ACTING EXECUTIVE DIRECTOR

January 15, 2007

Senator Joseph C. Perry, Chair;
Representative John F. Piotti, Chair; and
Members of the Joint Standing Committee on Taxation:

Maine Revenue Services is pleased to submit to the Committee a detailed report on state income tax and sales tax expenditures. For purposes of this report, 36 M.R.S.A. § 199-B defines tax expenditure as any provision of state law that results in the reduction of tax revenue due to special exclusions, exemptions, deductions, credits, preferential rates or deferral of tax liability.

We have excluded from the definition tax expenditures that are (1) required under federal mandate (e.g., the sales tax exclusion for food stamp purchases), (2) created at the state level to maintain conformity with traditional tax law when the federal government deviates from that law because it creates credits that the state does not adopt (e.g., the subtraction modification associated with federal work opportunity credit), or (3) the result of the state taxing certain activities under a different tax system (e.g., income of a financial institution that is an S corporation).

This report does not provide recommendations regarding the amendment, repeal or replacement of any tax expenditure. Such recommendations are traditionally made by the Administration.

This is the first formal issuance of this report. As such, we would appreciate any suggestions the Committee may have on how to improve it.

If you have any questions, please do not hesitate to contact me.

Sincerely,

Jerome D. Gerard

Section 1: TAX EXPENDITURES

State law requires Maine Revenue Services to provide two tax expenditure reports in January of every odd-numbered year. The first report must be included in the State budget document.

5 M.R.S.A. §1664 provides that the document specifically include

. . . the estimated loss in revenue during the last completed fiscal year and the fiscal year in progress, and the anticipated loss in revenue for each fiscal year of the ensuing biennium, caused by the tax expenditures provided in Maine statutes; the term "tax expenditures" means those State tax revenue losses attributable to provisions of Maine tax laws which allow a special exclusion, exemption or deduction or which provide a specific credit, a preferential rate of tax or a deferral of tax liability.

The second report, required by 36 M.R.S.A. § 199-B, must be submitted to the Joint Standing Committee on Taxation. This report must contain

. . . a summary of each tax expenditure, a description of the purpose and background of the tax expenditure and the groups likely to benefit from the tax expenditure, an estimate of the cost of the tax expenditure for the current biennium, any issues regarding tax expenditures that need to be considered by the Legislature, and any recommendation regarding the amendment, repeal or replacement of the tax expenditure.

The Governor's budget submission for the 2008-09 biennium includes the first report. This report meets the second statutory requirement.

The tax expenditure budget is a concept that was developed to assure a budget review process for tax preferences similar to the review required for direct expenditure programs. The federal government and most state governments engage in a periodic review of tax expenditures. At the federal level a "normal" income tax structure is first determined using the broadest possible definition of income. Tax expenditures are reductions in income caused by a special exclusion, exemption or deduction, or reductions in tax liability which provide a tax credit, preferential tax rate or deferral of tax liability. At the state level, this same "normal" tax law reference is used to calculate both sales and income tax expenditures.

Generally, tax expenditures provide tax incentives designed to encourage certain activities by taxpayers or to provide relief to taxpayers in special circumstances. Many tax expenditures are the equivalent of a governmental subsidy in which the foregone tax revenue is essentially a direct budget outlay to specific groups of taxpayers. The object of this report is to identify and estimate the fiscal impact of those provisions of the State tax structure which grant tax benefits analogous to those provided by direct State spending programs.

In developing this report we have excluded from the definition of tax expenditure those expenditures that are (1) established by federal mandate (e.g., the sales tax exclusion for food stamp purchases), (2) created at the state level to maintain conformity with traditional tax law when the federal government deviates from that law because it creates credits that the state does not adopt (e.g., the subtraction modification associated with federal work opportunity credit), or (3) the result of the state taxing certain activities under a different tax system (e.g., income of a financial institution that is an S corporation).

In estimating the revenue loss attributable to a particular tax expenditure, it is assumed that the provision of law granting special tax treatment is repealed and that no other changes in tax law, taxpayer behavior or general economic activity occur as a result of its repeal. Consequently, it should not be concluded that the repeal of any of these tax expenditures will necessarily generate the amount of revenue which they are estimated to forego.

Some tax expenditures are estimated rather accurately from available administrative information or the state's micro-simulation tax models. For a much larger number of expenditures, special data must be developed which is less complete and accurate. Estimates for FY 08 and FY 09 generally assume modest increases in business activity and inflation, based on the economic forecast provided by Consensus Economic Forecasting Committee in February 2006.

Finally, there are some expenditures for which no information exists, and our limited resources prevent any special survey or other data-generation procedures. Estimates for this group are reported as a range in an attempt to place some bounds on the size of the expenditures.

Maine's individual and corporate income tax systems are based on the federal definitions of adjusted gross income and taxable income. Therefore, certain tax expenditures are authorized by continued acceptance of the provisions of the Internal Revenue Code. Unlike sales and excise tax expenditures or state income tax expenditures related to state tax credits or modifications to federal AGI, these are not subject to a systematic, periodic review by the Legislature. In many cases, the basis for identifying, estimating and forecasting income tax expenditures which are derived from federal conformity is either the U.S. Joint Committee on Taxation's *Estimates of Federal Tax Expenditures for Fiscal Years 2006-2010* (April 25, 2006), or the U.S. Treasury Department's estimates from *Analytical Perspective: Budget of the United States Government, Fiscal Year 2007*.

All tax expenditure estimates in this report reflect revenue loss to the General Fund.

**INCOME TAX (Personal and Corporation) and PROPERTY TAX
REIMBUREMENT**

1.001 Reimbursement for business equipment tax exemption to municipalities.

36 M.R.S.A. § 691

Under this provision, qualified business equipment first subject to property tax assessment on or after April 1, 2008 will be exempt from property taxes. The State is required to reimburse municipalities for property revenue loss according to the following schedule: 100% in 2008, 90% in 2009, 80% in 2010, 70% in 2011, 60% in 2012, and for years beginning 2013 and for subsequent years, 50%. Alternate reimbursement may be chosen by municipalities with business property exceeding 5 % of total taxable value. Alternate reimbursement equals 50% of the property tax revenue loss plus one half of the percentage that business personal property represents of the total taxable value plus exempt business personal property value in the municipality. There is also additional reimbursement provided for municipalities with respect to revenues related to tax increment financing revenues used by municipalities on their own qualifying tax increment financing projects.

Reason(s) for exemption

Provides an incentive for business to make new investments that will foster economic development.

Estimated General Fund revenue loss

FY'08 \$0
FY'09 \$11,373,516

Methods used to calculate the revenue loss

Estimates based on the fiscal analysis provided to legislators.

Number of tax payers affected

Fewer than 3,000 taxpayers affected.

1.002 Income tax credit for affordable housing.

36 M.R.S.A. § 5122 (2)(W) & § 5200-A (2)(Q)

For income tax years beginning on or after January 1, 2006, Maine taxable income (AGI) is reduced by capital gains and ordinary income resulting from depreciation recaptured determined in accordance with the Code, Sections 1245 and 1250 realized on the sale of property certified as multifamily affordable housing property by the Maine State Housing Authority.

Reason(s) for exemption

Exemption is granted to claimants to encourage the preservation of affordable housing in Maine. It is expected to expand access to housing for young professionals and young families.

Estimated General Fund revenue loss

FY'08 \$142,677

FY'09 \$149,811

Methods used to calculate the revenue loss

Estimate is based on fiscal analysis provided to the Legislature.

Number of tax payers affected

Number of taxpayers affected is not available.

1.003 Deduction for Social Security benefits taxable at federal level.

36 M.R.S.A. § 5122 (2)(C)

Federal adjusted gross income is reduced by social security benefits and railroad retirement benefits paid by the United States to the extent included in federal adjusted gross income.

Reason(s) for exemption

Federal taxation of social security benefits provides funds to the Social Security Trust Fund. The state does not have this need, therefore social security and railroad retirement benefits are excluded from Maine taxable income.

Estimated General Fund revenue loss

FY'08 \$38,449,404

FY'09 \$40,371,874

Methods used to calculate the revenue loss

Estimate is based on information from the Maine Revenue Services Data Warehouse & the individual income micro-simulation tax model.

Number of taxpayers affected

Estimated 50,000 taxpayers affected.

1.004 Deduction for contributions to capital construction fund.

36 M.R.S.A. § 5122 (2)(I)

For income tax years beginning on or after January 1, 1991, federal adjusted gross income is reduced by the amount by which federal taxable income is reduced for vessel earnings from fishing operations contributed to a capital construction fund.

Reason(s) for exemption

An incentive for taxpayers involved in fishing operations for future maintenance or replacements of fishing vessels.

Estimated General Fund revenue loss

FY'08 \$91,523

FY'09 \$91,523

Methods used to calculate the revenue loss

Estimate source: Tax Expenditure Estimates by Budget Function, Fiscal Years 2006-2010, compiled by the U.S. Joint Standing Committee on Taxation.

