R. Bruce Johnson Commissioner

Marc B. Johnson Commissioner

D'Arcy Dixon Pignanelli Commissioner

Rodney G. Marrelli Executive Director

January 1, 2007

To the Honorable Jon M. Huntsman, Jr., Governor And members of the Utah State Legislature:

On behalf of the Utah State Tax Commission, we are pleased to submit to you the annual report for the fiscal year ending June 30, 2006.

Total collections from all sources administered by the Tax Commission during the 2006 fiscal year totaled \$6,475,224,565. This represents an increase of \$931,746,560 in total collections from fiscal year 2005. The Education Fund increased \$522,104,827, or 24.1 percent; the Transportation Fund increased \$71,950,907, or 15.7 percent; and the General Fund increased \$212,272,130, or 11.5 percent.

We remain steadfast to our mission of serving the people of Utah through fair administration of state tax and assigned motor vehicle laws.

Sincerely,

Pam Hendrickson Tax Commission Chair Rodney G. Marrelli Executive Director

# **Tax Commission Overview**

The Utah State Tax Commission plays a key role in the day-to-day lives of all Utah citizens, as well as state and local governmental agencies. The Tax Commission administers State tax laws and collects tax revenue for the state and local governments. It collects and distributes revenue from over 40 taxes, surcharges, and fees. These revenues are used by state and local governments to provide services to their citizens. The Commission also registers automobiles and regulates the automobile sales industry.

The Utah Constitution mandates that the Governor, with concurrence from the Senate, appoints four Commissioners to serve four-year terms. No more than two Commissioners may be from a single political party. Tax Commissioners administer and supervise the state's tax laws, rule on appeals, promulgate rules, issue private letter rulings, and sit as the State Board of Equalization.

## Mission

#### Our mission is to collect revenue for the State of Utah and local governments and to equitably administer tax and assigned motor vehicle laws.

## Purpose

#### We collect taxes and administer the following programs:

- Personal income, corporate income, and gross receipts taxes
- Sales tax, including numerous local option taxes
- Beer, tobacco, and other miscellaneous taxes
- Oil, gas, and mining severance taxes
- Centrally assessed property taxes
- Motor vehicle registration fees
- Employee withholding tax
- Fuel taxes

#### The Tax Commission has the following areas of responsibility:

- Processing of revenue, returns, and updating taxpayer information
- Auditing tax returns and other information to check accuracy and compliance
- Collecting delinquent taxes
- Assisting taxpayers with compliance and resolving account issues
- Overseeing local property tax assessments and administration of centrally assessed valuations
- Registering motor vehicles and motor carriers
- Enforcing motor vehicle laws, including vehicle fraud, stolen vehicles, and regulation of the automobile sales industry

### Areas of Focus

#### Do it Right the First Time

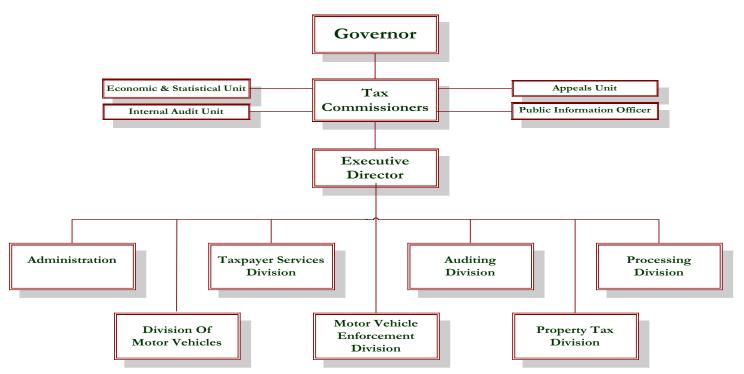

Effectively communicate and build working relationships with all customers

**Better Tools for Better Results** 

Deliver quality products and services

Allow Great People to do Great Work

Create and maintain a work environment where people excel and productivity is enhanced

#### **Administration**

- Implements laws
- Drafts rules and legislation
- Provides general agency support
- Provides oversight of all tax monies
- Develops and manages the department's
- budgeting and accounting functions
- Distributes revenues to local governments
- Identifies tax fraud and develops criminal cases **Processing**
- Designs and prints tax publications and forms

- Deposits \$6,568,701,479 in gross revenues that come through the Tax Commission

- Processes, enters data, microfilms, and archives 2.84 million paper and electronic tax returns annually

#### Auditing

- Audits all state taxes except property tax
- Determines that taxes due have been reported
- Educates taxpayers in proper tax accounting
- Enhances voluntary taxpayer compliance

#### **Motor Vehicle Enforcement**

- Investigates auto theft and other vehicle-related crimes

- Protects Utah citizens from motor vehicle commerce fraud

- Regulates the automobile industry to foster a fair and honest sales environment

#### Division of Motor Vehicles

- Collects \$357,679,804 in taxes and fees
- Processes more than 2.73 million vehicle title and registration transactions
- Trains staff of the counties that contract to administer motor vehicle programs for the state
- Provides vehicle identification services to law enforcement and evidence of vehicle ownership to individuals and financial institutions

#### Taxpayer Services

- Maintains front-line contact with the public on tax issues, provides customer service, collects delinquent taxes, and encourages future compliance

- Manages bankruptcy claim filings

- Administers waiver of penalty/interest and offer-in-compromise programs

- Offers tax education classes on state taxes to businesses and presents workshops jointly with other state and federal agencies

#### **Property Tax**

- Administers 'Truth-in-Taxation' law

- Works with local officials to assure equitable and accurate assessment and taxation

- Appraises and audits all centrally assessed properties including mines, utilities, airlines, railroads and motor carriers

# **Administration Highlights**

The State Tax Commission continues to utilize technological advancements to improve services and meet expectations of the Utah public. Services to our citizens are faster and more accurate, the costs of services are kept low, and Tax Commission employees are more efficient in carrying out their responsibilities.

## Arches

The 2006 Legislature authorized funding for major upgrades in the State Tax Commission computer system. This project serves as a foundation for the future and continued improved customer service.

The system, pegged "Arches Revenue Gateway," is a joint effort of the Tax Commission and the State Department of Technology Services to replace aged computer tax programs. The previous 20-year old system relied primarily on the State's mainframe computers. The project will ultimately integrate systems that will enhance tax compliance, improve customer

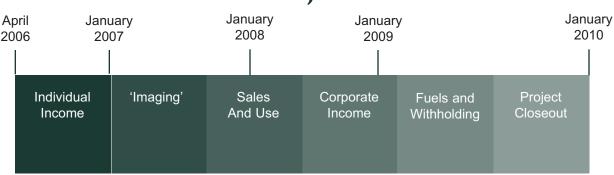

Rodney Marrelli Executive Director Utah State Tax Commission

service and provide flexibility for changes in Utah's tax system. The first phase of the system features replacement of state income and fiduciary taxes for calendar year 2006. Conversion of the sales and use tax, corporate, employer withholding, fuels and other miscellaneous taxes will be completed in the following four years.

Following a comprehensive review of potential alternatives, the Tax Commission selected GenTax, a commercial software system. GenTax has a solid track record in several states and Canadian provinces in replacing aged systems to a user-friendly system that covers all areas of tax processing and administration.

The Arches Project is being developed with input from all areas of the Tax Commission. Employees, with the exception of the Division of Motor Vehicles, the Property Tax Division, and Motor Vehicle Enforcement Division - will be trained in the use of the new system.

The project will replace five core tax systems that process 40 different tax types and will take about four years to complete.

## **Arches Project Timeline**

#### **Benefits of the New 'Arches' System**

- Enhanced compliance with tax laws
- Single point of contact for taxpayer
- Improved customer service
- More flexibility to integrate changes in tax laws
- New technology provides foundation for future
- Improves revenue administration

## FY2006 Accomplishments

The most significant accomplishments in fiscal year 2006 include the following:

- **On-line filing options continue to be promoted and enhanced.** The largest volume tax types are now available for filing online, including income tax, sales tax, and motor vehicle renewals. On-line registration for the motor carrier industry was added in 2005 and continues to grow in popularity. There three primary advantages of using electronic filing options:

- \* Easier for the public
- \* Saves on paper handling and
- \* Reduces errors.

Last year electronic filing options were used by 51 percent of the state income tax filers, and 24 percent of the motor vehicle renewals were completed on-line. These applications have allowed the Tax Commission to keep pace with taxpayer growth without having to add additional staff to handle increasing numbers of transactions.

- Most tax payments and motor vehicle renewal fees can be made electronically. Debit and credit cards are now accepted at motor vehicle branch offices, which account for 32 percent of the motor vehicle transactions. Income tax returns can be filed and taxes paid on line. These and other electronic payments offered by the Tax Commission save transaction times, provide more timely availability of funds in state accounts, and reduce the number of returned checks.

