Re: Report required by State Government Article § 2-1257 (MSAR #923)

Lady and Gentlemen:

The State Department of Assessments and Taxation (SDAT) is required to submit an annual report in accordance with State Government Article § 2-1257 of the Annotated Code of Maryland.

In accordance with this requirement, SDAT is pleased to submit the 2019 Annual Report. This report is a collection of data on programs administered by the Department.

Our entire team is committed to provide the customers we serve with the highest level of courteous, prompt and efficient service. I hope the information contained in this Report is of value to you and your constituents. As always, I welcome and appreciate the opportunity to share more information on our policies and procedures with you to enhance the level of service provided to our customers. Sincerely,

A handwritten signature in blue ink, appearing to read "M. L. Higgs", is centered on the page.

Michael Higgs

GENERAL DUTIES AND POWERS OF THE MARYLAND STATE DEPARTMENT OF ASSESSMENTS AND TAXATION

The Maryland State Department of Assessments and Taxation was established in 1959 and was assigned the administrative functions formerly given to the State Tax Commission. The Department has broad responsibilities including: (1) assessing all real property in the State, (2) supervising the real and personal property tax structure of the State, (3) creating and maintaining State records that establish corporations and other business entities, (4) administering programs for State property tax exemptions and credits, and (5) publishing statistics and reports.

Office of the Director

The Office of the Director manages the entire agency, including the Director's staff and the offices of Finance/Accounting, Equal Employment Opportunity, Human Resources, and the Attorney General. The Director's staff compiles statistics and reports, monitors assessment levels, ensures compliance with applicable laws and regulations, establishes Department priorities, manages the budget, interfaces with the Legislature and Executive Branch agencies, and assists the Director in Department management.

The Office of Human Resources is responsible for recruitment, position classification, salary administration, employer-employee relations, health benefits, retirement programs, workers' compensation, unemployment insurance, collective bargaining, teleworking, tuition reimbursement, training, and timekeeping.

The Office of Equal Employment Opportunity monitors personnel actions, investigates Equal Employment Opportunity complaints, provides employee assistance services, and ensures Americans with Disabilities Act compliance.

The Office of the Attorney General provides advice to program managers on legal matters and represents the Department in litigation.

Real Property Division

The Real Property Division functions under the relevant provisions of the Tax-Property Article of the Maryland Annotated Code and is responsible for performing real property assessments of residential, commercial, industrial, and agricultural properties throughout the State. The assessment of property is conducted by assessors working in 23 counties and Baltimore City. Real property assessments are based on a three-year cycle in which one-third of all real property is reviewed each year.

Assessment notices are mailed annually on January 1. For 2019, approximately 769,668 Maryland property owners received their reassessment notices. Assessments are based upon estimates of the market value of real property, including vacant and improved land. In addition to monitoring and analyzing all real estate sales in Maryland, assessors use the Real Property Assessment Administration and Valuation System (AAVS) to estimate the replacement cost values of various types of real property improvements. Commercial and industrial assessors also

utilize the capitalization of net income in the valuation of income-producing properties. The Real Property Assessment Procedures Manual, the Code of Maryland Regulations, and other commercially produced references are also used in the property valuation process. Real property assessment values are furnished to each county and municipality for tax billing purposes.

Any property owner that disagrees with an assessment has a right of appeal. Maryland law provides for a three-level administrative appeal process: the Supervisor's Level Hearing, the Property Tax Assessment Appeals Board (PTAAB), and the Maryland Tax Court.

Uniform and accurate assessments form the foundation of fair property taxation. The Department has adopted national standards for measuring property assessment quality as outlined by the International Association of Assessing Officers. To ensure the accuracy of assessments, the Department completes an annual assessment ratio survey by comparing actual sales with assessment levels in the various subdivisions. This survey also determines how well local assessment offices are keeping pace with current property values.

Taxpayer Services Division

Charter Services

The Department's Charter Unit in Baltimore is the centralized filing location for forming a new business entity or registering a "foreign" (out-of-state) entity that is doing regular business in the State. The Charter Unit is also responsible for registering trade names, processing and posting Uniform Commercial Code (UCC) financing statements, and registering ground rents. The Department currently maintains a registry of 92,419 ground rent owners.

Table VIII provides a summary of the number and type of documents processed by the Department for fiscal years 2017, 2018, and 2019. Table IX details the revenues the agency collected and deposited into the State General Fund.