Number of taxpayers affected

Fewer than 1,000 taxpayers affected.

1.005 Deduction of premiums paid for long-term health care insurance.

36 M.R.S.A. § 5122 (2)(L&T)

For income tax years beginning on or after January 1, 2004, federal adjusted gross income is reduced by the total premiums spent for qualified long-term care insurance contracts reduced by any amount claimed as a deduction for federal income tax purposes and by the long-term care premiums claimed as an itemized deduction.

Reason(s) for exemption

State law allows for the exclusion from Maine taxable income premiums paid for long-term health care cost. The deduction provides an incentive for taxpayers to save towards extraordinary medical expenses.

Estimated General Fund revenue loss

FY'08 \$1,759,931

FY'09 \$1,847,928

Methods used to calculate the revenue loss

Estimate is based on information from the Maine Revenue Services Data Warehouse & the individual income micro-simulation tax model.

Number of taxpayers affected

Approximately 3,400 taxpayers affected.

1.006 Deduction of Pension Income.

36 M.R.S.A. § 5122(2)(M)

Federal adjusted gross income is reduced by the lesser of: (1) \$6,000 reduced by the individual's social security and railroad retirement benefits paid by the United States, but not less than \$0, except that the reduction does not apply to benefits paid under a military retirement plan; or (2) the aggregate of benefits under employee retirement plans included in the individual's federal adjusted gross income.

The deduction is available to each individual who is a primary recipient (individual upon whose earnings the employee retirement plan benefits are based or the surviving spouse of that individual) of benefits under an employee retirement plan (state, federal or military retirement plan or any other retirement benefit plan established and maintained by an employer for the benefit of its employees).

Reason(s) for exemption

To provide equity between public and private pension providers.

Estimated General Fund revenue loss

Methods used to calculate the revenue loss

Estimate is based on information from the Maine Revenue Services Data Warehouse & the individual income micro-simulation tax model.

Number of taxpayers affected

Approximately 40,500 taxpayers affected.

1.007 Deduction for interest and dividends on Maine State and local securities.

36 M.R.S.A. § 5122(2)(N)

Federal adjusted gross income, is reduced by the amount of interest and dividends on obligations or securities of this state and its political subdivisions and authorities to the extent included in federal adjusted gross income.

Reason(s) for exemption

Provides an incentive for investment in Maine State and local bonds.

Estimated General Fund revenue loss

FY'08 \$94,144

FY'09 \$98,851

Methods used to calculate the revenue loss

Estimate is based on information from the Maine Revenue Services Data Warehouse & the individual income micro-simulation tax model.

Number of taxpayers affected

Approximately 1,000 taxpayers affected.

1.008 Holocaust victim settlement payments.

36 M.R.S.A. § 5122(2)(O)

Federal adjusted gross income is reduced by Holocaust victim settlement payments received by a Holocaust victim to the extent included in federal adjusted gross income. A Holocaust victim is an individual who died, lost property or was a victim of persecution as a result of discriminatory laws, policies or actions targeted against discrete groups of individuals based on race, religion, ethnicity, sexual orientation or national origin. "Holocaust victim" includes the spouse or a decedent of such an individual.

Reason(s) for exemption

For individuals compensated for holocaust injustices.

Estimated General Fund revenue loss

FY'08 \$0 – \$49,999

FY'09 \$0 – \$49,999

Methods used to calculate the revenue loss

The revenue loss is estimated as a range of possible values because little or no data is available.

Number of taxpayers affected

Approximately 5 taxpayers affected each year.

1.009 Income tax deduction for contributions to IRC 529 qualified tuition plans.

36 M.R.S.A. § 5122 (2)(V)

For tax years beginning on or after January 1, 2007, federal adjusted gross income is reduced by contributions to a qualified tuition program established under § 529 of the Code up to \$250 per designated beneficiary. The deduction may not be claimed by single or married filing separate taxpayers with federal adjusted gross income exceeding \$100,000 or married joint or head of household taxpayers with federal adjusted gross income exceeding \$200,000 .

Reason(s) for exemption

Provides an incentive for Maine taxpayers to save towards future educational expenses for family members.

Estimated General Fund revenue loss

FY'08 \$524,553

FY'09 \$591,259

Methods used to calculate the revenue loss

Estimate is based on fiscal analysis provided to the Legislature.

Number of taxpayers affected

Approximately 7,000 taxpayers affected.

1.010 Itemized deductions.

36 M.R.S.A. § 5125

An individual who has claimed itemized deductions from federal adjusted gross income in determining the individual's federal taxable income for the taxable year may claim itemized deductions from Maine adjusted gross income.

The sum of an individual's itemized deductions is: (1) reduced by any state income or sales tax ;(2) increased by any interest or expense incurred in the production of the individual's Maine income that was not deducted in determining the individual's federal taxable income; (3) reduced by any amount of deduction attributable to income taxable to financial institutions; (4) reduced by any amount attributable to interest or expenses incurred in the production of income exempt from tax; and (5) reduced by any amount included in the basis of the family development account reserve fund credit.

Reason(s) for exemption

Conformity to federal individual tax law. Conformity reduces filing errors, increases compliance and keeps Maine taxes competitive with other states.

Estimated General Fund revenue loss

FY'08 \$127,343,914

FY'09 \$133,711,110

Methods used to calculate the revenue loss

Estimates are based on the Maine Revenue Services individual income micro-simulation tax model.

1.012 Credit for income tax paid to other state by an estate or trust.

36 M.R.S.A. § 5165

A resident estate or trust is allowed a credit for income tax paid to another state, a political subdivision of such state, the District of Colombia or political subdivision of a foreign country that is analogous to a state of the United States with respect to income subject to tax from sources in that taxing jurisdiction.

Reason(s) for exemption

Prevents double taxation at the state level for Maine resident taxpayers with non-Maine source income.

Estimated General Fund revenue loss

FY'08 \$0 – \$49,999

FY'09 \$0 – \$49,999

Methods used to calculate the revenue loss

Revenue loss is estimated as a range of possible values because little or no data is available.

1.013 Deduction of dividends received from uncombined affiliates.

36 M.R.S.A. § 5200-A (2)(G)

The taxable income of a taxpayer under the laws of the United States is reduced by 50% of the apportionable dividend received during the taxable year from an affiliated corporation that is not included with the taxpayer in a Maine combined report.

Reason(s) for exemption

Creates greater equity in the treatment (exclusion) of foreign and domestic dividend income in a simplified manner.

Estimated General Fund revenue loss

FY'08 \$2,592,104

FY'09 \$2,721,710

Methods used to calculate the revenue loss

Estimates are based on the Maine Revenue Services individual income micro-simulation tax model.

Methods used to calculate the revenue loss

Estimate is based on data from the Maine Revenue Services corporate income micro-simulation tax model.

Number of taxpayers affected

Approximately 1,000 taxpayers affected.

1.015 Apportionment of income tax formulae.

36 M.R.S.A. § 5211(8)

Any taxpayer having income solely from business activity taxable within the State must apportion its entire net income to the State. A taxpayer having income from business activity within and outside the State shall apportion its income to the State by multiplying its income by a fraction. The fraction is derived by dividing the Property factor plus the Payroll factor plus twice the Sales factor by 4.

The Property factor is derived by dividing the average value of the taxpayer's real and tangible personal property owned or rented and used in the State during the tax year by the average value of all taxpayer's real and tangible personal property owned or rented and used during the tax year.

The Payroll factor is derived by dividing the total compensation paid in the State during the tax period by the taxpayer by the total compensation paid everywhere during the tax period.

The Sales factor is derived by dividing the total sales of the taxpayer in the State during the tax period by the total sales of the taxpayer everywhere during the tax period.

Reason(s) for exemption

Double weighted sales factor provides an incentive for businesses to locate property and workers in Maine when most of their sales are outside the State.

Estimated General Fund revenue loss

FY'08 \$2,278,345

FY'09 \$2,500,321

Methods used to calculate the revenue loss

Estimate is based on data from the Maine Revenue Services corporate income micro-simulation tax model.

Number of taxpayers affected

Approximately 8,000 taxpayers affected.

1.016 Apportionment of income of mutual fund service providers.

36 M.R.S.A. § 5212

This provision allows mutual fund companies to elect to apportion income to Maine through a single sales factor formula rather than the current three-part apportionment scheme. The election, if made, is irrevocable for successive tax periods of five years. The net income of an electing mutual fund service provider is apportioned to the State by multiplying it by a fraction, the numerator of which is the Maine receipts during the taxable year and the denominator of which is the total receipts everywhere for the taxable year.

Reason(s) for exemption

An act to create employment opportunities for Maine residents. Maine law subjects business corporations to tax only on the portion of their income and capital attributable to the state.

Estimated General Fund revenue loss

FY'08 \$0 – \$49,999

FY'09 \$0 – \$49,999

Methods used to calculate the revenue loss

Revenue loss is estimated as a range of possible values because little or no data is available.