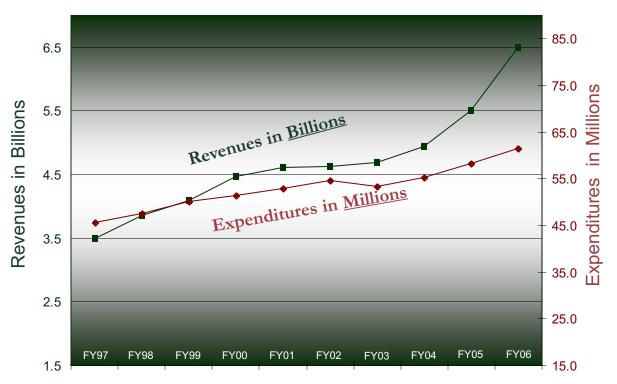

- On-line research tools and forms make tax information more accessible to the public and employees. Web site information is being accessed by hundreds of thousands of users each year. This provides easy access to information that makes tax compliance easier for citizens and businesses. "Fill-in" forms on our web site provide an alternative to manually completing paper forms.

- Automation of internal processing functions provides more efficient document update, recording, and retrieval functions. Document scanning was initiated in 2005 and is a more efficient method of capturing taxpayer information for account update, storage and retrieval than manual data entry and microfilm processes. In the future, scanned images of documents can be retrieved electronically by agency staff who are assisting taxpayers, or who are doing research on account transactions. Use of this equipment will eventually replace the manual microfilm storage and retrieval process.

The following pages show various charts and graphs illustrating increased productivity and trends in core Tax Commission responsibilities. These measurements demonstrate increased effectiveness and efficiency in the collection and administration of State tax revenues.

## **Revenues Compared To Expenses**

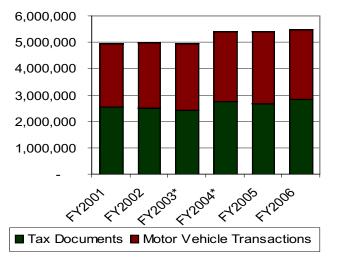

**10-Year Trend** 

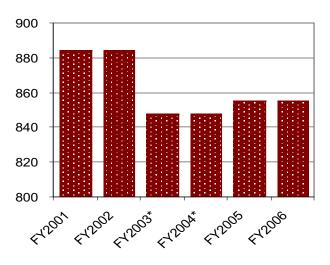

This chart shows the trend of revenues processed compared to agency operating expenses. Revenues processed are shown in the billions of dollars, while expenditures are stated in millions. The current ratio of revenue to expense is \$1.00 of revenue to .011 cents of expenditure.

#### Tax and Motor Vehicle Transactions Processed by State Tax Commission

#### Utah State Tax Commission Employees (Authorized Full-Time Employees)

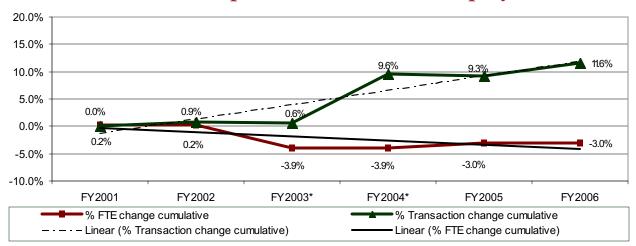

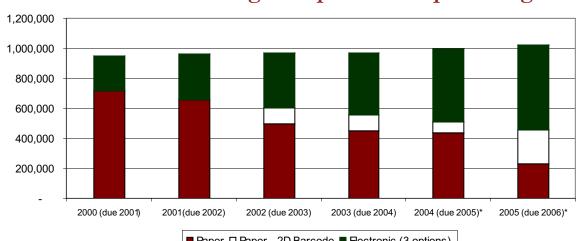

As shown above (left), transactions steadily increase each year. Staffing levels (right) have remained level and were actually lowered in FY03 after statewide budget cuts. Processing efficiencies include on-line filing options that have helped to keep up with workload increases, electronic transfer of documents instead of paper printing and transfer, and scanning of documents.

# **Tax Commission Productivity**

**Transactions Compared to Full-Time Employees** 

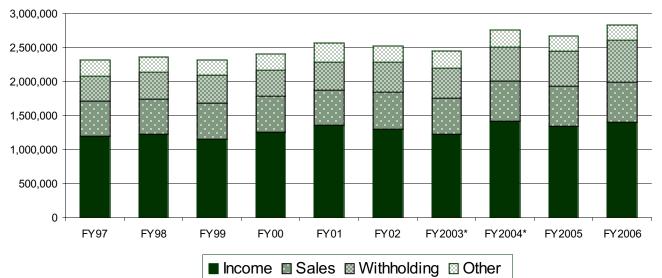

This chart shows the percent increase of Tax Commission transactions compared to the decrease in the number of employees over the past six years.

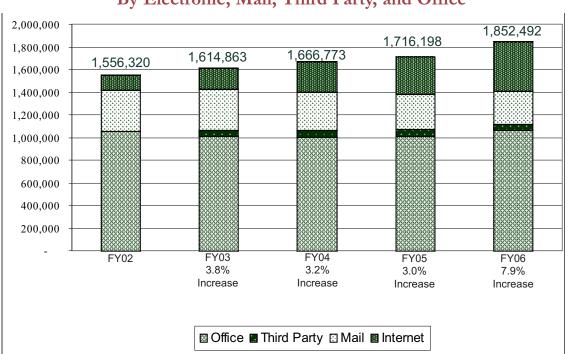

#### **Electronic Filing Compared to Paper Filing**

■ Paper □ Paper - 2D Barcode ■ Electronic (3 options)

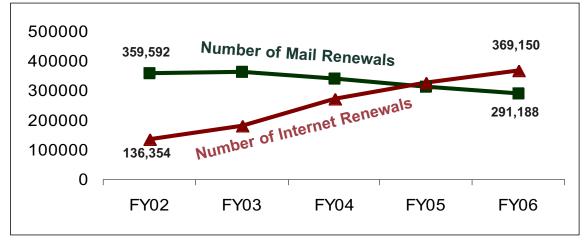

#### **Total Tax Related Documents Processed**

## **Motor Vehicle Renewal Transactions**

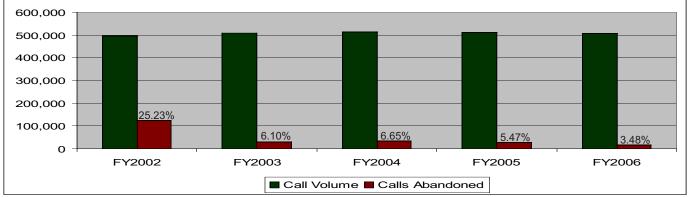

#### By Electronic, Mail, Third Party, and Office

#### Internet and Mail Transactions Trends

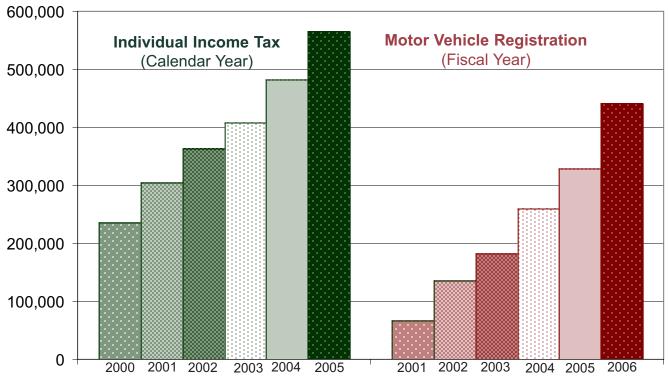

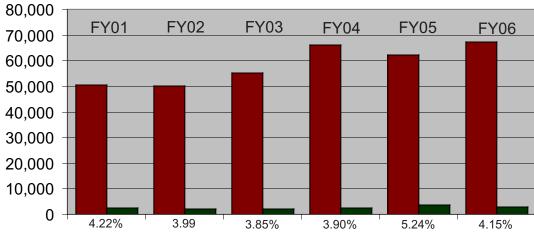

This chart shows the reduction in the number of abandoned calls at DMV in recent years. When a customer abandons a phone inquiry before contacting an employee, it is classified as an abandoned call.

## **Growth in Electronic Transactions**

This chart shows the growth in the number of income tax returns filed and motor vehicle registrations processed by the State Tax Commission in recent years.

## **Taxpayer Services Volume and Abandoned Rate**

When a customer discontinues a phone inquiry before contacting an employee it is classified as an abandoned call. This chart shows the number of calls received by the Taxpayer Services Division in dark red and the number of abandoned calls in dark green. The abandoned rate is shown as a percentage.

### "On The Spot"

In May of 2005, the Tax Commission implemented "On The Spot," a program that allows automobile inspection stations to offer Division of Motor Vehicle renewal service to their customers. This business and state agency partnership gives motor vehicle owners the option of registering their vehicle at an inspection station and saving a visit to the DMV office.

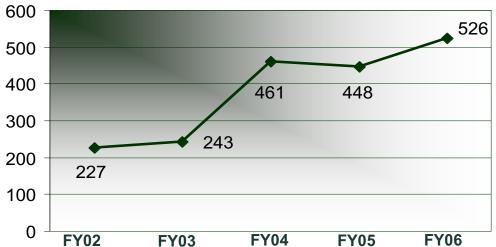

"On The Spot" FY2006 Registrations 77,397

## **Motor Vehicle Enforcement Division**

The Motor Vehicle Enforcement Division of the State Tax Commission investigates violations of the Motor Vehicle and Motor Vehicle Business Regulation Acts.

