax is adopted by the county council in CAGIT counties and the COIT council in COIT counties. Either entity may adopt the tax in a county that has neither CAGIT nor COIT. However, in Lake County the county council is the adopting authority. The rate of the LOIT to Freeze Property Tax Levy may not exceed $1 \%$. The first year the tax rate is imposed, the tax rate shall be set for each of the following two years. In the initial adoption year, the rate is doubled. However, the Marion County rate in the initial year would be set at 1.5 times the rate needed to replace levies. The rate may not be reduced or rescinded, but the rate may be increased each year to replace the property tax levy growth that would otherwise occur. If a county imposes a LOIT to Freeze Property Tax Levy, it must impose a LOIT tax rate that will generate the civil unit operating levy growth amount. The rate is determined by the Department of Local Government Finance by June 30, each year.

NONRESIDENT RATE FOR CAGIT COUNTIES: If a county has previously adopted a CAGIT rate, the nonresident taxpayer rate remains at $0.25 \%$. However, if a county has not previously adopted a CAGIT rate, the rate imposed to nonresident taxpayers is $0.25 \%$.

NONRESIDENT RATE FOR COIT COUNTIES: If a county adopts a COIT rate to freeze the property tax levy, the rate imposed to nonresident taxpayers is $1 / 4$ of the additional rate.

PROCEDURE: Adopting counties must adopt an ordinance to impose a LOIT rate by July 31 of the year before the levy freeze, except in 2007 and 2008 when the adoption deadline is December 31. The LOIT rate is imposed from October 1 of the adoption year through September 30 of the following year. The tax rate remains in effect until the adopting authority increases the rate. LOIT to Freeze Property Tax Levy is paid to the Department of State Revenue at the same time as the state's Individual Adjusted Gross Income Tax. Operating levies are frozen in a year in which the LOIT replaces levy growth.

ADMINISTRATION: Department of Local Government Finance, Department of State Revenue.

CERTIFIED DISTRIBUTION: Same as CAGIT or COIT.

## ADJUSTMENTS TO CERTIFIED DISTRIBUTION: Same as CAGIT or COIT.

DISTRIBUTION OF REVENUE: The levy replacement revenue is distributed by the county treasurer to the applicable civil taxing units. LOIT proceeds that exceed the levy replacement amount are to be deposited into the respective county's stabilization fund. Money in the fund may be distributed to the taxing units in the county in a year when the certified LOIT distributions are less than calculated levy growth for the year.

ALLOCATION PROCEDURE FOR CAGIT: One-half of each adopting county's certified distribution for a calendar year shall be distributed from its account to the appropriate county treasurer on May 1 and the other one-half on November 1 of that calendar year.

ALLOCATION PROCEDURE FOR COIT: One-twelfth of the certified distribution is allocated to each county treasurer on the first day of each month from a COIT special county account within the state General Fund.

Lake County may adopt one of three alternative distribution methods: (1) revenue is used to proportionately reduce levies imposed; (2) revenue collected within a local unit is used to provide a uniform property tax credit in that unit; or (3) $60 \%$ of the revenue is used as described in (2) above and the remainder distributed to the county, townships, and municipalities on a per capita basis to reduce the units' levies.

## FOOD AND BEVERAGE TAX

IC 6-9
ACCT. NO. 3220-110200 through 119400
TAXPAYER: Purchasers of food and beverages prepared for consumption at a location or on equipment provided by a retail merchant. As of $1 / 1 / 2004$, this includes food or beverages sold in a heated state or heated by seller. The tax also includes two or more food ingredients combined by seller as single item (with certain exceptions) and food sold with eating utensils provided by seller.

TAX BASE: Gross retail income received by merchant from sale of food and beverage.

RATE: 1\% of the sale price. An alternative 1\% is allowed for units adopting under IC 6-9-35 for a combined rate of $2 \%$.

PROCEDURE: The tax is paid to the Department of State Revenue at the same time as the Sales Tax. Certain counties have the option to collect the food and beverage tax locally.

EXEMPTIONS: Any furnishing of food or beverages that is exempt from state Sales Tax liability.

ADMINISTRATION: Sales Tax Division, Department of State Revenue

DISTRIBUTION: Revenue from the tax is paid monthly by the State Treasurer to the unit upon warrants issued by the State Auditor.