1.017 Credit to beneficiary for accumulation distribution.

36 M.R.S.A. § 5214-A

A beneficiary of a trust whose adjusted gross income includes all or part of an accumulation distribution by that trust is allowed a credit against the tax for all or a proportionate part of any tax paid by the trust on that income in any preceding taxable year which would not have been payable if the trust had in fact made distribution to its beneficiaries.

Reason(s) for exemption

Eliminates double taxation of income on which a trust has already paid the Maine income tax in a prior tax year.

Estimated General Fund revenue loss

FY'08 \$0 – \$49,999

FY'09 \$0 – \$49,999

Methods used to calculate the revenue loss

Revenue loss is estimated as a range of possible values because little or no data is available.

Number of taxpayers affected

Number of taxpayers affected is not available.

1.018 Jobs and investment tax credit.

36 M.R.S.A. § 5215

An employer is allowed an income tax credit equals to the qualified federal credit. The credit is available for taxable years beginning on or after January 1, 1979, except that a credit may be taken with respect to used property, and may not be allowed with respect to certain retail property. The tax credit for any taxable year is applicable only to those taxpayers with property considered to be qualified investment of at least \$5,000,000 for the taxable year with a situs in Maine and placed into service by the taxpayer on or after January 1, 1979. The taxpayer's tax records and reports must substantiate that at least 100 new jobs attributable to qualified investment were created in the 24-month period following the date the property was placed in service. The amount of the credit allowed for any taxable year is limited to \$500,000 or the amount of the tax whichever is less. Unused credits may be carried over to future years, but the carry-forward period must not exceed 7 years, including the first year the credit is taken.

Reason(s) for exemption

To entice industry to make substantial capital investments in the State as an economic development tool.

Estimated General Fund revenue loss

FY'08 \$1,691,479

FY'09 \$1,776,053

Methods used to calculate the revenue loss

Estimate is based on information from the Maine Revenue Services Data Warehouse.

Number of taxpayers affected

Approximately 20 taxpayers affected.

1.019 Seed capital investment tax credit.

36 M.R.S.A. § 5216-B

The credit is available for investment in new or recent business ventures, directly and through private venture capital funds. FAME issues a certificate to investors for up to 40% of the cash equity they provide to eligible Maine businesses. Investments may be used for fixed assets, research or working capital. Investments made in eligible businesses located in high-unemployment areas as determined by FAME are eligible for a tax credit of up to 60% of investment. An aggregate investment up to \$5,000,000 per business is eligible. The investment must be at risk for 5 years. Investors must own less than 50% of the business and immediate relatives of principal owners are not eligible. An eligible investment is an investment in a business that: a) is located in Maine; b) has gross sales of \$3,000,000 or less per year; c) is the full-time, professional activity of at least one of the principal owners; and d) is a manufacturer, or a product or service provider with 60% of sales derived from outside the state or to out-of-state residents, or is engaged in developing or applying advanced technologies, or must bring significant permanent capital to Maine.

For investments made on or after July 1, 2002, 25% of the authorized credit may be used for each tax year beginning with the tax year during which the investment was made. Unused credits may be carried over for up to 15 years.

Reason(s) for exemption

Provides an incentive for investment of seed capital to new and existing small businesses in Maine.

Estimated General Fund revenue loss

FY'08 \$1,042,373

FY'09 \$1,094,491

Methods used to calculate the revenue loss

1.020 Credit for contributions to family development account reserve funds.

36 M.R.S.A. § 5216-C

A taxpayer who contributes to a family development account reserve fund is allowed credit equal to the lesser of (1) \$25,000 or (2) 50% of the amount contributed. Only one credit can be claimed on an annual income tax return. A taxpayer must first exhaust all other credits they are eligible for before using this credit. The amount of the credit claimed may not reduce the taxpayer's tax liability to less than zero. Amount used as a basis for this credit may not be claimed for Maine itemized deductions.

Reason(s) for exemption

Credit is intended to encourage savings by low income households.

Estimated General Fund revenue loss

FY'08 \$41,514

FY'09 \$43,590

Methods used to calculate the revenue loss

Estimate is based on information from the Maine Revenue Services Data Warehouse.

Number of taxpayers affected

Approximately 50 taxpayers affected.

1.021 Credit for employer-assisted day care.

36 M.R.S.A. § 5217

An employer is allowed a credit against costs incurred for day care services provided to employees. The credit is equal to the lowest of: (1) \$5,000, (2) 20% of the cost of the day care services provided, or (3) \$100 for each child of an employee of the taxpayer enrolled in the day care service. The credit doubles in amount if the day care service is considered quality child care service.

“Quality child-care services” is defined as services provided at child-care sites that meet minimum licensing standards and are accredited by an independent, nationally recognized program approved by the Department of Health and Human Services (“DHHS”), Office of Child Care and Head Start. The service provider must utilize recognized quality indicators for child-care services approved by DHHS, Office of Child Care and Head Start and include provisions for parent and client input, review of the provider’s policies and procedures, program records and an on-site program review.

Reason(s) for exemption

Designed to help reduce employee absenteeism and unproductive work time. It provides an incentive for employers to become more involved in the provision of day care for their employees.

1.024 Income tax credit for child care expenses.

36 M.R.S.A. § 5218

An individual taxpayer is allowed a credit for employment-related expenses incurred for the care of a child or a dependent during the year. The credit is 25% (21.5% during tax years beginning in 2003, 2004, and 2005) of the allowable federal tax credit. The credit with respect to quality child care services doubles. The credit is refundable up to \$500.

“Quality child-care services” is defined as services provided at child-care sites that meet minimum licensing standards and are accredited by an independent, nationally recognized program approved by the Department of Health and Human Services (“DHHS”), Office of Child Care and Head Start. The service provider must utilize recognized quality indicators for child-care services approved by DHHS, Office of Child Care and Head Start and include provisions for parent and client input, review of the provider’s policies and procedures, program records and an on-site program review.

Reason(s) for exemption

Allows taxpayers to be gainfully employed, by providing tax relief for working parents, especially lower income single parents.

Estimated General Fund revenue loss

FY’08 \$3,861,878

FY’09 \$4,054,972

Methods used to calculate the revenue loss

1.025 Retirement and disability credit.

36 M.R.S.A. § 5219-A

Individuals who have attained age 65 or who retired on disability before the close of the tax year are allowed a credit equal to 20% of the federal under the Code, § 22. In no case may this credit reduce the Maine income tax to less than zero.

Reason(s) for exemption

Provides tax relief to low income individuals. Conformity reduces filing errors, increases compliance, keeps Maine taxes competitive with other states and provides an incentive to workers to save for retirement.

Estimated General Fund revenue loss

FY'08 \$11,513

FY'09 \$12,088

1.027 Research expense tax credit.

36 M.R.S.A. § 5219-K

An income tax credit is allowed for investment in research and development. The credit is equal to 5% of the excess, if any, of the qualified research expense for the taxable year over the average spent by the taxpayer on qualified research during the three prior tax years; plus 7.5% of the basic research payments made during the taxable year. The total taxpayer credit claimed can not reduce the taxpayer's tax liability for any tax year to less than zero. The credit is limited to research expenses incurred in Maine.

Reason(s) for exemption

Incentive to encourage Maine businesses to invest in research and development in Maine.

Estimated General Fund revenue loss

FY'08 \$528,745

FY'09 \$555,182

1.028 Super Research & development expense tax credit.

36 M.R.S.A. § 5219-L

This credit is available to taxpayers that qualify for the Research Expense Tax Credit (see 36 M.R.S.A. § 5219-K) and whose qualified research expenses (as defined by IRC § 41 as of December 31, 1994) exceed the super credit base amount. The super credit base amount is the average research expense for the three taxable years immediately preceding June 12, 1997, increased by 50%. This credit applies only to the amount spent on research conducted in Maine. The credit is equal to the lesser of the excess qualified research expenses over the super credit base amount or 50% of the tax due after all other credits. The credit may not reduce the current year's tax liability to less than the tax liability of the previous year after credits. Any unused credit amount may be carried over for 5 years. Special rules apply to corporations filing a Maine combined return.

Reason(s) for exemption

Incentive for businesses to substantially increase investment in research and development in Maine.

Estimated General Fund revenue loss

FY'08 \$951,286

FY'09 \$998,850

1.029 High-technology investment tax credit.

36 M.R.S.A. § 5219-M

This credit is available to taxpayers engaged in high-technology activity that purchase and use eligible equipment or that lease eligible equipment from a lessor. High-technology activity includes the design, creation and production of computer software, computer equipment, supporting communications components and other accessories that are directly associated with computer software and equipment. It also includes the provision of internet access services and advanced telecommunications services. Eligible equipment includes computer equipment, electronic components and accessories, communication equipment and computer software placed into service in Maine. Eligible equipment must be used in a high-technology activity. Eligible equipment used in wire line telecommunications must be capable of transmitting data at 200 kilobits or more per second in at least one direction. Eligible equipment used in wireless telecommunications must be capable of transmitting data at 42 kilobits or more per second in at least one direction. Generally the credit is equal to the investment credit base of eligible equipment that was placed into service in Maine during the tax year. The investment credit base is the adjusted basis of the equipment on the date that the equipment was placed into service in Maine for the first time.