Utah law enforcement agencies recognize MVED police officers as experts in investigations of vehicle theft rings, chop shops, and fraud involving motor vehicles, titles, odometers, and related documents.

Other duties include consumer complaints against commercial motor vehicle dealers, body shops and dismantlers, regulatory licensing, and registration enforcement. The Division's dedicated investigative staff shares their knowledge with other agencies through shared intelligence and extensive training.

Stolen Cars Recovered

This chart shows the number of stolen vehicles the Motor Vehicle Enforcement Division recovered in recent years. In Utah, rate of recovery for stolen vehicles is 1.3 per police officer during FY2006. This compares to 24.2 stolen vehicles recovered per MVED officer.

#### **MVED FY2006 Statistics**

Recovered Stolen Vehicles
Value of Recovered Vehicles \$3,896,000
Motor Vehicle Criminal Counts Filed546
<b>Registration and Other Enforcement Citations</b>
Impoundments
Temporary Permit Audit Collections \$261,021
Preliminary NCIC* Investigations
Complaints and Cases Investigated 2,758

\*National Crime Information Center

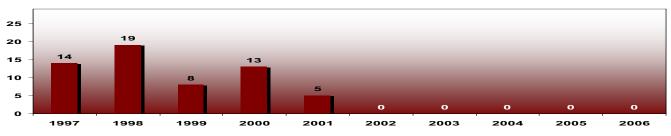

## **Taxpayer Collections**

The chart above shows the number of delinquent cases cleared as citizens work to become current with their tax obligations. State Tax Commission agents work with delinquent taxpayers to arrange for payment and to clear account balances. The dark green line is a trend line over the six-year period.

## Locally Assessed Real Property

Counties Out of Compliance and Corrective Action Orders Issued

This chart shows the number of corrective action orders issued by the State Tax Commission to counties in Utah that were out of compliance on local real property assessments. In 2002, the Property Tax Division began a program of working more closely with County Assessors to ensure that property values were regularly updated throughout the year. Since then, year end collection orders have not been necessary.

The Utah State Tax Commission conducts audits to ensure compliance and understanding of tax laws. Auditors provide taxpayer education during the audit process. Auditors also enhance voluntary taxpayer compliance as part of the auditing process.

## Auditing

Taxpayer Compliance							
FY01	FY02	FY03	FY04	FY05	FY06		
4.39	4.39	4.40	4.38	4.47	4.39		

This chart shows the overall satisfaction of citizens following an audit by the Utah State Tax Commission. It is based on a scale of 1 to 5.

# **Collection And Distribution** FY2006 Tax Revenue Highlights

#### **Tax Revenues**

Growth in major state revenue sources accompanied growth across all sectors of Utah's economy. Net tax revenues, collected by the Tax Commission, grew from \$5.54 billion in FY 2005 to \$6.48 billion in FY 2006, a 16.8 percent increase.

Revenues derived from the nine major sources (sales, income, corporate franchise, insurance, beer, cigarette, tobacco, oil and mining severance taxes), which comprise 95 percent of the General Fund and Education Fund, exceeded February 2006 adopted estimates by more than \$362 million in FY2006. The expected 8.9 percent gain was exceeded by an actual 18 percent increase. Individual income taxes were up 18.3 percent. Sales and use taxes, net of restricted funds, grew 3.9 percent. Corporate franchise taxes jumped 77.5 percent. Severance taxes increased by 36.4 percent.

Together, the three major Transportation Fund revenue sources grew by 2.2 percent and surpassed the consensus estimate by \$1.5 million. Special fuel taxes grew 7.7 percent, and exceeded the Legislative estimate by \$2.2 million. Motor vehicle registration fees increased 6.2 percent and barely outpaced the estimate by \$140,000. However, the motor fuel tax decreased 0.4 percent, and under-performed the estimate by \$870,000.

#### **Income Tax**

Individual income taxes, which grew 18.3 percent, were up \$167.7 million over February 2006 estimates. Adjusted Gross Incomes grew in FY 2006 with across the board increases in wages, capital gains, partnership income, interest and dividends. While withholding on wages was up 10.8 percent, final payments rose nearly 88.2 percent indicating strength in the non-wage component of income. The corporate franchise and income tax jumped 77.5 percent due in part to the repatriation of foreign profits as a result of a federal tax law change and growth in corporate profits.

#### **Sales** Tax

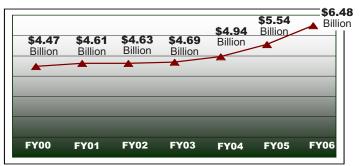

Final fiscal year-end state sales and use taxes, not including restricted funds, grew 3.9 percent. However, when restricted revenue is added, particularly transportation earmarks, state sales and use taxes jumped almost 11 percent. Overall strength in the Utah economy boosted taxable sales and purchases over 12 percent in fiscal year 2006. Taxable business equipment purchases rose in double-digits with mining and construction up 51.1 and 43.3 percent.

Manufacturing and Transportation grew 43.3 and 21.8 percent respectively in FY 2006. Wholesale trade was also strong with 24.5 and 20.1 percent growth in durable and nondurable goods. Retail sales grew nearly 10 percent in FY 2006 with strong increases across the board. The nondurable retail categories general merchandise, apparel, eating and drinking, and food store sales climbed 14.9, 8.8, 14.2 and 8.9 percent, respectively. The housing boom continued to drive certain durable retail sales in FY 2006. Specifically, furniture and building, and garden store sales increased 9.9 and 16.4 percent respectively.

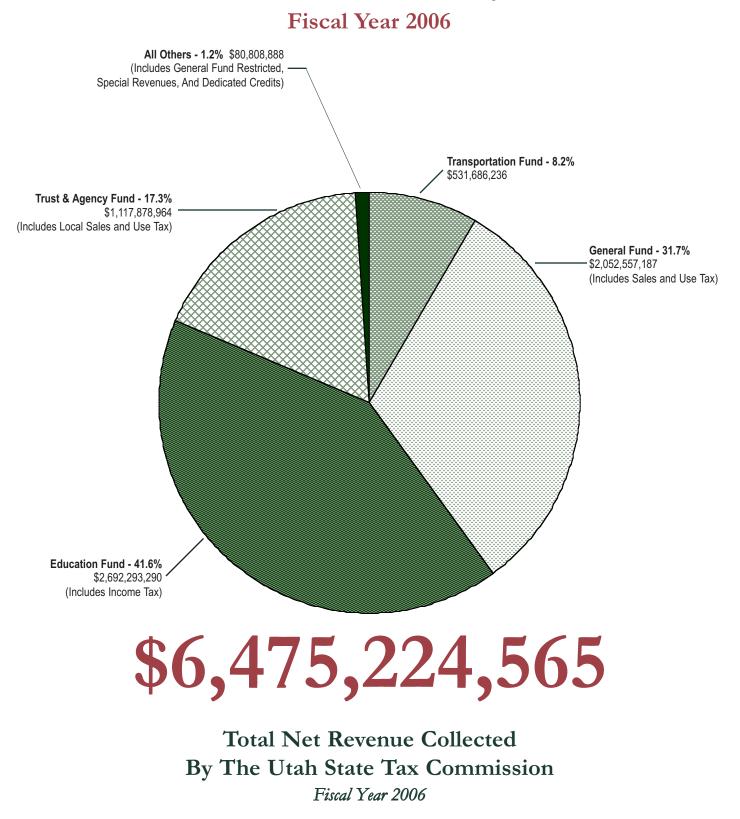

#### **Severance Tax**

Severance tax collections grew 36.4 percent, which boosted revenues by \$10.6 million above expectation. The impetus for this growth is the increased price and production response to strong local demand and to the nationwide shortages that resulted from Hurricane Katrina. Coal, crude oil and natural gas production increased 10.6 percent, 9.8 percent and 10.8 percent respectively. Coal, crude oil and natural gas prices were up 12.7 percent, 26.4 percent and 3.6 percent respectively.