Doughnut counties that have adopted the food and beverage tax under IC 6-9-35, have 50\% of their revenue collections transferred to the Marion County Capital Improvement Board (MCCIB) to construct the new Marion County stadium and expand/improve the Indiana Convention Center. If total collections transferred to MCCIB were to reach $\$ 5 \mathrm{M}$ in a given year, any revenue transferred to the MCCIB in excess of the $\$ 5 \mathrm{M}$ would be returned to those counties.

The remaining $50 \%$ of collections are retained by a doughnut county to assist with the county's budget, reduce the county's property tax levy, or be used for any legal or corporate purpose. These purposes may include issuing of bonds, entering of leases, or payment of other financial obligations. Upon retirement of debt incurred by the MCCIB for the stadium and convention center, the county retains $100 \%$ of revenue collected until repeal of the tax.

## INNKEEPER'S TAX

IC 6-9
ACCT. NO. 3220-100000
TAXPAYERS: Guests at hotels, motels, etc.
TAX BASE: Gross income derived from lodging income.
RATE: Varies by county as specified by statute or adopted by county fiscal body. May not exceed 5\% if adopted under IC 6-9-18. The rate in Allen, Marion, St. Joseph, and Vanderburgh Counties is 6\%. Marion County rate increased to 9\% in FY 2006.

PROCEDURE: For counties not collecting and administering the tax locally, the tax is remitted to the Department of State Revenue at the same time as Sales Tax.

ADMINISTRATION: County Treasurer; County Auditor; Sales Tax Division, Department of State Revenue

## DEFINITION OF PROPERTY TAX TERMS

Abstract Assessed Value: The actual value used to create tax bills. Changes to assessments after AV is certified can cause abstract AV to differ from certified AV.

Abstract Levy: The product of the abstract net assessed value multiplied by the tax rate.

Assessed Valuation: Before 2002, assessed value was equal to $33-1 / 3 \%$ of the true tax value of property. Currently, assessed value equals $100 \%$ of true tax value.

Budget (or Certified) Levy: The property tax levy that is certified by the Department of Local Government Finance at the time the unit's budget is approved.

Certified Assessed Value: The net assessed value certified by the county auditor for use in preparing budgets and calculating tax rates.

County Abstract: The document used by the county auditor to record assessed values, deductions, exemptions, and taxes charged based on actual property tax billings. The Auditor of State uses the abstract for settlement with the county.

Levy: The total amount of income expected to be raised from property taxes by a governmental unit.

Personal Property: Tangible property not permanently affixed to and a part of real estate. Includes business depreciable property and mobile homes.

Real Property: Land and improvements considered permanent fixtures. Gaming riverboats are also assessed as real property.

Tax Base: The total net assessed valuation of real and personal property.

Tax Rate: Expressed as a dollar rate per $\$ 100$ of assessed value (i.e., $\$ 1.50$ per $\$ 100$ AV). Tax Rate = Budget Levy/Certified AV x 100.

True Tax Value: The term used in determining the assessed valuation of property. The rules of the Department of Local Government Finance are the basis for determining true tax value.

## LOCAL PROPERTY TAXES

IC 6-1.1
TAXPAYER: Owners of real property and tangible personal property located in Indiana on the date of assessment. The assessment date for mobile homes assessed as personal property is January 15; and for all other personal and real property, March 1.

TAX BASE: The property tax is imposed on real property and on certain types of personal property. Personal property subject to assessment includes the following: machinery and equipment; advertising devices, such as billboards located on real property not owned by the owner of the devices; airplanes not subject to the Aircraft Excise Tax; mobile homes not on a permanent foundation; and equipment or machine foundations not supporting a building.

EXEMPTIONS: Property owned by the following entities may be partially or totally exempt: government; corporations organized to perpetuate the memory of soldiers and sailors; not-for-profit corporations organized to promote the fine arts; public libraries; fraternal benefit associations; college fraternities and sororities; YMCA; YWCA; Salvation Army; K of C; YMHA; Boy Scouts; Girl Scouts; not-for-profit water companies and sewage disposal companies; air and water pollution equipment; property used for educational, scientific, literary, religious, or charitable purposes; certain veterans' organizations; county or district agricultural associations; and cemetery corporations, firms, or associations.