The credit (including carry forward amounts) is limited to the tax liability of the taxpayer and may not reduce the tax liability of the current year to less than the tax liability of the previous year after all other credits except the High-Technology credit. In addition, the credit may not be used to reduce the tax liability of the taxpayer by more than \$100,000 after the allowance of all other credits except the Family Development Account Reserve Fund Credit (36 M.R.S.A. § 5216-C) and the Super Research Credit (36 M.R.S.A. § 5219-L). Generally, unused credit amounts may be carried forward for up to 5 taxable years; however, certain unused credits may be carried forward for up to 10 years. Special rules apply to corporations filing a combined return.

Reason(s) for exemption

Provide an incentive for businesses to invest in equipment that is used in high-technology business activity.

Estimated General Fund revenue loss

FY'08 \$658,857

FY'09 \$691,800

1.031 Credit for dependent health benefits paid.

36 M.R.S.A. § 5219-O

This credit is available to employers that offer a qualified health benefit plan and that employ fewer than five employees. This credit is equal to the lesser of 20% of the dependent health benefits paid by the employer or \$125 per employee with dependent health coverage. A taxpayer that employs five or more employees after qualifying for the credit may continue to qualify for the credit for another two years. Otherwise, a taxpayer may claim a credit only for those periods during which the employer: 1) offers a qualified health benefit plan that is made available to all of its low-income employees; 2) pays at least 80% of the health insurance costs for each low-income employee under the plan; and 3) pays at least 60% of the cost of dependent health insurance benefits for children under 19 who are dependents of low-income employees under the plan. The credit is limited to 50% of the regular income tax due. Any unused credit may be carried forward for two years.

Reason(s) for exemption

Allows employers to provide health insurance coverage at a lower cost for a larger fraction of lower and middle-income workers and their dependents.

Estimated General Fund revenue loss

FY'08 \$0 – \$49,999

FY'09 \$0 – \$49,999

1.032 Clean fuel vehicle economic and infrastructure development credit.

36 M.R.S.A. § 5219-P

This credit is available to taxpayers that incur expenditures for construction or installation of or improvements to any filling station or charging station in Maine for the purpose of providing clean fuels to the general public for use in motor vehicles. The credit is equal to 25% of expenditures made from January 1, 2002 to December 31, 2008. The credit expires December 31, 2008. The credit cannot reduce the tax otherwise due below zero and may not exceed the tax liability for income that is earned by the taxpayer from the sale of clean fuels sold for use in motor vehicles. Any excess credit may be carried over until exhausted. Clean Fuel means any product or energy source used to propel motor vehicles other than conventional gasoline, diesel or reformulated gasoline that, when compared to conventional gasoline, diesel or reformulated gasoline, results in lower emissions of oxides of nitrogen, volatile organic compounds, carbon monoxide or particulates or any combination of these. "Clean fuel" includes, but is not limited to, compressed natural gas; liquefied natural gas; liquefied petroleum gas; hydrogen; hythane, which is a combination of compressed natural gas and hydrogen; dynamic flywheels; solar energy; alcohol fuels containing not less than 85% alcohol by volume; and electricity.

Reason(s) for exemption

Incentive for improvements in filling stations to provide clean fuels in order to lower atmospheric pollutants.

1.033 Quality child care investment credit.

36 M.R.S.A. § 5219-Q

A taxpayer that has made an investment during the tax year toward the goal of providing quality child-care services is allowed a credit in an amount equal to the qualifying portion of expenditures paid or expenses incurred by the taxpayer for certified investments in child-care services. For corporations, the qualifying portion is 30% of up to \$30,000 of expenditures, apportioned if part of an affiliated group engaged in a unitary business. For individual taxpayers that expend at least \$10,000 during the tax year, the qualifying portion is \$1,000 each year for nine years and \$11,000 in year ten. The credit is limited to the income tax otherwise due, excluding minimum tax, but any excess can be carried over to the following year or years until exhausted.

“Quality child-care services” is defined as services provided at child-care sites that meet minimum licensing standards and are accredited by an independent, nationally recognized program approved by the Department of Health and Human Services (“DHHS”), Office of Child Care and Head Start. The service provider must utilize recognized quality indicators for child-care services approved by DHHS, Office of Child Care and Head Start and include provisions for parent and client input, review of the provider’s policies and procedures, program records and an on-site program review.

Reason(s) for exemption

Incentive for the provision of quality child care services in Maine. The credit has the impact of lowering the cost of expenditures made by affected service providers.

Estimated General Fund revenue loss

1.034 Credit for rehabilitation of historic properties.

36 M.R.S.A. § 5219-R

A taxpayer is allowed a credit equal to the amount of the federal credit claimed under § 47 of the Code with respect to expenditures incurred after December 31, 1999 for a certified historic structure located in the Maine. The credit is nonrefundable and is limited to \$100,000 annually per taxpayer. The credit is subject to federal recapture and carry-forward provisions.

A taxpayer that is a national historic landmark developer is allowed a refundable credit in lieu of the credit described above. The credit is equal to the federal credit determined under the Code, § 47. This refundable credit applies to tax years beginning on or after January 1, 2006 but before January 1, 2010. The annual credit may not exceed \$500,000 per year regardless of the number of taxpayers claiming the credit.

Reason(s) for exemption

Designed to enlist private funds for the rehabilitation of historic properties. The credit helps reduce the cost of these projects.

Estimated General Fund revenue loss

FY'08 \$558,864

FY'09 \$561,807

Methods used to calculate the revenue loss

1.036 Educational attainment investment tax credit.

36 M.R.S.A. § 5219-U

For tax years beginning in 2007, a taxpayer is allowed a credit equal to 20% of the amount contributed to a qualified scholarship organization for need-based scholarships. The credit is 50% of eligible contributions for tax years beginning after 2007. The credit may not exceed \$2,000 (\$10,000 for employers). For an individual taxpayer, the total allowable for this credit and the *Recruitment Credit* combined may not exceed \$10,000. The contribution may not directly benefit the taxpayer claiming the credit, or the spouse or child of the taxpayer claiming the credit. The contribution may not directly benefit a director, trustee, officer or employee of an employer claiming the credit or the spouse or child of a director, trustee, officer or employee of an employer claiming the credit. The credit may not reduce the tax to less than zero.

Reason(s) for exemption

Incentive to invest in education in Maine.

1.037 Recruitment credit.

36 M.R.S.A. § 5219-V

For tax years beginning after 2006, an employer is allowed a credit against the tax otherwise due equal to 15% of the amount of eligible postsecondary educational loan payments made during the taxable year on behalf of employees of the taxpayer. A loan repayment agreement must exist between the taxpayer and the employee. The employee must (1) be a resident of Maine (2) have graduated from an accredited institution of higher education and (3) have an outstanding postsecondary loan as defined by rules established by the Finance Authority of Maine. The credit may not exceed \$10,000 and may not reduce the taxpayer's tax liability to less than zero. The loan repayment agreement may not directly benefit a director, trustee, officer of an employing unit claiming the credit or the spouse or child of a director, trustee, or officer or employee of the employer claiming the credit.

Reason(s) for exemption

To minimize the cost of education for middle and lower-income individuals who are more prone to taking educational loans.

1.043 Tax benefits for military redevelopment zone.

Title 30-A M.R.S.A. § 5250-I (11A)

Certified Military Redevelopment Zone businesses generally qualify for the same tax benefits as do Pine Tree Development Zone businesses. These include an income tax credit equal to 100% of the Maine tax liability for the first five years and 50% of the tax for each of the years six through ten.

A military redevelopment zone is an area within a municipality that is contained within a labor market that includes a military facility that sustained a loss of 400 or more employed workers, if the loss was caused by a federal military facility closure, during the 5-year period immediately preceding the time the application for designation as a military redevelopment zone was made. An applicant is any business within a military redevelopment zone with a greater than 25% loss of employed workers over a 4-year period.

Reason(s) for exemption

Provides regional economic development assistance to municipalities that are economically depressed as a result of federal military base downsizing.

Estimated General Fund revenue loss

1.044 Maine resident's property tax and rent refund program.

36 M.R.S.A. Chapter 907

A resident individual who occupied a homestead in Maine for the entire calendar year may be eligible for property tax relief for rent paid or property taxes assessed. For rent paid or property taxes assessed in 2005, a single-member elderly household is eligible to a benefit based on the following scheme:

If household income equals	THEN the benefits will be
\$0 to \$11,500	100% of the benefit base up to a maximum of \$400
\$11,501 to \$11,900	75% of the benefit base up to a maximum of \$300
\$11,901 to \$12,300	50% of the benefit base up to a maximum of \$200
\$12,301 to \$12,700	25% of the benefit base up to a maximum of \$100

An elderly household with 2 or more members is eligible to a benefit based on the following scheme:

If household income equals	THEN the benefits will be
\$0 to \$13,800	100% of the benefit base up to a maximum of \$400
\$13,801 to \$14,600	75% of the benefit base up to a maximum of \$300
\$14,601 to \$15,200	50% of the benefit base up to a maximum of \$200
\$15,201 to \$15,700	25% of the benefit base up to a maximum of \$100

No claim of less than \$5 may be granted.