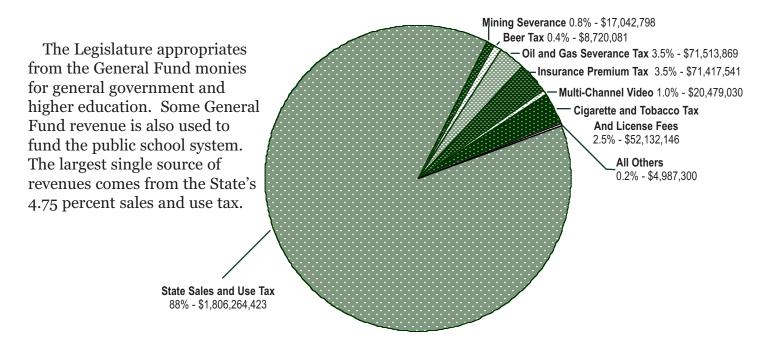

#### **Net Revenues Collected**

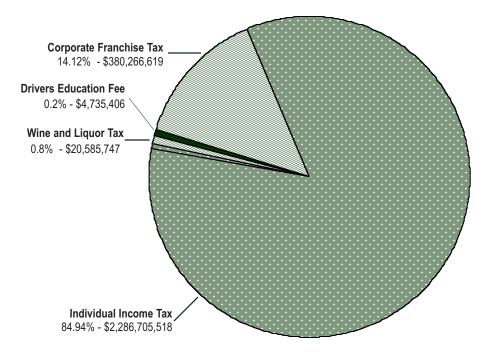

# **Revenue Collection by Fund**

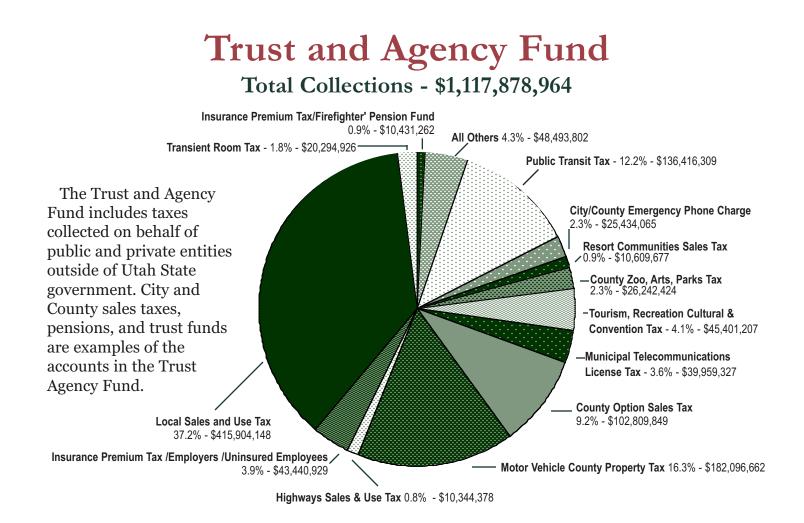

## **General Fund** Total Collections - \$2,052,557,187

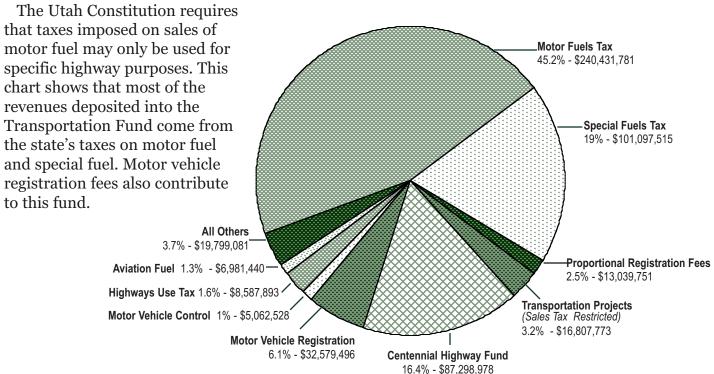

## **Education Fund** Total Collections - \$2,692,293,290

The Utah Constitution requires that the state income tax only be used to fund the state's public education and higher education systems. As shown in this chart, the Education Fund is largely composed of revenues generated by individual income and corporate franchise taxes.

## **Transportation Fund** Total Collections - \$531,686,236

<sup>1</sup> Beginning July 1, 1997, this excludes the annual amount of Sales and Use tax generated by 1/8 of 1 percent tax rate for water and transportation projects as prescribed by state statue. <sup>2</sup> Includes 40 percent of mineral production withholding tax.

<sup>3</sup> Includes 60 percent of mineral production withholding tax.

Percentages shown above are of the total major tax revenue sources and do not include other tax revenues.

# **Income Tax**

Individual income tax, corporate income, and franchise taxes in Utah are based on income. Between 1947 and 1996, all income taxes were constitutionally required to be used for public education. In 1996, Utah voters approved a change to the state's Constitution providing that these revenues could also be used for higher education. Utah is the only state where this constitutional mandate exists. Information in this report does not reflect changes made by the 2006 State Legislature. **Individual Income Tax** 

Utah levies an income tax tied directly to the federal tax system. This allows Utah taxpayers to claim the federal standard deduction or itemized deductions, and 75 percent of the federal personal exemption. For the 2005 tax year, Utah had six tax brackets for income tax. The highest rate was 7 percent for the top bracket on income over \$8,626 for married filing jointly, head of household, or qualifying widows or widowers. The 7 percent rate was also levied on taxable income greater than \$4,313 for single taxpayers or married filing separate returns.

#### Fiscal Year 2006 Revenues - \$2,286,705,518

*Individual income tax revenues include withholding amounts and* \$9,093,876 in mineral production withholding taxes.

#### Individual Income Tax Withholding

An employer must withhold state income tax from employee earnings if the employer

- Does business in Utah, or obtains any income from Utah sources; and
- Pays wages to individuals who perform services for that employer, within or outside the State of Utah on an employer/employee basis.

Employers are liable for withholding employee wages per schedules distributed by the State Tax Commission.

#### Corporate Franchise, Gross Receipts, and Radioactive Waste Taxes

The Corporate Franchise and Income Tax rate is 5 percent of Utah apportioned net income, with a \$100 minimum tax per corporation included in a combined report.

The Gross Receipts Tax is an in-lieu tax imposed on the gross receipts of corporations - other than religious or charitable institutions - operating in the State of Utah, that are not otherwise required to pay income or franchise taxes to the State.

The Legislature also imposed the Gross Receipts Tax on electrical corporations whose property tax liability was decreased as a result of property tax reductions authorized by the 1995 Utah Legislature.

A percentage tax on gross receipts at radioactive waste facilities is imposed on specific types of waste. These percentages range from 5 to 12 percent, depending on the specific type of waste received.

#### Fiscal year 2006 Revenues - \$380,266,619

Corporate franchise tax, gross receipts tax, and the radioactive waste tax revenues include \$13,640,814 in mineral production withholding tax.

# Sales Tax

Sales taxes were first introduced in Utah as a revenue source in 1933 when property tax collections dropped dramatically because of the Great Depression. The use tax was added in 1937 to complement the existing sales tax. Use tax is imposed on taxable transactions involving tangible personal property purchased outside Utah that the purchaser stores, uses, or consumes within the state. The Utah State Commission administers all state and local sales and use taxes, for which it imposes an administrative fee.

## State Sales and Use Tax

The Utah Sales and Use Tax rate has been 4.75 percent since July 1, 1997. The same rate applies to retail sales of meals, admissions to places of amusement, intrastate communication and passenger service, gas and heat utility service, commercial electric, hotel and motel accommodations, and certain other services.

Retailer licenses are issued without a fee. Retailers are required to collect the tax from customers. Charges for residential use of electricity and fuel are taxed at a rate of 2 percent. The Tax Commission collects the tax from retailers.

Use tax is imposed on taxable transactions where the purchaser remits the tax directly to the Tax Commission. The two taxes are compensating taxes, one supplementing the other, but cannot be applicable to the same transaction. The rate of the tax is the same.

Utah Code Ann. §59-12-101

**FY2006 Revenues: \$1,806,264,423** State law designated an additional \$100,159,209 as dedicated credits and restricted funds. These included natural resource protection, water, wastewater, and transportation projects. This amount excludes \$11,817,674 of the Public Transportation System Tax and Transfer because this amount applies to a local memorandum of understanding.

## Local Sales and Use Tax

All counties, cities, and towns in Utah have adopted ordinances to impose a 1 percent option of the Local Sales and Use Tax. This tax applies to the purchase price on the same transactions as the State Sales and Use Tax and is collected in the same manner as the state sales tax.

# **Public Transit Tax**

The 0.25 percent Public Transit Tax applies to the purchase price on transactions subject to the state sales tax. This tax, however, applies only in localities where voters have approved the tax to finance public transportation service. The Legislature authorized an additional 0.25 percent Public Transit Tax to fund a fixed guideway and expand the transportation system. Salt Lake, Davis, and Weber counties have approved this additional public transit tax.

Utah Code Ann. §59-12-501 and 502

### *FY2006 Revenues - \$136,416,309*

## Public Transit Tax Collected

(Net FY87 to FY06)

# **County Option Sales and Use Tax**

A County that reduces its certified property tax rate by the same amount it expects to gain in sales tax, may impose a county option sales and use tax of 0.25 percent. Public hearings, advertising and voter approval are required. Retailers are liable to collect the tax under the same conditions as the sales and use tax. The Tax Commission acts as the agent for the participating localities. All counties - with the exception of Emery, Kane, and Millard - have imposed this tax.

Utah Code Ann. §59-12-1102

### FY2006 Revenues - \$102,809,849

The amounts collected as shown in the shaded at the top of this page are accrued revenues for the County Option Sales and Use Tax. The revenues shown by 'County' reflect the actual amounts distributed during the fiscal year. The amounts differ due to timing differences.