Business Personal Property Valuation

The Business Personal Property Valuation Unit is responsible for assessing the value of taxable personal property owned by business entities throughout the State. The Unit's assessors apply generally accepted accounting principles to determine an entity's assessed value. Notices reflecting personal property values are mailed to Maryland businesses, and those values are certified to the respective county and/or municipal government to calculate and issue tax bills. Local governments then apply their own tax rate to this business personal property assessment.

Franchise Taxes and Public Utility Valuation

Utility companies are subject to two separate types of taxes administered by the Department. The first levy is a franchise tax applicable to gas, electric, and telephone companies. The second levy is a property tax assessment for the operating real and personal property of public utilities, including electric companies, local gas distribution companies, interstate natural gas and oil pipelines, railroads, telecommunication companies, and water companies.

Homeowners' Tax Credit Program

The Homeowners' Tax Credit Program assists homeowners whose property tax bills are disproportionately higher than a fixed percentage of their gross household income. The program uses a graduated formula that establishes a tax limit for each income amount. A credit is granted whenever the amount of eligible taxes paid exceeds the tax limit for that income level. Table XI compares the number of Homeowners' Tax Credits granted within each subdivision in fiscal years 2018 and 2019.

Homestead Tax Credit

The Homestead Tax Credit caps the amount of residential real property assessment on which a homeowner pays property taxes and this credit (or cap) can increase substantially through the years of home ownership as property values increase. To qualify for the Homestead Tax Credit, an applicant must be using the subject residence as his or her principal residence.

Renters' Tax Credit Program

The Maryland General Assembly created the Renters' Tax Credit Program based on the proposition that renters indirectly pay property taxes in their monthly rent and therefore, should receive a tax credit if they qualify based on their gross household income. The majority of recipients of this credit are retirees age 60 or older, but the program is also available to the 100% disabled and renters under age 60 with at least one dependent child. There is an itemization in Table XII for the 2018 and 2019 Renters' Tax Credit application years as to the number of applications received, the number of credits issued, the total disbursement of funds for the credit, and the average amount of credit received by each eligible applicant.

Exempt Property

The Maryland General Assembly has enacted a strict standard for granting real property tax exemptions because these properties place a demand on local governments for services and the cumulative effect of exemptions can erode the local government tax base. These statutes require a stricter showing of "actually" serving the enumerated exempt purposes and not merely the showing of "nonprofit" status that is required to receive a federal 501(c) (3) designation.

The Department reviews all applications for a real or personal property tax exemption. Exemptions are granted to eligible charitable, educational, religious, or other organizations or individuals specifically named in the statute. In considering the application for exemption, the Department reviews the financial records, the entity formation documents, and the specific use of the particular property by the applicant. The Department also processes the property tax exemption applications for 100% permanently disabled veterans and their surviving spouses. Table XIII provides a summary of the total amount of assessable base in each subdivision exempted from State, County, and Municipal property taxes. This table lists the information by type of property owner. Local governments are the largest governmental owner of exempt property in the state and the federal government owns the second largest amount. The State of Maryland owns the smallest amount of government-owned property.

In terms of privately held exempt property, educational organizations own the largest amount of exempt property. Religious organizations comprise the second largest group and charitable

organizations are third. Finally, the category on Table XIII called “individually owned” property includes disabled veterans/surviving spouses, blind persons, and foreign embassies.

Enterprise Zone and Other Business Property Tax Credits

The Department’s role in the administration of Enterprise Zone tax incentives is to process the property tax credit granted to an eligible business. This credit equals 80% of the property taxes on the increased assessment on the new construction for the first five tax years, and from 30% to 70% of the increased assessment over the next five years. A business located in a “focus area” within an Enterprise Zone can receive a tax credit on newly acquired personal property, and the real property credit granted in a focus area remains at the 80% level for all 10 years of the credit’s duration.

The central administration of the Department and local Supervisors of Assessments in the counties work closely with the local economic development officials in explaining the provisions and calculations of these credits to businesses, which are bringing jobs and capital investment to Maryland. For each year’s tax billing, the local Supervisor of Assessments certifies to the County Government Finance Officer or Treasurer the amount of assessment eligible for that year’s amount of Enterprise Zone Credit. These certifications are made each year for the ten year life of the credit. Finally, the central administration of the Department directs its accounting section to issue payment to local governments for the State’s one-half share reimbursement of the taxes forgiven to the eligible business in the form of the Enterprise Zone Credit. Table XIV lists the State’s one-half reimbursements to local governments of the property tax credits for the Enterprise Zones.