For a claimant representing a non-elderly household, the benefits are calculated based on the following formula: 50% of the benefit base (property tax or rent equivalent up to \$3,100 for single-member households and up to \$4,100 for households with 2 or more members) that exceeds 4% but does not exceed 8% of income plus 100% of the benefit base that exceeds 8% of income. The maximum benefit is \$2,000, and the minimum benefit is \$10.

Reason(s) for exemption

Provides property tax relief to Maine residents.

1.046 Employment tax increment financing.

36 M.R.S.A. Chapter 917

A qualified business is entitled to reimbursement of state withholding taxes withheld during the calendar year for which reimbursement is requested and attributed to qualified employees after July 1, 1996 in the following amounts:

For qualified employees employed by a qualified business in state labor market areas in which the labor market unemployment rate is at or below the state unemployment rate at the time of the application, the reimbursement is equal to 30% of the withholding taxes withheld during each of the first 5 calendar years for which reimbursement is requested and attributed to those qualified employees.

For qualified employees employed by a qualified business in state labor market areas in which the labor market unemployment rate is greater than the state unemployment rate at the time of the application, the reimbursement is equal to 50% of the withholding taxes withheld during each of the first 5 calendar years for which reimbursement is requested and attributed to those qualified employees.

For qualified employees employed by a qualified business in state labor market areas in which the labor market unemployment rate is greater than 150% of the state unemployment rate at the time of the application, the reimbursement is equal to 75% of the withholding taxes withheld during each of the first 5 calendar years for which reimbursement is requested and attributed to those qualified employees.

For qualified Pine Tree Development Zone employees, employed directly in the qualified business activity of a qualified Pine Tree Development Zone business, for whom a certificate had been issued, the reimbursement is 80% of the withholding taxes withheld each year for which the reimbursement is requested and attributed to those qualified employees for a period of no more than 10 years. Reimbursement may not be made for years beginning after December 31, 2018.

Reason(s) for exemption

Provides incentive for businesses to hire new employees and provide these employees with a designated level of health and retirement benefits.

1.049 Pension contributions & earnings - Individual Retirement Accounts.

36 M.R.S.A. § 5102 (1-D)

Taxpayers may deduct from adjusted gross income (AGI) the total contributions to various Individual Retirement Accounts (IRAs). The IRA contribution limit is \$4,000 in 2005, \$5,000 in 2008, and is indexed thereafter. Taxpayers over age 50 may make additional “catch-up” contributions of \$1,000 beginning in 2006.

Deductible IRAs - Taxpayers with AGI below \$80,000 (\$60,000 for non-joint filers) in 2005 may claim a deduction for IRA contributions. The IRA deduction is phased out for taxpayers with AGI between \$70,000 and \$80,000 (\$50,000 and \$60,000 for non-joint filers). The phase-out range increases annually until it reaches \$80,000 to \$100,000 in 2007. Taxpayers whose AGI is above the phase-out range may also claim a deduction for IRA contributions if they (or their spouse) are active participants in an employer-provided retirement plan. The tax in the investment income earned by 401(k) plans, non-deductible IRAs, and deductible IRAs is deferred until the money is withdrawn.

Roth IRA - Taxpayers with incomes below \$160,000 (\$110,000 for non-joint filers) may make contributions to Roth IRAs. The maximum contribution to a Roth IRA is phased out for taxpayers with AGI between \$150,000 and \$160,000 (\$95,000 and \$110,000 for singles). Investment income of a Roth IRA is not taxed when earned nor when it is withdrawn.

Non-Deductible IRA – Taxpayers may contribute to a non-deductible IRA regardless of income and whether or not they are active participants in an employee-provided retirement plan. The income earned by non-deductible IRAs is deferred until withdrawn.

Reason(s) for exemption

Maine generally conforms to federal income exclusion and deduction provisions used to calculate federal adjusted gross income. Conformity reduces filing errors, eases tax administration and increases tax compliance. Conformity also helps keep Maine taxes more competitive with other states.

1.060 Percentage depletion.

36 M.R.S.A. § 5102 (1-D)

Independent fuel mineral producers and royalty owners are generally allowed to take percentage depletion deductions rather than cost depletion on limited quantities of output. Under cost depletion, outlays are deducted over the productive life of the property based on the fraction of the resource extracted. Under percentage depletion, taxpayers deduct a percentage of gross income from mineral production at rates of 22 percent for uranium; 15 percent for oil, gas and oil shale; and 10 percent for coal. The deduction is limited to 50 percent of net income from the property, except for oil and gas where the depletion is 100 percent of net property income. Production from geothermal deposits is eligible for a percentage depletion of 65 percent of net income, but with no limit on output and no limitation with respect to qualified producers. Unlike depreciation or cost depletion, percentage depletion deductions can exceed the cost of the investment.

1.062 Expensing of research & experimental expenditures.

36 M.R.S.A. § 5102 (1-D)

Research and experimentation (R&E) projects can be viewed as investments because, if successful, the benefits accrue for several years. It is often difficult, however, to determine whether a specific R&E project is successful and, if successful, what is its expected life. Under the normal tax method, the expensing of R&E expenditures is viewed as a tax expenditure. The baseline assumed for the normal tax method is that R&E expenditures are successful and have an expected life of five years.

1.067 Active income of U.S. - controlled foreign corporations.

36 M.R.S.A. § 5102 (1-D)

The income of foreign corporations controlled by U.S. shareholders is not subject to U.S. taxation. The income becomes taxable only when the controlling U.S. shareholders receive dividends or other distributions from their foreign stockholding. Under the normal tax method, the currently attributable foreign source pre-tax income from the controlling interest is considered to be subject to U.S. taxation, whether or not distributed. Thus, the normal tax method considers the amount of controlled foreign corporation income not yet distributed to a U.S. shareholder as tax-deferred income.

1.089 Exclusion of capital gains at death.

36 M.R.S.A. § 5102 (1-D)

Capital gains on assets held at the owner's death are not subject to capital gains taxes. The cost basis of the appreciated assets is adjusted upward to the market value at the owner's date of death. After repeal of the estate tax for 2010 under the Economic Growth and Tax Relief Reconciliation Act (EGTRRA) in 2001, the basis for property acquired from a decedent will be the lesser of fair market value or the decedent's basis. Certain types of additions to basis will be allowed so that assets in most estates that are not currently subject to estate tax will be subject to capital gains tax in the hands of the heirs.

Reason(s) for exemption

Maine generally conforms to federal income exclusion and deduction provisions used to calculate federal adjusted gross income. Conformity reduces filing errors, eases tax administration and increases tax compliance. Conformity also helps keep Maine taxes more competitive with other states.

1.090 Exclusion of capital gains on gifts.

36 M.R.S.A. § 5102 (1-D)

When a gift is made, the donor's basis in the transferred property (the cost that was incurred when the transferred property was first acquired) carries-over to the donee. The carryover of the donors' basis allows continued deferral of unrealized capital gains. Even though the estate tax is repealed for 2010 under EGTRRA, the gift tax is retained with a lifetime exemption of \$1 million.

Reason(s) for exemption

Maine generally conforms to federal income exclusion and deduction provisions used to calculate federal adjusted gross income. Conformity reduces filing errors, eases tax administration and increases tax compliance. Conformity also helps keep Maine taxes more competitive with other states.

1.091 Business start-up costs.

36 M.R.S.A. § 5102 (1-D)

When a taxpayer initiates a new business, certain start-up expenses, such as the cost of legal services, are normally incurred. Taxpayers may elect to amortize these outlays over 60 months even though they are similar to other payments made for non-depreciable intangible assets that are not recoverable until the business is sold.

Reason(s) for exemption

Maine generally conforms to federal income exclusion and deduction provisions used to calculate federal adjusted gross income. Conformity reduces filing errors, eases tax administration and increases tax compliance. Conformity also helps keep Maine taxes more competitive with other states.

1.095 Deferral of income on life insurance and annuity contracts.

36 M.R.S.A. § 5102 (1-D)

Favorable tax treatment is provided for investment income within qualified life insurance and annuity contracts. Investment income earned on qualified life insurance contracts held until death is permanently exempt from income tax. Investment income distributed prior to the death of the insured is tax-deferred. Investment income earned on annuities is treated less favorably than income earned on life insurance contracts, but it benefits from tax deferral without annual contribution or income limits generally applicable to other tax-favored retirement income plans.

Reason(s) for exemption

Maine generally conforms to federal income exclusion and deduction provisions used to calculate federal adjusted gross income. Conformity reduces filing errors, eases tax administration and increases tax compliance. Conformity also helps keep Maine taxes more competitive with other states.