## Tourism, Recreation, Cultural And Convention Tax

The Tourism, Recreation, Cultural, and Convention Facilities Tax permits counties to impose any or all of the following options:

*Restaurant* - A tax of up to 1 percent on all sales of prepared foods and beverages sold by a restaurant for immediate consumption.

*Leasing* - A tax of up to 3 percent of all short-term leases and rentals of motor vehicles not exceeding 30 days. There is an exception when the rental vehicle is replacing a motor vehicle that is being repaired pursuant to a repair or insurance agreement. Counties that have imposed the motor vehicle short-term lease and rental tax may impose an additional 4 percent tax on these vehicles.

*Room Rental* - A tax of up to 0.50 of 1

### Tourism, Recreation, Cultural And Convention Tax Collected (Net FY91 to FY06)

2006	\$45,401,207	1998 \$22,323,767

# Statewide Motor Vehicle Rental Tax

The Motor Vehicle Rental Tax is a statewide 2.5 percent tax on all short-term leases and rentals of motor vehicles not exceeding 30 days. There is an exception for rental vehicles replacing a motor vehicle that is being repaired pursuant to a repair or insurance agreement or a motor vehicle rental as a personal household goods moving van. It does not apply to rentals of vehicles registered by gross vehicle weight in excess of 12,000 pounds.

### Motor Vehicle Rental Tax Collected

	(Net FY98	8 to FY06)
2006	\$4,243,466	<b>3 to FY06)</b> 2001 \$3,743,275
	\$3,320,001	2000 \$3,562,155

# Botanical, Cultural and Zoological Tax

The Botanical, Cultural and Zoological Tax - often referred to as "ZAP" and various other acronyms - may be imposed at the rate of 0.10 percent (1/10th of one percent) of the purchase price on transactions taxed under the state's sales and use tax laws. This tax may be adopted in any county or city in which voters have approved the tax to fund recreational facilities and botanical, cultural and zoological organizations. Retailers are liable to collect the tax under the same conditions as applicable for sales and use tax. The Tax Commission acts as the agent for the participating localities. On April 1, 2006, Cedar City, Brian Head, Roosevelt, Orem, Redmond, Salina, and Aurora imposed this tax for the first time following a election in their respective cities.

Utah Code Ann. §59-12-701 and §59-12-1401

### Botanical, Cultural And Zoological Tax Collected

#### (Net FY97 to FY06)

2006
2005 \$19,916,601

Note 3: Effective 04/01/2006, Cedar City, Brian Head, Roosevelt, Orem, Redmond, Salina and Aurora imposed this tax.

# **County Transient Room Tax**

The Transient Room Tax is applied to the rental charge for any suite, room or rooms in a motel, motor court, inn, campground, or similar public accommodation for fewer than 30 consecutive days. This tax is in addition to the applicable sales tax. The Tax Commission acts as the agent for the counties, but 1990 legislation allows counties to collect the tax themselves. Davis, Duchesne, Emery, Grand, Utah, and Rich counties collect their own Transient Room Tax. All counties assess the 3 percent maximum rate.

# **Resort Communities Tax**

A municipality may levy the Resort Communities Tax if the municipality's transient room capacity is greater than or equal to 66 percent of its Census population. Qualifying municipalities may impose a tax levy of up to 1 percent of the purchase price on a transaction in the state sales tax. An additional 0.50 percent may be imposed upon voter approval, or if a municipality imposed a license fee or tax based on gross receipts under Section 10-1-203 on or before Jan. 1, 1996. Those municipalities may impose the additional 0.50 percent without voter approval if they meet certain statutory criteria. Retailers are liable for the collection of

Note: Effective April 1, 2003, the portion of Green River City previously located in Grand County was annexed into Emery County. The amounts collected as shown in the shaded box above are accrued revenues for the Municipal Highways Tax. The revenues shown by 'City or Town' reflect the actual amounts distributed during the fiscal year. The amounts differ due to timing differences.

## **Rural Hospital Tax**

A county of the fourth, fifth, or sixth class - or a city within those classes of counties - may impose a sales tax of up to 1 percent to fund rural county or city health care facilities. Facilities located in fourth (population 11,001 to 31,000), fifth (population 4,000 to 11,000), or sixth class (population less than 4,000) counties that are not in "Standard Metropolitan Areas" are eligible to impose the tax. Garfield, Kane, and Uintah counties as well as Beaver City impose the tax.

Utah Code Ann. §59-12-801

### FY2006 Revenues - \$6,443,531

The amounts collected as shown in the shaded box to the right are accrued revenues for the Rural Hospital Tax. The revenues shown by 'County or City' reflect the actual amounts distributed during the fiscal year. The amounts differ due to timing differences.

# Town Option Sales and Use Tax

A town may impose a tax of up to 1 percent if a town imposed a license fee or business gross receipts tax on or before Jan. 1, 1996. Only the town of Snowville imposed this tax in fiscal year 2006.

Utah Code Ann. §59-12-1301

FY 2004

<sup>1</sup>Excludes sales for resale at \$1.0 billion

# **Property Tax**

Property taxes are levied at the local level, based on valuations established by county assessors and - in the case of certain properties - by the State Tax Commission. Counties collect the taxes and distribute them to the individual taxing entities. The Tax Commission values centrally assessed property, which includes utilities, mines, and railroads. All monies collected from property taxes are distributed to school districts, local government entities, and special districts.

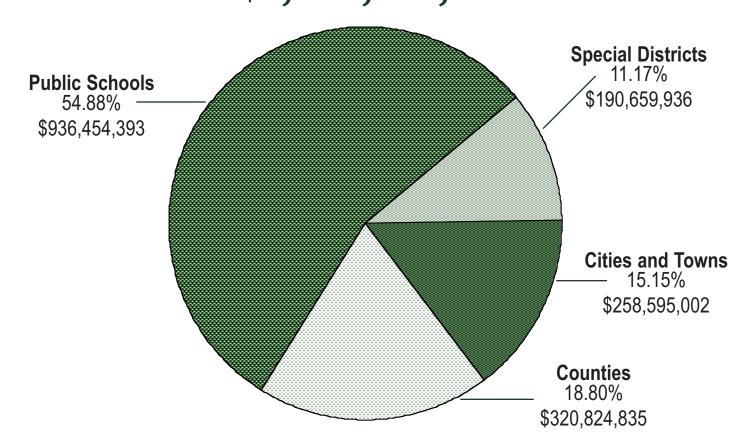

## **Real and Personal Property Taxes and Rates**

Property tax rates are set by local entities, such as counties, cities and towns, school districts, and special taxing districts. A statewide rate also is levied to finance Utah's schools through the Uniform School Fund. Those rates are applied against the taxable value of real and personal property, with the exception of motor vehicles.

## **Motor Vehicle Fees**

Utah motor vehicles - including most boats, recreational vehicles and trailers - are subject to a fee-in-lieu of the personal property tax. Passenger vehicles are assessed using a fee schedule based on the age of the vehicle. Boats, trailers, and recreational vehicles are subject to fees based on age, length, and other factors.

# Distribution of 2005 Property Taxes Charged \$1,706,517,417

# **Property Tax Values and Rates**

With the exception of some state-assessed properties, County Assessors value all taxable real property, personal property, and motor vehicles. These classifications are referred to as locally assessed property. The Property Tax Division of the State Tax Commission values centrally assessed property which includes utilities, mines, and railroads.

All taxable property in Utah is valued at 100 percent of its fair market value, based upon its locale and status of January 1 of each year. Fair market value less any exemptions equals taxable value. Taxable value is the value against which the tax rate is applied to compute taxes charged. Agricultural land is taxed at the value for agricultural purposes.

By state law, primary residential properties receive a 45% exemption. Primary residential property is any dwelling used as a person's primary residence. These include homes, condominiums, apartments, rental properties, and up to one acre of land. The taxable value of all other properties - except some agricultural land is - 100% of fair market value.

Utah motor vehicles are charged a fee-in-lieu of property taxes. These fees for most vehicles are based on the age of the vehicle.

Tax rates are expressed as a percentage of taxable value. Rates are set under a statutory process known as "Truth in Taxation." This process requires public notice and hearings in the event a taxing entity plans to increase its budgeted revenues above the previous year's budget, exclusive of tax revenue from new growth.

The table below summarizes taxes charged and average tax rates by class of property. More detailed information is available at **www.propertytax.utah.gov**.

				Actual	**Effective
<b>Class of Property</b>	Taxable Value	Market Value	<b>Taxes Charged</b>	Tax Rate	Tax Rate
Primary Residential	\$66.36 billion	\$120.65 billion	\$875.20 million	1.32%	0.73%
Commercial	28.60 billion	28.60 billion	381.93 million	1.34%	1.34%
Other Real	14.90 billion	14.90 billion	166.58 million	1.12%	1.12%
Personal	8.32 billion	8.49 billion	111.54 million	1.34%	1.31%
Motor Vehicles	12.15 billion	12.15 billion	182.20 million	1.50%	1.50%
Natural Resources	4.90 billion	4.90 billion	56.91 million	1.16%	1.16%
Utilities	<u>9.29 billion</u>	9.29 billion	114.36 million	<u>1.23%</u>	<u>1.23%</u>
*Statewide	\$144.52 billion	\$198.98 billion	\$1,888.72 million	1.29%	0.95%

\* Totals of columns may not equal because of rounding

\*\* Effective tax rates are a percentage of fair market value

# **Centrally Assessed Property**

The Property Tax Division of the State Tax Commission is responsible for the valuation of mines, utilities, airlines, and motor and rail carriers. The market value of multistate utilities is determined by unit value. This approach values all intrastate or interstate properties as a unit, then allocates the value to the State of Utah, and then to the counties where the property is located.