Additional exemptions include: real property used to dispense gratuitously medicine and medical advice by an entity that exists for that purpose; all inventory; property owned by an Indiana not-for-profit corporation and used in the operation of a licensed health care facility, a residential facility for the aged, or a Christian Science home or sanitorium; hospital property used to furnish goods or services to other hospitals, and property owned by a shared hospital services organization; personal property owned by a coal mining operation used to meet reclamation standards; and property acquired by a nonprofit organization for renovating or erecting a single family residence that will be given away or sold in a charitable manner. In addition, qualified wildlife habitat or
riparian land may be classified and assessed at $\$ 1$ per acre. Land classified as a filter strip is assessed at $\$ 1$ per acre.

CREDITS: A property tax credit reduces a taxpayer's net property tax liability.

Circuit Breaker Credit: Taxpayers who own certain types of property are entitled to a credit if the net tax due on the property exceeds the applicable AV threshold. The credit is equal to the excess tax over the threshold.
Qualifying Property is as follows:
2007: Available only in Lake County to homesteads. The AV threshold is $2 \%$ of gross AV. The credit is reduced by the amount of the credit attributable to the school general fund.

2008: The credit applies to all homesteads in all counties. The AV threshold is $2 \%$ of gross AV . The net tax paid for the school general fund is removed from the calculation.

2009: The credit applies to all property at the following AV thresholds: $1.5 \%$ for homesteads, $2.5 \%$ for all other residential property, commercial apartments, and farmland; 3.5\% for all other real and personal property.

2010 and later: The credit applies to all property at the following AV thresholds: $1.0 \%$ for homesteads, $2.0 \%$ for all other residential property, commercial apartments, and farmland; $3.0 \%$ for all other real and personal property.

Beginning in 2009, the amount of the net tax bill that is attributable to debt incurred before July 1, 2008, in Lake and St. Joseph Counties is excluded from the calculation.

Qualifying seniors will receive an additional credit if (a) their homestead $A V$ is less than $\$ 160,000$, (b) their income does not exceed $\$ 30,000$ ( $\$ 40,000$, if married), and (c) the year-to-year increase in net tax on the homestead, after all other credits, exceeds $2 \%$.

This credit reduces the property tax collected and distributed to the civil taxing units and school corporations (except school general fund through 2008) that provide service to the property receiving the credit. Taxing units are required to make all debt payments.

State Property Tax Replacement Credit: This credit equals 20\% of qualifying levies on real property and nonbusiness personal property. Beginning in 2003, the state also pays a PTRC equal to $60 \%$ of the gross school general fund levy on all property. Beginning in CY 2007, these credit percentages are adjusted for the appropriation limit.

| Payments: | CY 2003 | $\$ 1,660,099,000$ |
| :--- | :--- | :--- |
|  | CY 2004 | $\$ 1,715,860,574$ |
|  | CY 2005 | $\$ 1,735,844,791$ |
|  | CY 2006 | $\$ 1,810,885,400$ |
|  | CY 2007 | $\$ 1,787,623,573$ |

State Homestead Credit: Beginning in 2003, the homestead credit is equal to $20 \%$ of the net levy on qualifying funds. For 2006 only, the credit was raised to $28 \%$.

|  |  |  | Credit $\%$ |
| :--- | ---: | ---: | ---: |
| Payments: | CY 2003 | $\$ 209,565,533$ | $20 \%$ net |
|  | CY 2004 | $\$ 228,845,262$ | $20 \%$ net |
|  | CY 2005 | $\$ 235,162,785$ | $20 \%$ net |
|  | CY 2006 | $\$ 365,122,700$ | $28 \%$ net |
|  | CY 2007 | $\$ 267,996,878^{\star *}$ | $20 \%$ net $^{*}$ |

*Adjusted for appropriation limit.
**An additional $\$ 870 \mathrm{M}$ was also appropriated for one-time additional homestead credits in CY 2008.

NOTE: This note applies to the State Property Tax Replacement Credit and the State Homestead Credit. The total appropriation for PTRC and traditional homestead credits in CY 2008 is $\$ 2,028.5 \mathrm{M}$. In CY 2008, PTRC percentages will be proportionally reduced if the total credit payouts at the full percentages would exceed the appropriation. There will be no PTRC or traditional homestead credits paid after CY 2008. Special state homestead credits of \$140 M in CY 2009 and $\$ 80$ M in CY 2010 have been appropriated.