1.098 Mortgage interest on owner-occupied homes.

36 M.R.S.A. § 5102 (1-D)

Owner-occupants of homes may deduct mortgage interest on their primary and secondary residences as itemized non-business deductions. The mortgage interest deduction is limited to interest on debt no greater than the owner's basis in the residence and is limited to no more than \$1 million. This allowance is effective for tax years beginning on or after October 1987. Interest on up to \$100,000 of other debt secured by a lien on a principal or second residence is also deductible, irrespective of the purpose of borrowing, provided the debt does not exceed the fair market value of the residence. Mortgage interest deductions on personal residences are tax expenditures because the value of owner-occupied housing services is not included in a taxpayer's taxable income.

Reason(s) for exemption

Maine generally conforms to federal income exclusion and deduction provisions used to calculate federal adjusted gross income. Conformity reduces filing errors, eases tax administration and increases tax compliance. Conformity also helps keep Maine taxes more competitive with other states.

1.099 Permanent exemption of imputed interest rules.

36 M.R.S.A. § 5102 (1-D)

Holders (issuers) of debt instruments are generally required to report interest earned (paid) in the period it accrues, not when paid. In addition, the amount of interest accrued is determined by the actual price paid, not by the stated principal and interest stipulated in the instrument. In general, any debt associated with the sale of property worth less than \$250,000 is excepted from the general interest accounting rules. This general \$250,000 exception is not a tax expenditure under the reference law, but is under normal law. Exceptions above \$250,000 are tax expenditures under reference law; these exceptions include: (1) sales of personal residences worth more than \$250,000 and (2) sales of farms and small businesses worth between \$250,000 and \$1 million. For purposes of this report, the reference law method is used.

Reason(s) for exemption

1.100 Installment sales.

36 M.R.S.A. § 5102 (1-D)

Installment sales are sales of properties in which at least one payment will be received in a tax year later than the year in which the sale occurred. Non-dealers (i.e., sellers of real property used in their business) are excused from paying interest on deferred taxes attributable to their total installment obligations of less than \$5 million. Only properties with sales prices exceeding \$150,000 are includable in the total. Dealers in real and personal property (i.e., sellers who regularly hold property for sale or resale) cannot defer taxable income from installment sales until the receipt of the loan payment.

1.101 Completed contract rules.

36 M.R.S.A. § 5102 (1-D)

A long-term contract is a building, installation, construction or manufacturing contract that is not completed within the tax year in which entered into. The income from long-term contracts may be reported in either of the following ways.

Percentage-of-Completion Method. Gross income may be reported annually according to the percentage of the contract completed in that year. The completed percentage, in the case of long-term contracts entered into after February 28, 1986, must be determined by comparing costs (cost-to-cost method). In the case of contracts entered into before March 1, 1986, the completion percentage can be determined under the cost-to-cost method by comparing the work completed to date with the total estimate of work to be completed.

Completed-Contract Method. In limited circumstances, net profit on the entire job may be reported in the year in which the contract is completed and accepted. Under the completed-contract method, expenses allocable to the contract (i.e. contract cost) are deductible in the year in which the contract is completed

1.117 Exclusion of cancellation of indebtedness from income of farmers.

36 M.R.S.A. § 5102 (1-D)

Income arising from the discharge of qualified farm indebtedness owed to an unrelated lender, including a federal, state, or local government or agency, or instrumentality of such an agency, may be excluded from a taxpayer's income if certain requirements are met. The debt must be incurred directly in connection with the operation by the taxpayer of the trade or business of farming. Also, 50% of the taxpayer's aggregate gross receipts for the three tax years preceding the tax year in which the discharge of the indebtedness occurs must be attributable to the trade or business of farming.

Reason(s) for exemption

Maine generally conforms to federal income exclusion and deduction provisions used to calculate federal adjusted gross income. Conformity reduces filing errors, eases tax administration and increases tax compliance. Conformity also helps keep Maine taxes more competitive with other states.

1.120 Deferral of taxation and capital gains treatment on acquisition of stock under incentive stock option plans and employee stock purchase plans.

36 M.R.S.A. § 5102 (1-D)

Under the Joint Committee staff view of normal tax law, compensatory stock options would be subject to regular income tax at the time the options are exercised and employers would receive a corresponding tax deduction. The employee's income would be equal to the difference between the purchase price of the stock and the market price on the day the option is exercised. Present law provides for special tax treatment for incentive stock options and options acquired under employee stock purchase plans. When certain requirements are satisfied, (1) the income that is received at the time the option is exercised is excluded for purposes of the regular income tax but, in the case of an incentive stock option, included for purposes of the alternative minimum tax, (2) the gain from any subsequent sale of the stock is taxed as a capital gain, and (3) the employer does not receive a tax deduction with respect to the option.

1.121 Exclusion of medical care and TRICARE medical insurance for military dependents, retirees, and retiree dependents.

36 M.R.S.A. § 5102 (1-D)

Military personnel are provided with a variety of in-kind benefits that are not taxed, such as medical and dental benefits. These benefits are also provided to active duty dependents, as well as retired military and their dependents. Some military care for eligible dependents is provided directly at military facilities and by military doctors on a space available basis.

The Department of Defense (DOD) is implementing a new program, entitled Tricare, in an effort to coordinate the efforts of armed services' medical facilities and civilian providers. Beneficiaries can receive care under one of three options: (1) Tricare prime, a DOD-managed HMO; (2) Tricare Extra, a preferred-provider organization; or (3) Tricare Standard, formerly known as CHAMPUS. Under the later two options, beneficiaries are reimbursed for portions of health care costs received from civilian providers. Retirees and their dependents that are eligible for Medicare and participate in Medicare Part B will be allowed to retain their Tricare coverage, which includes pharmaceutical benefits.

1.125 Exclusion of Medicare benefits - Exclusion of certain subsidies to employers who maintain prescription drug plans for Medicare enrollees.

36 M.R.S.A. § 5102 (1-D)

Employers are allowed to deduct fully all payments for retiree prescription drug plans. To encourage employers to offer retiree prescription drug plans, the federal government, under § 1860D-22 of the Social Security Act, provides an additional subsidy payment. To ensure the continuation of these retiree prescription drug plans during the implementation of improvements to Medicare supplemental insurance for prescription drugs, the subsidy payments received under § 1860D-22 of the Social Security Act are fully excludable from gross income and not taken into account when determining the appropriate deduction for maintaining a retiree prescription drug plan.

SALES AND EXCISE TAXES

2.001 Casual sales.

36 M.R.S.A. § 1752.11.B (1)

Casual sales are exempt from tax. “Casual sale” means an isolated transaction in which tangible personal property or a taxable service is sold other than in the ordinary course of repeated and successive transactions of like character by the person making the sale. “Casual sales” include transactions at a bazaar, fair, rummage sale, picnic or similar event by a civic, religious or fraternal organization that is not a registered retailer. The sale by a registered retailer of tangible personal property that that retailer has used in the course of the retailer’s business is not a “casual sale” if that property is of like character to that sold by the retailer in the ordinary course of repeated and successive transactions. “Casual sale” does not include any transaction in which a retailer sells tangible personal property or a taxable service on behalf of the owner of that property or the provider of that service.

Casual sales involving the sale of camper trailers, truck campers, motor vehicles, special mobile equipment except farm tractors and lumber harvesting vehicles or loaders, livestock trailers, watercraft or aircraft except those sold for resale at retail sale or to a corporation, partnership, limited liability company or limited liability partnership when the seller is the owner of the majority of the common stock of the corporation or of the ownership interests in the partnership, limited liability company or limited liability partnership are subject to tax.

The sales tax must be levied upon all casual rentals of living quarters in a hotel, rooming house or tourist or trailer camp. This does not apply to the rental of living quarters rented for a total of fewer than 15 days in the calendar year, except that a person who owns and offers for rental more than one property in the State during the calendar year is liable for collecting sales tax with respect to the rental of each unit regardless of the number of days for which it is rented.

When individuals who are not in the business of selling goods dispose of their own used household items by selling them at a yard sale or similar event, or by placing an advertisement in the classified section of a newspaper, they are making casual sales. If the property sold is a motor vehicle, aircraft, watercraft, camper trailer, livestock trailer or special mobile equipment, the purchaser is responsible for the payment of the sales tax directly to the State.

Reason(s) for exemption

These are isolated sales by people who are not in the business of selling goods.

Estimated General Fund revenue loss

FY’08 \$1,000,000 - 2,999,999

FY’09 \$1,000,000 - 2,999,999

2.003 Separately charged labor service fees.

36 M.R.S.A. § 1752.14B(4)

The price received for labor or services used in installing or applying or repairing the property sold or fabricated, if separately charged or stated is exempt from tax. For example, sales tax is charged on the sales price of automobile parts but not on the price of the labor charged for repair, maintenance or installation.

Reason(s) for exemption

A desire to tax only the sale of goods, not the cost of labor charged for repair, maintenance or installation.