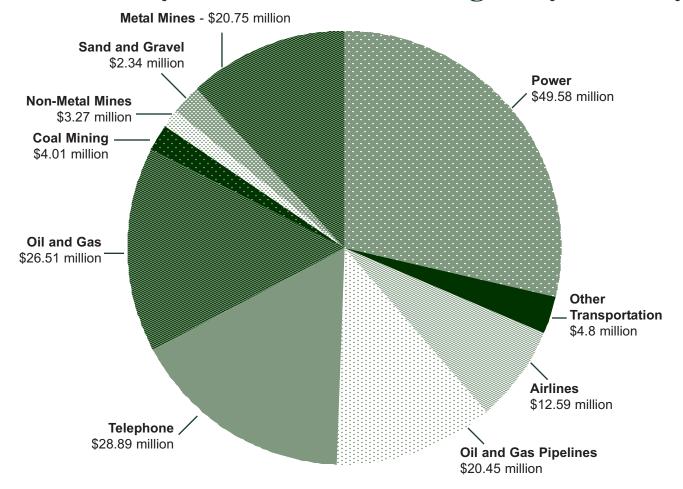

Properties of mining, gas and oil companies are physically valued to arrive at fair market value. Active mines, oil and gas wells are valued by discounting future estimated cash flows to present value or by capitalizing net revenue. Patented mining claims are valued at fair market value of the surface property. Listed below are the 24 largest centrally assessed companies for 2005 based on property taxes charged by the State of Utah. The ranking of the following centrally assessed property owners is of May 1, 2005, and may change following an appeal.

- 1. Pacificorp
- 2. Kennecott Utah Copper
- 3. Intermountain Power Agency 11. Delta Airlines

The State of Utah and county governments provided \$16,577,770 in property tax relief to 44,842 individuals in 2005. (*Utah Code Ann. §59-2-1104 to 1109 and §59-2-1202 to 1220*)

An exemption of up to \$206,214 in taxable value on a primary residence or personal property may be granted to a **disabled veteran**, to the veteran's unmarried widow or widower, and/or to minor orphans.

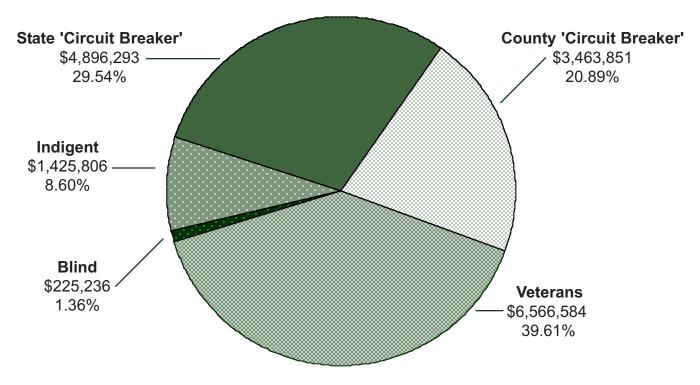

Up to \$11,500 taxable value of real and/or personal property owned by **blind** persons, their unmarried widow or widower, and/or minor orphans is exempt from property taxation.

An **indigent** or poor abatement may be granted in an amount of 50 percent of the taxes levied, not to exceed \$676 for 2006.

Elderly and low income or widowed homeowners and mobile home owners may apply through the county for **'Circuit Breaker'** relief of up to \$697 for 2006. Elderly, low income renters may also be eligible and may apply for relief to the State Tax Commission.

\$16,577,770

Total Property Tax Relief 44,842 Individuals Assisted

# Miscellaneous Taxes

## Motor Fuel

Motor fuel is gasoline or gasohol used for any purpose other than the operation of aircraft. The Motor Fuel Tax in Utah is 24.5 cents per gallon. There is an export exemption and a governmental exemption or refund of tax on all government purchases. Importers, refiners, and distributors are liable to report this tax. Refunds for off-highway agricultural use can be claimed as a credit on Utah Individual Income or Corporation Franchise tax returns.

### *FY2006 Revenue* -\$240,431,781 *Disposition* - Transportation Fund

## Special Fuel

Special fuel is any fuel used to operate a motor vehicle upon the public highways of this state that is not taxed under the category of motor or aviation fuel. Diesel fuel is an example. These categories include clean special fuels, diesel, propane, and compressed natural gas. The Special Fuel Tax is 24.5 cents per gallon, the same as motor fuel. Special Fuel Tax is applied to sales of fuel other than gasoline - used in the operation and propulsion of motor vehicles.

### *FY2006 Revenue* -\$101,097,515 *Disposition* - Transportation Fund

## **Aviation Fuel**

Aviation fuel is fuel used exclusively for the operation of aircraft. The Aviation Fuel Tax is 9 cents per gallon for non-federally certified air carriers and 4 cents per gallon for federally-certified air carriers.

### *FY2006 Revenue* -\$6,981,440 *Disposition* - Transportation Fund (*Restricted*)

## Motor Vehicle Registration

Fees are applicable for every motor vehicle, combination of vehicles, trailer, semi-trailer, or vintage vehicle operated on public roads or highways. These fees apply to all motor vehicles unless they are specifically exempt.

*FY2006 Revenue* -\$32,579,496 *Disposition* - Transportation Fund Class B and Class C Road Funds

## **Proportional Registration**

Any resident or non-resident may proportionally register and license commercial vehicles. Vehicles which exclusively travel in Utah are not included in any proportional registration application. The formula for the fee is based on in-state and total fleet mileage.

### *FY2006 Revenue* -\$13,039,751 *Disposition* - Transportation Fund

## Highway Use Tax

Proportionally registered vehicles based in a state other than Utah are subject to a Highway Use Tax, rather than county vehicle registration fees. The tax is based on registered weight.

*FY2006 Revenue* -\$8,587,893 *Disposition* - Transportation Fund

## Mining Severance

The Mining Severance Tax is 2.6 percent of the taxable value of metals or metalliferous minerals. The taxable value varies according to the type of mineral. This tax applies to extractors of gold, silver, copper, lead, iron, zinc, tungsten, uranium, vanadium, and other metalliferous minerals.

FY2006 Revenue -\$17,042,798 Disposition - General Fund

## Oil and Gas Severance

The Oil and Gas Severance Tax applies to all interest owners of oil, gas, and natural gas liquids. It is based on the value at the well of oil and gas produced, saved, sold, or transported from the field where it is produced. The tax rate ranges from 3 to 5 percent based on the sales price of the oil or gas.

### FY2006 Revenue -\$71,513,869 Disposition - General Fund

## Oil and Gas Conservation Fee

The Oil and Gas Conservation Fee is 0.2 percent of the value at the well of oil, gas, and natural gas liquids produced, saved and sold, or transported from the production site. It applies to all interest owners in the well.

### *FY2006 Revenue* -\$5,560,449 *Disposition* - General Fund/Restricted

## Cigarette and Tobacco Tax, Licenses and Fees

Utah imposes a tax of 69.5 cents per package of 20 cigarettes and 86.875 cents per package of 25 cigarettes. Tobacco products other than cigarettes are taxed at 35 percent of manufacturers' sale price delivered to Utah. The tax applies to wholesalers and distributors who purchase stamps or use cigarette stamping machines for payment of the tax. Cigarettes are subject to regular state and local sales taxes.

All purchases of cigarettes and tobacco products over the Internet are subject to Utah state cigarette stamp tax and sales tax. Internet retailers are required to provide sales data to the Tax Commission detailing shipments of cigarettes and tobacco products to Utah consumers.

FY2006 Revenue -\$52,132,146 Disposition - General Fund

## Beer

The Beer Tax is \$12.80 per 31 -gallon barrel of beer. Bottled and canned beer are converted to barrel equivalents on returns. The Department of Alcoholic Beverage Control licenses distributors and local jurisdictions issue retail licenses.

FY2006 Revenue -\$8,720,081 Disposition - General Fund

## Wine and Liquor

The Wine and Liquor tax is applied at the rate of 13 percent on the retail sale of all wines and liquors sold by the Utah Department of Alcoholic Beverage Control.

*FY2006 Revenue* -\$20,585,747 *Disposition* - Education Fund (School Lunch Program/Dedicated Credits)

# Legislative Summary House Bills

HB 17 Uninsured Motorist Identification Database Program Amendments - Rep.

**Joseph G. Murray** (*Effective 7/1/06*) Reduces the number of consecutive months a vehicle must appear on the uninsured motorist identification database as being uninsured (from 3 to 2) before the first warning letter is sent to the vehicle owner. It requires the database agent to update and compare the database with vehicle registrations at least twice a month rather than monthly. The bill requires the Tax Commission to provide the database agent with registration records before the seventh and twenty-first of each month.