The Department also performs assessment-related functions for State agencies and local governments in the administration of other business-related property tax credits, such as the Business that Creates New Jobs Tax Credit, the Brownfields Tax Credit, the Arts and Entertainment Tax Credit, and the BRAC Zone Tax Credit Payment.

Office of Information Technology

Internet Services

The Department offers internet access to information and services 24 hours a day, seven days a week. With our online services, we have been reaching a larger field of users throughout the United States and the world.

In 2019, the Department provided its customers with the option to file a Homeowners’ Property Tax Credit Application or Renter’s Tax Credit Application online for the first time ever. 5,134 online applications were received. The Department expects this number to increase each year.

In 2019, the Maryland Business Express site, originally launched by the Hogan Administration, made it easier than ever for aspiring entrepreneurs and existing business owners to use the many resources offered by the State of Maryland to plan, start, manage, and grow their business. Maryland Business Express upgraded many of its features to make it more navigable, easier, and more convenient to use. The Department received eight awards in 2019 for its Maryland Business Express website.

The following online services are offered through the Department's website:

- Searchable Real Property data including:
 - Current property assessments,
 - Ownership information,
 - Recent sales/transfer data,
 - Tax maps,
 - Ground rent registration and redemption information,
 - Electronic images of Ground rent registration documents, and
 - Links to Ground rent deed records via MDLANDREC.NET,
 - Homestead Application Status, and
 - Homeowners' Tax Credit Application Status
- Filing of requests for real property assessment hearing appeals;
- Filing of Homeowners' Tax Credit Application;
- Filing of Renters' Tax Credit Application;
- Maryland Business Express
 - Searchable database of Business Entity information,
 - Business Charter Filings including:
 - Formation Documents,
 - Trade Names
 - Resolutions, and
 - Cancellations.
 - File Current and Prior Year Annual Reports,
 - File Current and Prior Year Business Personal Property Tax Returns,
 - Order certificates of good standing,
 - Order certified copies of business documents, and
 - Download PDF copies of Business Charter Filings.
- Online Extension Request System for Annual Business Filings;
- Potential Domestic Forfeiture list; and
- Uniform Commercial Code (UCC) filings.

The Department also offers a variety of forms, publications, and other valuable information. These services and information are of great value to property owners, banks, lenders, appraisers, real estate professionals, businesses, and attorneys.

Full year column includes new construction added for the full year (July 1). The New Construction column is property added for partial year levy (Oct. 1, Jan 1, and Apr. 1).

Cecil County busines personal property columns include the value of Rock Springs Non-Utility Generator and Wildcat Point Non-Utility Generator.

Garrett County is not levying a tax against business personal property. The figures in that column are for personal property of non-utility generators used to generate electricity which is a separate class of property.

These figures do not include adjustments necessary to calculate State grants to local governments or any tax credits. The above Business Personal Property figures for July 2018 must be adjusted before being used for state aid purposes by substituting the following figures in (\$000) :

Worcester County \$158,843.

Effective July 1, 2013 manufacturing equipment became exempt in Wicomico County. Effective July 1 2015 manufacturing equipment became exempt in AlleganyCounty

Full year column includes new construction added for the full year (July 1). New construction is property added for partial year levy (Oct. 1, Jan 1, and Apr. 1).

Cecil County business personal property columns include the value of Rock Springs Non-Utility Generator and Wildcat Point Non-Utility Generator.

Garrett County is not levying a tax against business personal property. The figures in that column are for personal property of a non-utility generator used to generate electricity which is a separate class of property.

Full year column includes new construction added for the full year (July 1).

New construction is property added for partial year levy (January 1).

Utility operating real property is taxed at a different rate than other real property.

State Department of Assessments and Taxation

Table V
Fiscal Year 2019 Real Property Tax Base/Ratio by Jurisdiction

This table shows the taxable assessable base and ratios of real property used for different purposes. Ratios shown are median ratios of arms-length sales of properties in Group 1 that were sold between July 1, 2018 and June 30, 2019, compared with the Department's January 1, 2019 assessed value. In jurisdictions with fewer than 10 commercial sales, the statewide ratio is used (see Table V). A ratio of 100% is used for property not assessed on market value.

	Number of Properties	Residential		Commercial		Agricultural		Use Value		Total Base	Weighted Ratio
		Base	Ratio	Base	Ratio	Base	Ratio	Base	Ratio