2.004 Tips given directly to employees.

36 M.R.S.A. § 1752.14B(5)

Any amount charged or collected, in lieu of a gratuity or tip, as a specifically stated service charge, when that amount is to be disbursed by a hotel, motel, restaurant or other eating establishments to its employees as wages are exempt from tax.

Reason(s) for exemption

The objective is to impose the sales tax on the sale of meals and lodging, not on tip income received by the employees.

2.006 Telecommunications services.

36 M.R.S.A. § 2551.20B

The following are exempt from tax because they are excluded from the definition of “telecommunications services”:

- A. Service originating or terminating outside this State;
- B. Access services;
- C. Directory advertising services;
- D. The sale of unbundled network elements for use in the provision of telecommunications services;
- E. The lease of telecommunications equipment;
- F. Prepaid calling service; or
- G. Mobile telecommunications services provided by a home service provider to a customer whose place of primary use is not within this State.

Reason(s) for exemption

This exemption reduces the cost of interstate telephone calls for all consumers and businesses and is an economic development incentive for business.

2.007 Certain government entities.

36 M.R.S.A. § 1760.2 and 2557.2

Sales to the State or any political subdivision of this State, or to the Federal Government, or to any unincorporated agency or instrumentality of either of them or to any incorporated agency or instrumentality of them wholly owned by them are exempt from tax. This exemption does not apply where title is held or taken as security for any financing arrangement. This exemption also does not apply to corporations organized under Title IV, Part E of the Farm Credit Act of 1971, 12 United States Code, Sections 2211 to 2214.

Reason(s) for exemption

The State does not impose the sales tax on itself and it provides additional funding to its political subdivisions and schools through this exemption.

Estimated General Fund revenue loss

FY'08 \$117,961,384

FY'09 \$120,320,612

There are 798 exempt organizations.

2.008 Grocery staples.

36 M.R.S.A. § 1760.3

Grocery staples are exempt from the sales and use tax. Grocery staples means food products ordinarily consumed for human nourishment. Grocery staples does not include spirituous, malt or vinous liquors; soft drinks, iced tea, sodas or beverages such as are ordinarily dispensed at bars or soda fountains or in connection with bars or soda fountains; medicines, tonics, vitamins and preparations in liquid, powdered, granular, tablet, capsule, lozenge or pill form, sold as dietary supplements or adjuncts, except when sold on the prescription of a physician; water, including mineral, bottled and carbonated waters and ice; dietary substitutes; candy and confections; and prepared food. Prepared food means meals served on or off the premises of the retailer; food and drinks that are prepared by the retailer and ready for consumption without further preparation; and all food and drinks sold from an establishment whose sales of food and drinks that are prepared by the retailer account for more than 75% of the establishment's gross receipts. Prepared food does not include bulk sales of grocery staples.

2.011 Prosthetic devices.

36 M.R.S.A. § 1760.5-A

Sale of prosthetic aids, hearing aids or eyeglasses and artificial devices designed for the use of a particular individual to correct or alleviate physical incapacity; and sale of crutches and wheelchairs for the use of invalids and crippled persons and not for rental are exempt from the sales and use tax. Sales of crutches, canes, walkers and wheelchairs for rental use are taxable.

“Prosthetic aids” means devices surgically implanted in or worn by the patient as a substitute for a functioning part of the human body. Artificial limbs and artificial eyes; mammary prostheses and brassieres specifically designed to accommodate mammary prostheses; ostomy appliances; enteral feeding devices; dentures, crowns, caps and materials actually used in the repair or replacement of teeth such as dental amalgam and cement; and cardiac pacemakers are examples of items that qualify for exemption as prosthetic aids. Repair parts for items that meet the definition of “prosthetic aids” are also exempt.

Items ordinarily worn for cosmetic purposes, such as wigs, false eyelashes, and makeup, are taxable whether or not the need for them results from a medical condition. Orthopedic or therapeutic devices and appliances that do not replace a functioning part of the human body are not prosthetic aids. Articles of this type are taxable unless they constitute “artificial devices designed for the use of a particular individual to correct or alleviate physical incapacity”. Sales of standardized or stock devices such as trusses, supports, neck or back braces, orthopedic shoes, athletic supports, support hosiery, arch supporters, elastic bandages and similar items are taxable unless they are designed, constructed or altered for the use of a particular individual to correct or alleviate physical incapacity. Sales of hearing aids, batteries and repair parts for hearing aids, prescription eyeglasses, contact lenses and repair or replacement parts and lenses for prescription eyeglasses are exempt from tax. Nonprescription sunglasses, opera glasses, magnifying glasses, platform magnifiers and similar items are taxable. Cleaning solutions and supplies for contact lenses and eyeglasses are taxable.

2.045 Machinery and equipment.

36 M.R.S.A. § 1760.31

Sales of machinery and equipment:

- A. For use by the purchaser directly and primarily in the production of tangible personal property intended to be sold or leased ultimately for final use or consumption or in the production of tangible personal property pursuant to a contract with the United States Government or any agency thereof, or, in the case of sales occurring after June 30, 2007, in the generation of radio and television broadcast signals by broadcast stations regulated under 47 Code of Federal Regulations, Part 73. This exemption applies even if the purchaser sells the machinery or equipment and leases it back in a sale and leaseback transaction. This exemption also applies whether the purchaser agrees before or after the purchase of the machinery or equipment to enter into the sale and leaseback transaction and whether the purchaser's use of the machinery or equipment in production commences before or after the sale and leaseback transaction occurs; and
- B. To a bank, leasing company or other person as part of a sale and leaseback transaction, by a person that uses the machinery or equipment as described in paragraph A, whether the original purchaser's use of the machinery or equipment in production commences before or after the sale and leaseback transaction occurs.

2.048 Vending machines.

36 M.R.S.A. § 1760.34

Sales of products for internal human consumption when sold through vending machines by a person more than 50% of whose gross receipts from the retail sale of tangible personal property are derived from sales through vending machines. The status of products sold through vending machines depends upon the product being sold and the type of business activity of the retailer. "Vending machines" does not include "snack boxes" that require purchasers to be on their honor in paying for the selected items.

This exemption only applies to products for internal human consumption by a person who primarily is a vending company. Although the exemption exists for the sale, the items are subject to tax based on the seller's cost. "Products for internal human consumption" means: "edible products sold for human nutrition or refreshment and containers or instruments provided simultaneously for the consumption of these products. It does not include spirituous, malt or vinous liquors, medicines, tonics, vitamins, dietary supplements or cigarettes". See 36 M.R.S.A. § 1752, subsection 5-A.

Items that come within the scope of this definition are sandwiches, chips, ice cream, candy, soft drinks and other food items. Also included within this definition are the paper plates, cups, utensils and packaging materials for these items. Chewing gum is not for "internal human consumption".

Items, other than those mentioned above, when sold through vending machines are retail sales and subject to tax on the selling price. Examples of such items are cigarettes, toys, gum, health and beauty aids and other goods not for "internal human consumption". The retailer would purchase these items free of tax by presenting the supplier with a resale certificate.

When more than 50% of a retailer's retail sales are through vending machines, vending machine sales of products for internal human consumption are not taxed on the selling price. The products are taxed at the retailer's cost. The law allows the purchase of these items free of tax for resale if the supplier is provided a resale certificate. Purchases are then reported as "taxable purchases" on the retailer's sales tax return. This exemption applies only to items for internal human consumption. Other items sold through vending machines are taxed on their selling price.

When 50% or less of a retailer's retail sales are through vending machines, the retailer does not qualify for this exemption. Such a retailer must report all vending machine sales based on the selling price.

Reason(s) for exemption

Lower the administrative burden on vending machine companies.

2.051 Residential water.

36 M.R.S.A. § 1760.39

Sales of water purchased for use in homes, mobile homes, boarding homes and apartment houses and other buildings designed for both human habitation and sleeping, with the exception of hotels and motels, are exempt from tax. Sales of water for all commercial uses are taxable. The sale of bottled water delivered by the seller is governed by whom the purchaser is.

This exemption does not apply to sales of bottled water in retail stores, such as grocery stores, convenience stores, department stores and the like. These sales are taxable since they are governed by the definition of “grocery staple”, which specifically excludes water.

2.052 Manufactured housing.

36 M.R.S.A. § 1760.40

Sales of manufactured housing include:

- A. Used manufactured housing; and
- B. New manufactured housing to the extent of all costs, other than materials, included in the sale price, but the exemption may not exceed 50% of the sale price.

When a new manufactured house is sold, the sales tax applies to either the portion of the sale price that represents the cost of materials or 50% of the sale price, whichever is greater. No sales or use tax applies to sales of manufactured housing that has been permanently incorporated into real property by the seller, although the seller would be subject to a tax on the purchase of the home. Sales of used manufactured houses are exempt.