Counties that adopt the County Option Income Tax (COIT) may provide up to $8 \%$ in additional homestead credits paid from COIT revenues. The $8 \%$ maximum rate is adjustable to negate the effects of using only operating funds as a base for calculation.

Counties may also provide additional homestead credits to offset the shift to homeowners from the inventory exemption. These credits are funded from the County Economic Development Income Tax (CEDIT).

In addition, counties may provide additional credits to homesteads, residential property, all property, or any combination thereof from the proceeds of a local option income tax.

DEDUCTIONS: A property tax deduction reduces the taxable assessed value of property, resulting in the net AV amount. Property tax deductions are described in the table following this section.

CURRENT PROPERTY TAX CONTROLS: Beginning in CY 2006, a local taxing unit's maximum permissible tax levy is equal to the previous year's maximum levy minus one-half of any unused levy authority, then increased by the six-year average growth in Indiana nonfarm personal income. The growth factor for Lake County civil units is equal to 1.0 (no growth) for any year in which the county has not imposed a 1\% CAGIT or COIT tax rate. A unit may appeal to increase its levy if its assessed value growth exceeds the statewide AV growth by at least $2 \%$. Units may also file other petitions with the Department of Local Government Finance for increases in maximum levies. Beginning with 2009 property tax levies, the Department may grant permission, under IC 6-1.1-18.513 and 6-1.1-18.5-16, for a civil taxing unit to increase its levy in excess of limitations for any of the following reasons:

- Costs resulting from annexation.
- Growth factor relief.
- Shortfalls due to erroneous AV.
- To continue the annual reallocation of CAGIT PTRC in the city of Goshen.
- Relief if a civil taxing unit cannot carry out its governmental function under the levy limitations due to a natural disaster, an accident, or another unanticipated emergency.

Under IC 20-46-4-10, the DLGF may grant permission to a school corporation to raise its transportation levy in excess of limitations if transportation operating expenses have increased by more than $10 \%$ over the previous year.

PROCEDURE: Property tax payments are based on net AV and tax rates. Local assessors determine the AV of personal property annually and real property periodically. New improvements are assessed in the year they are made. Annual adjustments are made to real property values (trending). The next general reassessment of real property is scheduled for the 2011 pay 2012 tax year.

The Department of Local Government Finance reviews budgets,
tax rates, and levies of all political subdivisions and certifies its action by February 15. County treasurers collect the tax payments in May and November. If the property has an annual tax liability less than $\$ 25$, the county legislative body may require the taxpayer to make one annual payment before May 10. The Indiana Board of Tax Review reviews assessments upon appeal.

ADMINISTRATION: Department of Local Government Finance; Indiana Board of Tax Review.

DISTRIBUTION: Civil taxing units and schools.

TIF SUMMARY

## All Property:

Non-TIF TIF

Total All Property
Notes:
The "levy after rebate" column reduces the abstract net levy by the $\$ 300 \mathrm{M}$ homestead tax rebate for Pay 2007. "Residential" property includes living units in buildings with 1-3 units.

## AIRCRAFT LICENSE EXCISE TAX

IC 6-6-6.5
ACCT. NO. 6000-185800-40240
TAXPAYER: Owners of aircraft required to be registered with the Indiana Department of State Revenue.

TAX BASE: The weight, class, and age of the aircraft determine taxes owed.

| Class A | Piston-driven |
| :--- | :--- |
| Class B | Piston-driven, pressurized |
| Class C | Turbine-driven |
| Class D | Homebuilt, gliders, or hot air balloons |

| Age | $\underline{\text { Class A }}$ |  | Class B | Class C |
| :--- | :--- | :--- | :--- | :--- |

EXEMPTIONS: Aircraft owned and exclusively used by governmental entities; aircraft owned by nonresidents and registered out of state (however, these aircraft are not exempt if operated in Indiana more than 60 days); aircraft which federal law or the Constitution prohibit Indiana from taxing; and aircraft owned by nonresident air carriers or air taxies.

CREDITS: Any excess disabled veteran property tax deductions not used against the veteran's property or motor vehicles.