**HB 51 Sales and Use Taxation of Amusement Devices and Cleaning or Washing of Tangible Personal Property - Rep. Wayne A. Harper** (*Effective 7/1/06*) Modifies the sales tax exemptions for car washes, laundries, and amusement devices as follows: assisted transactions are taxed, unassisted are exempt; assisted cleaning or washing of a car or laundry occurs when the cleaning or washing labor is primarily performed by someone other than the purchaser; an assisted amusement device transaction occurs when the device is started and stopped by someone other than the purchaser.

**HB 52 Sales and Use Tax Exemption for Transportation - Rep. Wayne A. Harper** (*Effective 7/1/06*) Provides that amounts paid for transportation are not part of the sales and use tax base.

**HB 54 Sales and Use Tax Exemption for Sales of Certain Agricultural Products - Rep. Gordon E. Snow** (*Effective 7/1/06*) Repeals the requirement that agricultural products be locally grown to be exempt from sales and use taxation. It provides that, for purposes of eligibility for the sales and use tax exemption, the products must be sold by the producer, an employee of the producer, or a member of the producer's immediate family.

**HB 55 Property Tax - Circuit Breaker Qualifying Limits - Rep. Wayne A. Harper** (*Effective 1/1/07*) Increases the qualifying age for a homeowner or renter to claim the credit. The bill increases the homeowner credit amounts that a claimant may claim and increases the household income qualifying limits for the homeowner's and renter's credit.

**HB 95 Individual Income Tax Contribution for Community Spay and Neuter Programs - Rep. Michael E. Noel** (Effective 1/1/06) Provides for an individual income tax contribution of \$1 or more to the Cat and Dog Community Spay and Neuter Program Restricted Account. If this contribution generates less than \$30,000 per taxable year for three consecutive taxable years, the State Tax Commission shall remove the designation for the contribution from tax returns and may not collect the contribution from a resident or nonresident individual. **HB 109 Sales and Use Tax - Food and Food Ingredients and Tax Rates - Rep. Merlynn T. Newbold** (*Effective 1/1/07*) Reduces the state sales tax on food from 4.75% to 2.75%. It defines a bundled transaction as a transaction that includes food but not prepared food and provides that a bundled transaction shall be taxed at a state sales tax rate of 4.75%. If food and prepared food are sold from the same location, and the location meets the definition of a restaurant for purposes of the restaurant tax, both the food and the prepared food will be subject to state sales tax at the 4.75% rate. However, if the location does not meet the definition of a restaurant, both the food and the prepared food are subject to state sales tax at the 2.75% rate; provides an appropriation for sellers to recover a portion of the hardware and software costs to modify their systems to collect the 2.75% rate. Sellers must incur costs between May 1, 2006 and December 31, 2006, be able to verify those amounts, and submit a request for reimbursement to the Tax Commission before January 1, 2007.

**HB 198 Statewide 911 Emergency Communication Amendments - Rep. Brad L. Dee** (*Effective 7/1/06*) Delays the decrease in the statewide unified E-911 emergency service charge from 13 cents to 8 cents until July 1, 2008.

**HB 242 Motorboat Liability Insurance Amendments - Rep. Kerry W. Gibson** (*Effective* 5/1/06) Defines motorboat and includes personal watercraft in the definition of motorboat; requires that the owner of a motorboat shall maintain owner's or operator's security if the motorboat is operated on the waters of the state, and must affirm in writing at the time of registration that such security is in effect; requires a peace officer to revoke the registration of a motorboat involved in an accident if that motorboat does not have insurance at the time of the accident.

**HB 256 Requirement of Property Tax Increase Advertisement - Rep. Gregory H. Hughes** (*Effective 1/1/07*) Modifies the truth in taxation notification requirements for taxing entities budgeting or levying a property tax rate in excess of the certified tax rate.

**HB 261 Property Tax Revisions - Rep. Merlynn T. Newbold** (*Effective 5/1/06*) Moves the calculation of the certified tax rate from Section 59-2-913 to Section 59-2-924, and replaces it with the formula for the calculation of the certified revenue levy.

**HB 265 Due Date for Filing Electronically Filed Withholding Returns - Rep. Merlynn T. Newbold** (*Effective 2/24/06*) Provides that the due date for filing electronically filed withholding returns is the same deadline for filing electronically filed federal withholding tax returns, which is currently on or before March 31 of the year following the calendar year to which the returns relate.

**HB 291 State Tax Commission Bonding and Licensing Amendments - Rep. Wayne A. Harper** (*Effective 5/1/06*) Repeals the requirement that a third-party provider for withholding tax purposes must be licensed and bonded with the Tax Commission; reduces the minimum withholding and sales tax bond from \$50,000 to \$25,000; reduces the minimum fuels bond from \$50,000 to \$10,000; allows a taxpayer required to obtain multiple fuel bonds to combine those bonds.

**HB 338 Property Tax Exemption for Business Personal Property - Rep. John Dougall** (*Effective 1/1/07*) Exempts a taxpayer's personal property from personal property tax if the taxpayer's total personal property is valued at \$3,500 or less; provides that effective January 1, 2008, the \$3,500 amount shall be adjusted by the Tax Commission as the consumer price index increases.

**HB 371 Transient Room Taxes Amendments - Rep. David Clark** (*Effective 10/1/06*) Increases the tax rate of the county transient room tax from a rate not to exceed 3% to a rate not to exceed 4.25%; repeals the 1.25% Transient Room Tax for Convention Facilities. HB 396 Amendments to the Property Tax Exemption for Disabled Veterans - Rep.

**Michael T. Morley** *(Effective 1/1/08)* Modifies the application requirements for a veteran's exemption so that once an application is on file, an application is only required if one of the following exists: (1) all or a portion of the exemption to be claimed will be applied to tangible personal property; (2) the veteran's percentage of disability has changed; (3) the disabled veteran dies; (4) the claimant's ownership in the primary residence changes; (5) the claimant's occupancy of the primary residence changes; or (6) there is a change in claimant for a deceased disabled veteran or veteran who was killed in action or died in the line of duty.

### HB 3004 Sales and Use Tax Relating to Food - Rep. Ben C. Ferry (Effective 1/1/07)

Amends 2005 HB 109 so that food and food ingredients are taxed at the reduced state sales tax rate, even if sold from a location that meets the definition of a restaurant. It modifies the reimbursement for sellers' costs to update their system provided under 2005 HB 109.

## HB 4001 County Option Funding for Regionally Significant Transportation

**Infrastructure - Rep. Rebecca D. Lockhart** (*Effective 9/20/06*) Prohibits county legislative body from using property taxes to fund fixed guideways. It authorizes a county legislative body to impose a local option sales and use tax of up to 0.25 percent on sales occurring in or after April 1, 2007, and prescribes how the additional 0.2 percent tax shall be expended.

## Senate Bills

**SB 18 Driving Under the Influence Amendments - Sen. Carlene M. Walker** (*Effective* 5/1/06) Provides that a peace officer shall impound a vehicle if the peace officer cites a person for an ignition interlock system violation. Vehicles impounded under this provision shall be released after the registered owner, lien holder, or owner's agent pays an administrative impound fee of \$230.

**SB 28 Sales and Use Tax/Exemption for Isolated or Occasional Sales - Sen. Lyle W. Hillyard** (*Effective 7/1/06*) Provides that the sales tax exemption for isolated or occasional sales applies if the person is not regularly engaged in the business of selling that type of personal property, regardless of the number of transactions involving the sale of that type of property by that person. The exemption does not apply to items purchased under the resale exemption.

**SB 29 Sales and Use Tax Exemption/Telecommunications - Sen. Curtis S. Bramble** *(Effective 7/1/06)* Provides a sales and use tax exemption for telecommunications equipment, machinery, or software with a useful economic life of at least one year, if purchased by or on behalf of a telephone service provider.

**SB 30 Sales and Use Tax Exemption/Semiconductor Fabricating, Processing, Research, or Development Materials - Sen. Curtis S. Bramble** (*Effective 7/1/06*) Modifies the sales and use tax exemption for semiconductor materials to include tangible personal property used or consumed primarily in the process of research or development of a semiconductor or semiconductor manufacturing process; repeals the June 30, 2007 sunset date for the exemption. **SB 31 Sales and Use Tax/Manufacturing Exemptions Amendments - Sen. Howard A. Stephenson** (*Effective 5/1/06*) Provides that repair parts are exempt from sales and use taxation if they have a 3-year life. This bill expands definition of manufacturing facility to include a co-generation facility and expands definition of industrial use to include the use of fuels to produce a form of energy or steam by a co-generation facility.

**SB 34 Gross Receipts Tax Amendments, Repeal and Public Utility Tariffs - Sen. Mike Dmitrich** (*Effective 7/1/06*) Decreases the gross receipts tax on corporations not required to pay corporate franchise or income tax. The bill repeals the gross receipts tax on electrical corporations and requires an electrical corporation to decrease electricity rates it charges its customers.