2.053 Certain instrumentalities of interstate or foreign commerce.

36 M.R.S.A. § 1760.41

The sale of a vehicle, railroad rolling stock, aircraft or watercraft that is placed in use by the purchaser as an instrumentality of interstate or foreign commerce within 30 days after that sale and that is used by the purchaser not less than 80% of the time for the next 2 years as an instrumentality of interstate or foreign commerce. The State Tax Assessor may for good cause extend for not more than 60 days the time for placing the instrumentality in use in interstate or foreign commerce. For purposes of this subsection, property is “placed in use as an instrumentality of interstate or foreign commerce” by its carrying of, or providing the motive power for the carrying of, a bona fide payload in interstate or foreign commerce, or by being dispatched to a specific location at which it will be loaded upon arrival with, or will be used as motive power for the carrying of, a payload in interstate or foreign commerce. For purposes of this subsection, “bona fide payload” means a cargo of persons or property transported by a contract or common carrier for compensation that exceeds the direct cost of carrying that cargo or pursuant to a legal obligation to provide service as a public utility or a cargo of property transported in the reasonable conduct of the purchaser’s own non-transportation business in interstate commerce.

In order to qualify for this exemption the vehicle must be placed in use by the purchaser, used within 30 days of purchase in interstate or foreign commerce and used in interstate or foreign commerce more than 80% of the time within the next 2 years after purchase.

A vehicle that is leased and used in interstate or foreign commerce is considered to be used by the lessee, not the purchaser, as an instrumentality of interstate or foreign commerce. Consequently, leased vehicles, including leased vehicles that are operated by the lessor, do not qualify for this exemption.

Use of a vehicle in intrastate and local operations is not use as an instrumentality of interstate or foreign commerce. Vehicles are considered to be used in intrastate or local operations when they are carrying cargo that both originates and terminates within the State of Maine.

This exemption applies only to vehicles, railroad rolling stock, aircraft and watercraft. Repair parts, operating supplies and accessories are not exempt. Accessories purchased as part of a vehicle are exempt from Maine sales or use tax if the vehicle qualifies for exemption. Accessories purchased separately from the vehicle are taxable.

Reason(s) for exemption

Interstate commerce.

2.057 Certain property purchased outside the State.

36 M.R.S.A. § 1760.45

Sales of property purchased and used by the present owner outside the State are exempt from tax:

- A. If the property is an automobile, as defined in Title 29-A, § 101, subsection 7, and if the owner was, at the time of the purchase, a resident of the other state and either employed or registered to vote there;
- B. If the property is a watercraft that is registered outside the State by an owner who at the time of purchase was a resident of another state and the watercraft or all-terrain vehicle is present in the State not more than 30 days during the 12 months following its purchase for a purpose other than temporary storage;
- C. If the property is a snowmobile or all-terrain vehicle as defined in Title 12, § 13001 and the purchaser is not a resident of the State;
- D. If the property is an aircraft not exempted under subsection 88 and the owner at the time of purchase was a resident of another state or tax jurisdiction and the aircraft is present in this State not more than 20 days during the 12 months following its purchase, exclusive of days during which the aircraft is in this State for the purpose of undergoing “major alterations”, “major repairs” or “preventive maintenance” as those terms are described in 14 Code of Federal Regulations, Appendix A to Part 43, as in effect on January 1, 2005. For the purposes of this paragraph, the location of an aircraft on the ground in the State at any time during a day is considered presence in the State for that entire day; or
- E. For more than 12 months in all other cases.

Property, other than automobiles, watercraft, snowmobiles, all-terrain vehicles and aircraft, that is required to be registered for use in this State does not qualify for this exemption unless it was registered by its present owner outside this State more than 12 months prior to its registration in this State. If the property required to be registered for use in this State was not required to be registered for use outside this State, the owner must be able to document actual use of the property outside this State for more than 12 months prior to its registration in this State. For purposes of this subsection, “use” does not include storage, but means actual utilization of the property for a purpose consistent with its design.

Notwithstanding § 1752-A, “resident” may include an individual, an association, a society, a club, a general partnership, a limited partnership, a limited liability company, a trust, an estate, a corporation and any other legal entity.

2.103 Refund of sales tax on depreciable machinery and equipment purchases.

36 M.R.S.A. § 2013

This section only applies to farmers and fishermen (including those engaged in aquaculture) who are engaged in commercial activities. Although this is a refund provision, it does provide an exemption for purchases made after certification. Prior to certification or in cases where an exemption card cannot be used to purchase a certain item, the purchaser can seek a refund. The exemption card, which is issued by Maine Revenue Services, can be used to purchase qualifying depreciable machinery and equipment, including repair parts for such, free of tax.

In order to qualify for this exemption, machinery or equipment must meet three tests. Machinery or equipment must:

1. be used directly in commercial production; and
2. be used primarily in commercial production; and
3. Be depreciable for Federal Income Tax purposes.

“Directly” means those activities or operations, which constitute an integral and essential part of commercial agricultural production or commercial fishing as distinguished from those activities or operations which are simply incidental, convenient or remote to commercial agricultural production or commercial fishing. “Directly” does not include support operations such as construction or repair facilities, machine shops, storage activities, administration or any highway transportation.

Effective October 1, 2006, the production of livestock also includes the removal and storage of manure from that livestock. Therefore, depreciable machinery and equipment used in the removal and storage of manure qualify for exemption/refund as of that date. Effective August 23, 2006, depreciable machinery and equipment used in certain agricultural composting operations qualify for the exemption/refund.

“Primarily” means more than 50% of the time.

Reason(s) for exemption

Provide financial support to commercial agriculture, aquaculture and fishing.

Method used to calculate the revenue loss

The estimate is based on actual refunds issued in fiscal year 2006.

2.127 State & local government exemption from the special fuel tax.

36 M.R.S.A. § 3204-A(3).

Sales of special fuel to this State or any political subdivision of this State are exempt from the special fuel tax.

Reason(s) for exemption

Retain funds for other public purposes.

Estimated Highway Fund revenue loss

FY'08 \$2,537,981

FY'09 \$2,634,818

Method used to calculate the revenue loss

The estimated revenue loss is based on information reported on motor fuel tax returns.

2.128 Special fuel exported from the State.

36 M.R.S.A. § 3204-A(5).

Special fuel sold only for exportation from this State is exempt from the Special Fuel Tax.

Reason(s) for exemption

The special fuel is being exported from this State.

Estimated Highway Fund revenue loss

FY'08 \$8,839,380

FY'09 \$9,176,632

Method used to calculate the revenue loss

The estimated revenue loss is based on information reported on motor fuel tax returns.

2.129 Refund of special fuel tax for off-highway use and for certain bus companies.

36 M.R.S.A. §§ 3215 and 3218.

The excise tax paid on special fuel bought and used for the purpose of operating or propelling motor boats, tractors used for agricultural purposes not operating on public ways, or in such vehicles as run only on rails or tracks, in stationary engines, in the mechanical or industrial arts, for registered vehicles operating off the highways of this State, or for any other use except in registered motor vehicles operated on the highways of this State is refundable less one cent per gallon. All fuel qualifying for a refund is subject to use tax.

Any person engaged in furnishing common carrier passenger services under an operating authority license issued pursuant to Title 29-A, § 552 is entitled to reimbursement of the tax paid on special fuel used in locally encouraged vehicles (buses upon which no excise tax is collected, under § 1483, subsection 13) operated by him, which his tax-exempt commutation fare revenue derived from that service bears to his total passenger fare revenue. "Tax-exempt commutation fare revenue" means revenue attributable to fares of 60 cents or less and fares paid for commutation or season tickets for single trips of less than 30 miles or for commutation tickets for one month or less. "Total passenger fare revenue" means all revenue attributable to the claimant's passenger operations. The refund is made only if the claimant's tax-exempt passenger fare revenue is at least 60% of the claimant's total passenger fare revenue derived during the calendar quarter for which that refund is claimed.

Reason(s) for exemption

The fuel is being used for off-highway purposes. The purpose of the common carrier exemption is to encourage the provision of free transportation to certain persons.

Estimated Highway Fund revenue loss

FY'08 \$4,238,634

FY'09 \$4,344,600

Method used to calculate the revenue loss

The estimate is based on actual refunds issued in fiscal year 2006.

Cigarette Tax Exemption

2.130 Cigarette stamp tax deduction for licensed distributors.

36 M.R.S.A. § 4366-A.2.

Cigarette tax stamps are sold to licensed distributors at a discount from their face value. Stamps with a face value of 37 mills (74 cents) were sold at a discount of 2.5% through September 30, 2001. For stamps with a face value of 50 mills (\$1.00) sold prior to July 1, 2002, the discount was 2.16%. For stamps with a face value of 50 mills (\$1.00) sold prior to September 19, 2005, the discount was 2.03%. For stamps with a face value of 100 mills (\$2.00) on or after September 19, 2005, the discount is 1.15%.

Reason(s) for exemption

The discount provides a subsidy to licensed distributors to help them cover the cost of affixing the tax stamps to packages of cigarettes.

Estimated Highway Fund revenue loss

FY'08 \$1,848,762

FY'09 \$1,833,542

Method used to calculate the revenue loss

The estimated revenue loss is based on the cigarette tax revenue forecast.