PROCEDURE: The excise tax must be paid before the aircraft can be registered. When an aircraft is acquired after the annual registration date, the excise tax is reduced by $10 \%$ for each calendar month after the registration date. When an aircraft is sold by an owner who has paid the excise tax, a credit of $10 \%$ per month may be applied to the tax due on any aircraft purchased in the same year.

ADMINISTRATION: Aeronautics Section, Department of State Revenue

REVENUE: FY 2004 \$641,757
FY 2005 \$753,374
FY 2006 \$592,574
FY 2007 \$580,083
FY 2008 \$617,901
DISTRIBUTION: Revenues are distributed on a quarterly basis to the county where the aircraft is usually located when it is not being operated. However, in Allen County, the funds go to the Ft. Wayne Airport Authority quarterly.

## AUTO RENTAL EXCISE TAX

IC 6-6-9
ACCT. NO. 6000-120900-40450
TAXPAYER: Any person who rents an automobile or truck weighing less than 11,000 pounds for a period of less than 30 days.

TAX BASE: The gross retail income the retail merchant receives for the rental.

RATE: 4\% of the gross retail income from the transaction.
PROCEDURE: Same manner as the Sales Tax.
EXEMPTIONS: Trucks weighing over 11,000 pounds, and vehicles leased as part of a funeral.

ADMINISTRATION: Department of State Revenue
REVENUE: FY 2004 \$8,940,877
FY 2005 \$8,840,761
FY 2006 \$8,791,768
FY 2007 \$9,739,709
FY 2008 \$10,894,821
DISTRIBUTION: On May 20 and November 20, all amounts held in the Auto Rental Excise Tax Account are distributed to counties. The amount distributed equals that part of the tax initially imposed and collected from within the county. The county auditor apportions and the county treasurer distributes the taxes among the taxing units in the county. The distribution will be in the same manner that property taxes are apportioned and distributed.

## COMMERCIAL VEHICLE EXCISE TAX

## IC 6-6-5.5

ACCT. NO. 6990-101000
TAXPAYER: Owners of Indiana-based and out-of-state vehicles subject to IRP registration and owners of Indiana-based trucks, tractors, trailers, semitrailers, and truck-tractors subject to registration with the Bureau of Motor Vehicles.

TAX BASE: Vehicle registration fee based on the plated weight of the vehicle.

RATE: The tax rate is set annually by dividing the predetermined base revenue amount by the amount of total commercial vehicle registration fees received in the previous fiscal year. The resulting factor is applied to the current statutory registration fees to determine the Commercial Vehicle Excise Tax (CVET) amount. IRP registration fees are apportioned based on interstate mileage, resulting in a mileage apportionment for CVET fees as well. CVET fees are reduced by $50 \%$ for farm vehicles.

PROCEDURE: The Bureau of Motor Vehicles is required to collect the Commercial Vehicle Excise Tax paid by owners of intrastate commercial vehicles, and the Department of State Revenue is required to collect the tax paid by owners of interstate commercial vehicles. Tax owed by out-of-state-based commercial vehicles is collected by the IRP authority in the state of registration.

Indiana-based taxpayers who own vehicles subject to the CVET filed an information return along with their personal property tax return in CY 2000. The State Tax Board determined each taxing unit's base revenue for CY 2001 by applying the 2000 property tax rate to the assessed value compiled from the information returns. The base revenue amount is increased by 5\% annually.

Tax collections are placed in the Commercial Vehicle Excise Tax Fund and distributed by the Auditor of State to the county auditors for distribution to local units. A portion of the revenue is retained by the state. The amount retained equals the CVET distributions that would have been based on property tax levies for the school general fund, preschool special education fund, child welfare funds, and the health care for the indigent fund if the state had not assumed funding beginning in 2009.

EXEMPTIONS: Trucks gross-plated for less than 11,000 pounds and subject to the Motor Vehicle Excise Tax.

TAXPAYER: Owners of passenger cars, motorcycles, and trucks with a declared gross weight of 11,000 pounds or less.

TAX BASE: The vehicle's base or factory-advertised delivered price and year of manufacture.

RATE: The Excise Tax rate schedule that follows was first effective for calendar year 1996.