**SB** 35 Local Option Sales and Use Tax Distribution Amendments - Sen. Gregory S. Bell (*Effective* 7/1/06) Repeals the current sales tax hold harmless and replaces it as follows: beginning July 1, 2006, all counties, cities and towns, except counties, cities and towns that received at least \$2,000 in total "hold harmless" distributions for each of the fiscal years 2003-05 ("eligible entities"), will have the 1% local option sales tax distributed on a 50%-50% point of sale/population basis without any hold harmless adjustment; beginning July 1, 2006, and ending June 30, 2013, distribution to eligible entities only will be the greater of the 50/50 or the tax revenue distribution received by the entity for fiscal year 2005; repeals the new hold harmless for an eligible entity if the distribution based on the 50/50 exceeds the entity's fiscal year 2005 distribution for any three consecutive years during the seven year period; beginning July 1, 2013 all counties, cities, and towns, including eligible entities, will receive sales tax distributions based solely on the 50/50 basis with one exception: if in 2012, an eligible entity's 50/50 distribution amount is 90% or less than that same entity's fiscal year 2005 distribution, that entity will continue the new hold harmless distribution until June 30, 2016.

**SB 36 School Districts/Limited Amendments to Truth in Taxation - Sen. Mike Dmitrich** (*Effective 1/1/07*) Exempts school districts from the advertisement requirements of truth in taxation when budgeting increased revenue from a voted leeway approved on or after January 1, 2003 and within four years prior to the year the school seeks to budget the increased amount of property tax revenue derived from the voted leeway.

**SB 37 Income Tax/Taxation of Individuals, Estates, and Trusts - Sen. Lyle W. Hillyard** (*Effective 1/1/06*) Modifies the additions to and subtractions from federal taxable income of a resident or nonresident individual, estate, or trust; addresses which nonrefundable and refundable credits an estate or trust may claim.

**SB 38 Individual Income Taxation of Certain Trust Distributions - Sen. Lyle W. Hillyard** (*Effective 5/1/06*) Modifies the addback to individual income tax for a resident beneficiary of a nonresident trust as follows: The addback applies only to undistributed distributable net income (DNI) realized by the trust on or after January 1, 2004, if that undistributed DNI was taxed at the trust level for federal tax purposes, but was not taxed at the trust level by any state, with undistributed DNI considered to be distributed from the most recently accumulated undistributed DNI. **SB 80 Public-Private Partnerships for Tollway Facilities - Sen. Sheldon L. Killpack** (*Effective 5/1/06*) Exempts from the privilege tax the beneficial use or possession of public property as a tollway by a private entity pursuant to a tollway development agreement; authorizes UDOT to enter into public-private partnerships for tollway facilities.

**SB 89 Sales and Use Tax/Attachment of Tangible Personal Property to Real Property -Sen. Howard A. Stephenson** (*Effective 7/1/06*) Clarifies when an item of tangible personal property is or is not permanently attached to real property.

**SB 111 Water Conservancy District Amendments - Sen. Thomas V. Hatch** (*Effective 5/1/06*) Modifies the time that triggers a water conservancy district's ability to impose a higher tax levy (from .0001 to .0002) to include planning or design of the works and acquisition of rights-of-way; modifies a provision that allows a water conservancy district to increase its tax rate so that it applies to districts that contain land located within the Lower Colorado River Basin instead of just districts served by water apportioned by the Colorado River Compact to the Lower Basin.

**SB 119 Repeal of Off-Highway Vehicle Registration Number - Sen. Thomas V. Hatch** *(Effective 7/1/06)* Repeals the requirement that the Motor Vehicle Division assign an off-highway vehicle registration number to each registered off-highway vehicle. It repeals the requirement that an owner of an off-highway vehicle affix and display the off-highway vehicle registration number assigned by the Motor Vehicle Division. It also repeals the requirement that the Board of Parks and Recreation make rules for the display of an off-highway vehicle registration number.

**SB 129 Motor Vehicle Registration Amendments - Sen. Sheldon L. Killpack** (*Effective 1/1/07*) Creates an optional six-month motor vehicle registration for a rental vehicle if the rental vehicle registered owner is a rental company that registers a fleet of more than 25 rental vehicles at one time. A vehicle that was registered for six months that remains in the rental owner's possession when the 6-month registration period expires must be registered for 12 months. The bill creates a uniform fee schedule for motor vehicles registered under the six-month registration period that is one-half of the regular age-based fee schedule.

**SB 136 Tax on Insurance Premiums - Sen. Curtis S. Bramble** (*Effective 1/1/06*) Decreases the tax rate paid by corporations on insurance premiums for the purchase of variable life insurance (from 2.25% to .08% on premiums over \$100,000).

**SB 139 Reportable Transactions Act - Sen. Howard A. Stephenson** (*Effective 1/1/07*) Requires a taxpayer to disclose a reportable transaction and provides procedures and requirements for making that disclosure; requires a material advisor to disclose a reportable transaction and provides procedures and requirements for making that disclosure. The bill requires a material advisor to maintain a list containing certain information relating to a reportable transaction and provides procedures and requirements for maintaining the list. It also provides penalties and provides that the State Tax Commission may waive, reduce, or compromise a penalty for reasonable cause.

**SB 179 Amendments to Sales and Use Tax Exemptions for Certain Vehicles, Boats, Boat Trailers, and Outboard Motors - Sen. Howard A. Stephenson** *(Effective 7/1/06)* Amends sales and use tax exemptions to provide that sales of a vehicle or boat required to be registered in this state, or a boat trailer or outboard motor are exempt if the vehicle, boat, boat trailer, or outboard motor is both not: (1) registered in this state, and (2) used in this state except as necessary for transportation to the borders of this state.

**SB 193 Speed Contest or Exhibition Amendments – Sen. Karen Hale** (*Effective 5/1/06*) Requires a peace officer that arrests or cites an operator of a vehicle for violating the speed contest or exhibition of speed provision to seize and impound the vehicle. It provides that if a vehicle is impounded under this provision, the registered owner, lien holder, or owner's agent shall pay an administrative impound fee of \$230 to have the vehicle released from impound.

**SB 196 Revisions to Redevelopment Agency Provisions - Sen. Curtis S. Bramble** (*Effective 5/1/06*) Rewrites and reorganizes redevelopment agency provisions; strengthens the definition of blight and allows municipalities to undertake three types of development and renewal projects: (1) urban renewal; (2) economic development; and (3) community development.

**SB 198 Property Tax/Intangible Property - Sen. Curtis Bramble** (*Effective 1/1/06*) Defines goodwill and provides that intangible property includes goodwill.

**SB 221 Levies for the Assessment and Collection of Property Taxes - Sen. Howard A. Stephenson** (*Effective 1/1/06*) Provides that a county that increases its local assessing and collecting levy to .0003 is exempt from truth in taxation. Rates in excess of .0003 are subject to truth in taxation; annually reduces the multi-county assessing and collecting levy by the amount of new revenue counties will generate by increasing their local assessing and collecting levy to .0003.

**SB 225 Payment of Tax or Bonding in Tax Cases - Sen. Howard A. Stephenson** (*Effective* 5/1/06) Requires the Tax Commission to waive the requirement to post security prior to judicial review of a commission decision if a taxpayer establishes: (1) that the taxpayer has sufficient financial resources to pay the deficiency if the deficiency is upheld; or (2) collection of the deficiency is not jeopardized by waiver of the bond.

**SB 226 Registration and Title Provisions - Sen. Dan Eastman** (*Effective 7/1/06*) Requires that a dealer, upon the sale and delivery of a motor vehicle, submit within 45, rather than 30, days a certificate of title or manufacturer's certificate of origin to the DMV. It authorizes a dealer to issue a temporary permit to a purchaser of a motor vehicle for a period not to exceed 45, rather than 30 days.

**SB 233 Sales and Use Tax Revisions - Sen. Curtis S. Bramble** (*Effective 7/1/06*) Repeals provisions relating to destination-based sourcing and requires non-nexus sellers that collect sales tax to collect at the lowest common rate. It allows direct pay for sellers with a \$96,000 sales tax liability who demonstrate their ability to track the location of each purchase to the business location of the seller.

**SB 241 Natural Resources Development - Sen. Mike Dmitrich** (*Effective 1/1/06*) For the period July 1, 2006 through June 30, 2016, exempts from sales tax sales of tangible personal property used in the research and development of coal-to-liquid, oil shale, and tar sands technology. It exempts from the oil and gas severance tax any oil or gas that is produced, saved, sold, or transported and derived from coal-to-liquids technology, oil shale, or tar sands.

**SB 4001 Income Tax Amendments - Sen. Curtis A. Bramble** (*Effective 1/1/06*) Modifies tax brackets for taxable years beginning on or after January 1, 2006 and requires adjustments to tax brackets beginning January 1, 2009 to account for changes in the consumer price index. It allows a taxpayer to choose, for taxable years beginning on or after January 1, 2007, to calculate state income tax or the current multi-rate method on a single-rate tax applied to federal adjusted gross income.