Beginning in 1996, most Excise Tax rates were reduced by up to $50 \%$. Rates greater than $\$ 100$ were reduced by $50 \%$. Rates between $\$ 50$ and $\$ 100$ were reduced to $\$ 50$. Rates under $\$ 50$ were not changed.

Transfers from the Lottery and Gaming Surplus Account replace part of the local lost revenue due to the reduced rates (IC 4-30-173.5). The scheduled transfer amount is $\$ 236.2 \mathrm{M}$ per year.

In addition, there is a $\$ 0.2 \mathrm{M}$ annual transfer from the state General Fund.

EXEMPTIONS: Vehicles owned or leased by the federal, state, or local government; mobile homes and motor homes; vehicles assessed under the Public Utility Tax Law, trucks weighing over 11,000 pounds, trailers, semi-trailers, tractors, and buses; vehicles held in inventory by manufacturers, dealers, and distributors; and vehicles owned or leased and operated by an institution of higher education.

If an individual sells a vehicle and does not purchase another vehicle, or if the amount of the credit to be applied to a newly purchased vehicle exceeds the amount of tax owed on the newly purchased vehicle by $\$ 4$ or more, then a refund is issued by the Bureau of Motor Vehicles. \$3.00 of the refund is deducted and transferred to the Bureau of Motor Vehicles Commission.

The credit equals $\$ 2$ for each $\$ 100$ of unused deductions. An owner of a motor vehicle totally destroyed and not replaced may receive a credit equal to $10 \%$ of the tax paid for each full month remaining in the registration year. An owner of passenger vehicles or trucks who regularly rents those vehicles for 30 days or less to an individual is entitled to a credit for the Motor Vehicle Excise Tax paid for those rented vehicles. The credit is equal to the lesser of the Excise Tax liability due for those vehicles in a registration year or the total Auto Rental Excise taxes collected during the immediately preceding registration year.

Refunds for Excise Tax may be processed for (1) name changes; (2) destroyed vehicles; or (3) vehicles registered out of state for same period of time tax was paid to Indiana with supporting documents. Refunds may not exceed $90 \%$ of amount paid.

The owner of a vehicle registered with the Bureau is entitled to a refund of taxes paid under this chapter if after the owner's regular

(2) $10 \%$ of the annual license excise tax paid for use of the vehicle for each full or partial calendar month between the date the annual license excise tax was due and the date the owner registered the vehicle for use in another state.

To claim the refund provided by this section, the owner of the vehicle must provide the Bureau with:
(1) a request for a refund on a form furnished by the Bureau; and
(2) proof that the tax was paid.

PROCEDURE: The excise tax must be paid when the vehicle is required to be registered according to the annual registration chart below. Payment is made to a license branch in the vehicle owner's county of residence.

When a vehicle is acquired after the annual registration date, the excise tax is reduced by $10 \%$ for each calendar month after the registration date. When a vehicle is sold by an owner who has paid the excise tax, a credit of $10 \%$ per month may be applied to the tax due on any vehicle purchased in the same year or the following registration year. A registrant who sells a vehicle and replaces it with another vehicle whose excise tax is less than the previous vehicle's liability is entitled to a credit.

## WATERCRAFT EXCISE TAX

IC 6-6-11
TAXPAYER: Owners of motorized boats and sailboats.
TAX BASE: The boat's base or factory-advertised delivered price and year of manufacture.

RATE: Effective January 1, 1994. The amount of boat excise tax that a boat owner pays for a boating year is based on the boat's class and age. Motorized boats and sailboats are classified for excise tax purposes according to the value of the boat when the boat was new. The amount of excise tax for a boating year that is imposed for a motorized boat or sailboat is set forth in the following table:

PROCEDURE: A boat owner must pay the boat excise tax, the Department of Natural Resources' fee, and the Lake and River Enhancement Fee for a boating year to the Bureau of Motor Vehicles. The tax and fees must be paid at the same time that the boat owner pays or would pay the registration fee and motor vehicle excise taxes on motor vehicles under IC 9-18 and IC 6-65.

For a boat acquired or brought into Indiana after the regular annual tax payment date in the boating year on or before which the owner is required to pay the tax, the tax is due no later than the thirty-
second day after the boat is operating in Indiana, if the boat is registered in Indiana, or the twenty-second consecutive day during the boating year that the boat is stored in Indiana or operated, used, or docked in Indiana. The amount of the excise tax to be paid by the owner for the remainder of the year is reduced by $10 \%$ for each full calendar month which has elapsed since the regular annual payment date.

CREDITS: Credits may be issued when a person sells a boat and may be used for the same registration year or the next full registration year.

REFUNDS: Refunds for excise tax may be processed if the boat is destroyed and is not replaced by a replacement boat for which a credit is issued. The refund is equal to $10 \%$ of the excise tax paid for each full calendar month remaining in the tax payment year after the date of destruction. A refund may not exceed $90 \%$ of the
excise tax paid on the destroyed boat.
To claim a refund, the owner must provide the Bureau of Motor Vehicles with: (1) a request for refund on a form furnished by the Bureau; (2) a statement of proof of destruction on an affidavit furnished by the Bureau; and (3) the tax payment form for the boat.

IC 6-6-11 provides for the payment and collection of excise tax on watercraft. Excise Tax is assessed based on the class and age of the watercraft. Class is based on the value when new. Watercraft Excise Tax is distributed by the State Auditor on a monthly basis.

ABANDONED MINE LANDS<br>IC 14-34-6 ACCT. NO. 3450-118800-42000;42100; 49040

REVENUE BASE: Civil penalties and forfeited bonds are deposited in the Post-1977 Abandoned Mine Reclamation Fund. Money collected from civil penalties may be used in two ways: (1) To supplement forfeited bonds for site reclamation of lands on which there has been surface mining activity after August 3, 1977; (2) To provide a guaranteed Indiana Bond Pool Fund balance of \$500,000.

Coal operators are required to maintain bonds on permitted areas until reclamation is completed. Bond amounts vary, but must be at least $\$ 10,000$. If the land is not properly restored, the bond is forfeited and used to reclaim the site. Forfeited bonds are sitespecific in that they must be used on the site for which the bond was forfeited.

C. $53 \%$ to the State Department of Transportation.
III. Highway, Road, and Street (HRS) Fund receives 25\% of the Gas Tax, 25\% of the Special Fuel Tax, increased fees under IC 9-1-1, and $25 \%$ of the alternative fuel use decal revenue.
A. State Highway Fund--Department of Transportation receives $55 \%$ of the amount in the HRS fund plus all revenues from the Motor Carrier Fuel Tax, and $45.5 \%$ of the Motor Carrier Surtax.
B. Local Road and Street Account -- receives $45 \%$ of the amount in the HRS Fund. This fund is distributed to each county based on county passenger car registrations as
compared to total passenger car registrations.

## 1. Suballocation

a) Counties with a population of more than 50,000
i) $60 \%$ based on population of unit to total population of the county.
ii) $40 \%$ on ratio of unit's street mileage to total road mileage in the county.
b) County population of 50,000 or less
i) $20 \%$ based on population of unit to total population of the county.
ii) $80 \%$ on ratio of unit's street mileage to total road mileage in the county.
IV. Special Distribution Account consists of $\$ 25$ million from Gas Taxes and the first $\$ 25$ million from Special Fuel Taxes. Forty percent is distributed to the INDOT; $30 \%$ to cities, towns, and counties based on local road and street formulas; and 30\% to cities, towns, and counties based on the Motor Vehicle Highway formula.

## MAJOR MOVES CONSTRUCTION FUND

REVENUE BASE: A one-time lease payment for operation of the Indiana Toll Road less costs was deposited into the Major Moves Construction Fund in FY 2007. The Next Generation Trust Fund transfers interest earned to the Major Moves Construction Fund every five years. Other potential revenue sources include appropriations to the Fund; gifts, grants, loans, bond proceeds, and other money received; future leases of tollways or toll roads, payments made by operators to the Indiana Finance Authority; and interest, premiums, or other earnings.

## ADMINISTRATION: INDOT

DISTRIBUTION: Money in the Fund may be used to pay any obligation incurred by the Indiana Finance Authority, INDOT, or an operator in connection with the execution and performance of public-private agreements for tollways or toll roads, for lease payments to the Indiana Finance Authority; and to fund projects in INDOT's transportation plan. Money in the fund may not be used in connection with a public-private agreement concerning a passenger or freight railroad system.

Upon execution of the lease of the Indiana Toll Road several statutory distributions to local units and for certain purposes were triggered, including:
