NEW IN 2018

Forms 1A/WI-Z – The Internal Revenue Service is eliminating Forms 1040A and 1040EZ for tax year 2018. As a result, Wisconsin is eliminating Forms 1A and WI-Z for tax year 2018 to correspond with the federal form change. Wisconsin residents will file their 2018 individual income tax return using Form 1. Wisconsin nonresidents and part-year residents continue to file using Form 1NPR.

ABLE Accounts – An additional amount of contributions may be allowed as a subtraction. See page 26.

College Savings Account – The subtraction for contributions to a Wisconsin state-sponsored college savings account is increased to \$3,200 per beneficiary (\$1,600 per beneficiary if you are married filing a separate return or a divorced parent). See page 23.

Tuition and Fee Expenses – The subtraction for tuition and fees is increased to \$6,974 per student. The phase-out range is also increased. See page 19.

REMINDERS

IRS Adjustments – If the IRS adjusted any of your federal income tax returns, you must notify the department within 90 days of any adjustment that affects your Wisconsin income tax returns. See page 8.

Which Form to File

You must file Form 1 if you were a full-year resident of Wisconsin. You must file Form 1NPR if you:

- Were domiciled* in another state or country at any time during the year, OR
- · Are married filing a joint return and your spouse was domiciled* in another state or country at any time during the year.
- *Your domicile is your true, fixed, and permanent home to which, whenever absent, you intend to return. You can be physically present or residing in one locality but maintain your domicile in another.

Your domicile, once established, does not change unless all three of the following circumstances occur or exist:

- (1) You intend to abandon your old domicile and take actions consistent with that intent
- (2) You intend to acquire a new domicile and take actions consistent with that intent
- (3) You are physically present in the new domicile

Who Must File

Refer to the table to see if you are required to file a return for 2018.

Filing status	Age as of December 31, 2018	You must file if your gross income [*] (or total gross income of a married couple) during 2018 was:			
Single	Under 65	\$11,280 or more			
	65 or older	\$11,530 or more			
Married-filing joint	Both spouses under 65	\$20,980 or more			
return	One spouse 65 or older	\$21,230 or more			
	Both spouses 65 or older	\$21,480 or more			
Married-filing separate	Under 65	\$10,000 or more			
return	65 or older	\$10,250 or more (applies to each spouse individually)			
Head of household	Under 65	\$14,360 or more			
	65 or older	\$14,610 or more			

* Gross income means all income (before deducting expenses) reportable to Wisconsin. The income may be received in the form of money, property, or services. It does not include items that are exempt from Wisconsin tax. For example, it does not include social security benefits or U.S. government interest.

Age

If your birthday falls on January 1, 2019, you are considered to be a year older as of December 31, 2018. Example: If you were born on January 1, 1954, you are considered to be age 65 as of December 31, 2018.

Other Filing Requirements

You may have to file a return even if your income is less than the amounts shown on the table. You must file a return for 2018 if:

- · You could be claimed as a dependent on someone else's return and either of the following applies:
 - (1) Your gross income was more than \$1,050 and it included at least \$351 of unearned income, or
 - (2) Your gross income (total unearned income and earned income) was more than -
 - \$10,580 if single,
 - \$13,660 if head of household,
 - \$19,580 if married filing jointly, or

\$9,300 if married filing separately.

Unearned income includes taxable interest, dividends, capital gain distributions, and taxable scholarship and fellowship grants that were not reported to you on a W-2. Earned income includes wages, tips, self-employment income, and scholarship and fellowship grants that were reported to you on a W-2.

- You owe a penalty on an IRA, retirement plan, Coverdell education savings account (excess contribution), ABLE account, health
 savings account, or Archer medical savings account.
- You were a nonresident or part-year resident of Wisconsin for 2018 and your gross income was \$2,000 or more. If you were
 married, you must file a return on Form 1NPR if the combined gross income of you and your spouse was \$2,000 or more. A
 return does not have to be filed by a nonresident of Wisconsin if all income is exempt from tax as disaster relief work performed
 during a state of emergency declared by the Governor. For further information, see Publication 411, Disaster Relief.

Who Should File

Even if you do not have to file, you should file to get a refund if:

- You had Wisconsin income tax withheld from your wages.
- You paid estimated taxes for 2018.
- · You claim the earned income credit or the veterans and surviving spouses property tax credit.

How To Get An Extension Of Time To File

Your return is due April 15, 2019.

If you cannot file on time, you can get an extension. You can use any federal extension provision for Wisconsin, even if you are filing your federal return by April 15.

How to get an extension You do *not* need to submit a request for an extension to us prior to the time you file your Wisconsin return. When you file your Form 1 enclose either:

- a copy of your federal extension application (for example, Form 4868) or
- a statement indicating which federal extension provision you want to apply for Wisconsin (for example, the federal automatic 6-month extension provision).

Note You will owe interest on any tax that you have not paid by April 15, 2019. This applies even though you may have an extension of time to file. If you do not file your return by April 15, 2019, or during an extension period, you may have to pay additional interest and penalties. If you expect to owe tax with your return, you can avoid the 1% per month interest charge during the extension period by paying the tax by April 15, 2019. Submit the payment with a 2018 Wisconsin Form 1-ES. You can get this form from our website at revenue.wi.gov or at any Department of Revenue office. Use Form 1-ES to make an extension payment even if you will be filing your return electronically – do not use Form EPV. (**Exception:** You will not be charged interest during an extension period if (1) you served in support of Operation Freedom's Sentinel in the United States, (2) you qualify for a federal extension because of service in a combat zone or contingency operation, or (3) you qualify for a federal extension due to a federally-declared disaster. See **Special Conditions** below.)

If you were a farmer or fisher and you did not make estimated tax payments, you must file your return and pay any tax due by March 1, 2019, to avoid paying interest for underpayment of estimated tax. Farmers and fishers are individuals who earn at least two-thirds of their gross income (gross income of both spouses if married filing a joint return) from farming or fishing.

Special Conditions A "Special Conditions" section is located to the right of the Filing Status section on page 1 of Form 1. If you have an extension of time to file due to service in support of Operation Freedom's Sentinel in the United States, enter "01" in the Special Conditions box. If you qualify for an extension because of service in a combat zone or contingency operation, enter "02" in the box. If you qualify for an extension because of a federally-declared disaster, enter "03" in the box and indicate the specific disaster on the line provided.

The department may not issue a refund before March 1 unless both the individual and the individual's employer have filed all required returns and forms with the department for the taxable year for which the refund was claimed.

You may call one of the numbers indicated above or write to: Mail Stop 5-77, Wisconsin Department of Revenue, PO Box 8949, Madison WI 53708-8949. If you call, you will need your social security number and the dollar amount of your refund.

An automated response is available when you call one of the numbers listed above. If you need to speak with a person, assistance is available Monday through Friday from 7:45 a.m. to 4:15 p.m. by calling (608) 266-2486 in Madison (long-distance charges, if applicable, will apply).

You may also get information on your refund using our secure website at revenue.wi.gov.

Amending Your Return

File an amended return only after you file your original return. Generally, a claim for refund must be filed within 4 years after the unextended due date of your original return (for example, April 15, 2023, for 2018 calendar-year returns). However, a claim for refund to recover all or part of any tax paid as a result of an office or field audit may be filed within 4 years after the date assessed. This applies only if you paid the tax and did not file a petition for redetermination (written appeal).

If you filed an amended return with the IRS or another state, you generally must also file an amended Wisconsin return within 90 days. You must file an amended Wisconsin return if the changes affect your Wisconsin income, any credit, or tax payable. You should also file an amended Wisconsin return to claim a refund or pay any additional tax due even though you are not amending your federal or other state return.

If your original return was filed on Form 1, you would file an amended return using Form 1 and checking the amended return space at the top of page 1. **Exception:** If you incurred a net operating loss (NOL) on your 2018 Form 1 and elect to carry the NOL back to 2016 and 2017, you must file Form X-NOL, *Carryback of Wisconsin Net Operating Loss*, for the appropriate year to amend your return and claim a refund.

Be sure to enclose Schedule AR with your amended return to explain all changes and the reason for the change.

Check the space on Form 1 to indicate your filing status on the amended return. If you are changing from separate returns to a joint return, both of you must sign the amended return. If there is any tax due, it must be paid in full. You cannot change from joint to separate returns after the due date for filing your original return has passed.

If you are changing your filing status, the amount to fill in on line 1 of Form 1 as federal adjusted gross income must be based on the same filing status used for Wisconsin. For example, you and your spouse both originally filed Form 1 as married filing a separate return. You are amending to change your filing status to married filing a joint return. The amount to fill in on line 1 must be taken from a federal return based on a married filing joint status. If you did not file a joint federal return, you should prepare a pro forma federal return using a married filing joint return status. The federal adjusted gross income and other amounts from this pro forma return are then used to complete the amended return. Follow the Form 1 instructions to complete your amended return.

→ If you are changing an amount on any line of Form 1, fill in the corrected amount on that line. If you are not changing an amount on a line, fill in the amount from your 2018 return as originally filed or as you later amended it. If your latest filed return was changed or audited by the department, use the corrected figures from the adjustment notice.

Note Credit Repayments

If you are required to repay a Wisconsin credit, you must amend your Wisconsin return for the year in which you originally claimed the credit to reduce the amount of your credit by your repayment. See below for examples of credits which you may have to repay.

- State historic rehabilitation credit You may have to repay all or part of the state historic rehabilitation credit if you disposed of
 the property within 5 years after the date on which the preservation or rehabilitation work was complete or the Wisconsin Historical
 Society determines that you have not complied with all of the requirements. Visit any Department of Revenue office or contact the
 department's Customer Service Bureau at (608) 266-2486 for information on determining the amount to be repaid.
- Angel investment credit or early stage seed investment credit If an investment for which you claimed the angel investment credit or early stage seed investment credit in a prior year was held for less than three years, you must repay the amount of the credit that you received related to the investment. This does not apply if the investment becomes worthless, as determined by Wisconsin Economic Development Corporation (WEDC), during the 3-year period or if you kept the investment for at least 12 months and a bona fide liquidity event, as determined by WEDC, occurs during the 3-year period.
- Supplement to federal historic rehabilitation credit Were you required to repay to the IRS a portion of the federal historic rehabilitation credit? If yes and you claimed the same qualified rehabilitation expenditures for the Wisconsin credit, you must repay to the department a proportionate amount of the Wisconsin credit. Visit any Department of Revenue office or contact the department's Customer Service Bureau at (608) 266-2486 for information on determining the amount to be repaid.
- Low-income housing credit If the qualified basis of the qualified development is less than the amount of the qualified basis of the last day of the immediately preceding taxable year, you must repay an amount equal to the amount you were required to repay to the IRS for the federal low-income housing credit.

Penalties for Not Filing Returns or Filing Incorrect Returns

If you do not file an income tax return which you are required to file, or if you file an incorrect return due to negligence or fraud, penalties and interest may be assessed against you. The interest rate on delinquent taxes is 18% per year. Civil penalties can be as much as 100% of the amount of tax not reported on the return. Criminal penalties for failing to file or filing a false return include a fine up to \$10,000 and imprisonment.

Fraudulent or Reckless Credit Claims

Fraudulent or reckless claims for any refundable credit, including, but not limited to, the earned income credit, homestead credit, or the veterans and surviving spouses property tax credit, are subject to filing limitations. If you file a "fraudulent claim," you will not be allowed to take any refundable credit for 10 years. "Fraudulent claim" means a claim that is false or excessive and filed with fraudulent intent. If you file a "reckless claim," you will not be allowed to take any refundable credit that was improper, due to reckless or intentional disregard of income tax law or department rules and regulations. You may also have to pay penalties.

Internal Revenue Service Adjustments

Did the IRS adjust any of your federal income tax returns? If yes, you may have to notify the Department of Revenue of such adjustments. You must notify the department if the adjustments affect your Wisconsin income, any credit, or tax payable.

The department must be notified within 90 days after the adjustments are final. You must submit a copy of the final federal audit report by either:

(1) Including it with an amended return that reflects the federal adjustments, or

(2) Mailing the copy to: Wisconsin Department of Revenue

Audit Bureau PO Box 8906 Madison WI 53708-8906

Estimated Tax Payments Required for Next Year

If your 2019 Wisconsin income tax return will show a tax balance due to the department of \$500 or more, you must either:

- Make estimated tax payments for 2019 in installments beginning April 15, 2019, using Wisconsin Form 1-ES, or
- Increase the amount of income tax withheld from your 2019 pay.

For example, you may have a tax balance due with your return if you have income from which Wisconsin tax is not withheld. If you do not make required installment payments, you may be charged interest.

For more information, contact the department's Customer Service Bureau at (608) 266-2486 or visit any Department of Revenue office.

If you must file Form 1-ES for 2019 and do not receive a form in the mail, go to our website at <u>revenue.wi.gov</u> to obtain a personalized copy of Form 1-ES or contact any Department of Revenue office.

Armed Forces Personnel

If you were a Wisconsin resident on the date you entered military service, you are considered a Wisconsin resident during your entire military career unless you take action to change your legal residency. For more information, get Fact Sheet 1118, *Income Tax Information for Active Military Personnel*.

Homestead Credit

The Wisconsin homestead credit program provides direct relief to homeowners and renters. You may qualify if you were:

- At least 18 years old on December 31, 2018.
- If you were under age 62, and not disabled, you must have earned income to qualify.

- A legal resident of Wisconsin for all of 2018.
- Not claimed as a dependent on anyone's 2018 federal tax return (unless you were 62 or older on December 31, 2018).
- Not living in tax-exempt public housing for all of 2018. Note: Some exceptions apply to this rule and are explained in the instructions for the homestead credit schedule.
- Not living in a nursing home and receiving medical assistance (Title XIX) when you file for homestead credit.
- Had total household income, including wages, interest, social security, and income from certain other sources, below \$24,680 in 2018.

If you (or your spouse if married) claim the veterans and surviving spouses property tax credit or farmland preservation credit, you are not eligible for homestead credit.

For more information about homestead credit, contact our Homestead Unit in Madison at (608) 266-8641 or any department office. See page 10 for information on obtaining Schedule H or H-EZ, which you must complete to apply for the credit. Schedules H and H-EZ are also available at many libraries.

Farmland Preservation Credit

The farmland preservation credit program provides an income tax credit to Wisconsin residents who own farmland in Wisconsin. If you claim homestead credit or the veterans and surviving spouses property tax credit, you are not eligible for farmland preservation credit. For more information about farmland preservation credit, contact our Farmland Preservation Unit in Madison at (608) 266-2442 or visit any department office. See page 10 for information on obtaining Schedule FC or FC-A, which you must complete to apply for the credit.

Death of a Taxpayer

A return for a taxpayer who died in 2018 should be filed on the same form which would have been used if he or she had lived. Include only the taxpayer's income up to the date of his or her death.

If there is no estate to probate, a surviving heir may file Form 1 for the person who died. If there is an estate, the personal representative for the estate must file the return. The person filing the Form 1 should sign it and indicate his or her relationship to the person who died (for example, "surviving heir" or "personal representative").

Be sure to fill in the surviving heir's or personal representative's mailing address in the address area of Form 1. If the taxpayer did not have to file a return but paid estimated tax or had tax withheld, a return must be filed to get a refund.

^{Note} If you filed a return on behalf of a decedent and were issued a refund, but you are not able to cash the refund check, complete Form 804, *Claim for Decedent's Wisconsin Income Tax Refund*. Mail the completed form and refund check to the address shown on Form 804. Do **not** mail Form 804 with the original return.

If your spouse died during 2018 and you did not remarry in 2018, you can file a joint return. You can also file a joint return if your spouse died in 2019 before filing a 2018 return. A joint return should show your spouse's 2018 income before death and your income for all of 2018. Write "Filing as surviving spouse" in the area where you sign the return. If someone else is the personal representative, he or she must also sign.

If the return for the decedent is filed as single, head of household, or married filing separate, enter "06" in the Special Conditions box and indicate the date of death on the line provided. If a joint return is being filed, enter "06" in the box if it is the primary taxpayer (person listed first on the tax form) who is deceased and the date of death. If it is the spouse who is deceased, enter "07" in the box and the date of death. If both spouses are deceased, enter "08" in the box and both dates of death.

If your spouse died before 2018 and you have not remarried, you must file as single or, if qualified, as head of household. For more information about the final income tax return to be filed for a deceased person, visit any Department of Revenue office or call the department's Customer Service Bureau at (608) 266-2486.

Line Instructions

Before completing Form 1, first fill in your federal return and its supporting attachments. If you are not required to file a federal return, list the sources and amounts of your income and deductions on a separate sheet and include it with your Form 1.

Follow these instructions to complete Form 1. Prepare one copy for your records and another to be filed with the department. Note

Use black ink to complete the copy of Form 1 that you submit to the department. Do not use pencil or red ink.

• Amended Return If you already filed your original return and this is an amended return, place a check mark where indicated at the top of Form 1. For more information, see Amending Your Return on page 6 of these instructions. Be sure to enclose a copy of Schedule AR with your amended return.

Period Covered File your 2018 return for calendar year 2018 and fiscal years that begin in 2018. For a fiscal year, a 52-53 week period, or a short-period return, fill in the taxable year beginning and ending dates in the taxable year space at the top of the form. If your return is for a fiscal year, a 52-53 week period, or a short-period, also enter "11" in the Special Conditions box located to the right of the Filing Status section on page 1 of Form 1.

Name and Address Print or type your legal name and address. Include your apartment number, if any. If you are married filing a joint return, fill in your spouse's legal name (even if your spouse did not have any income). If you filed a joint return for 2017 and you are filing a joint return for 2018 with the same spouse, be sure to enter your names and social security numbers in the same order as on your 2017 return.

Fill in your PO Box number only if your post office does not deliver mail to your home.

• Social Security Number Fill in your social security number. You must also fill in your spouse's social security number if you are married filing a joint return or married filing a separate return (including married filing as head of household).

• Filing Status Check the appropriate space to indicate your filing status. More than one filing status may apply to you. If it does, choose the one that will give you the lowest tax.

→ If you became divorced during 2018 or are married and will file a separate return (including a married person filing as head of household), you should get Publication 109, Tax Information for Married Persons Filing Separate Returns and Persons Divorced in 2018, for information on what income you must report.

Single You may check "single" if **any** of the following was true on December 31, 2018:

- · You were never married.
- You were legally separated under a final decree of divorce or separate maintenance.
- You were widowed before January 1, 2018, and did not remarry in 2018.

Married filing joint return Most married couples will pay less tax if they file a joint return. You may check "married filing joint return" if **any** of the following is true:

- You were married as of December 31, 2018.
- Your spouse died in 2018 and you did not remarry in 2018.
- You were married at the end of 2018, and your spouse died in 2019 before filing a 2018 return.

A married couple may file a joint return even if only one had income or if they did not live together all year. However, both spouses must sign the return. If you file a joint return, you may not, after the due date for filing that return, amend it to file as married filing separately. A joint return cannot be filed if you and your spouse have different tax years.

If you file a joint return, both you and your spouse are responsible for any tax due on the return. This means that if one spouse does not pay the tax due, the other may have to.

Married filing separate return If you file separate returns, you will usually pay more state tax than if you file a joint return. Your tax may be higher on separate returns because:

- · You cannot take the married couple credit.
- If you lived with your spouse at any time in 2018, a greater amount of any unemployment compensation that you received may be taxable.
- You will not qualify for the disability income exclusion.
- You will not qualify for the earned income credit.

Line Instructions

Head of household If you qualify to file your federal return as head of household, you may also file as head of household for Wisconsin. Unmarried individuals who paid over half the cost of keeping up a home for a qualifying person (such as a child) can use this filing status. Certain married persons who lived apart from their spouse for the last 6 months of 2018 who paid over half the cost of keeping up a home that was the main home of their child, stepchild, or foster child for more than half of 2018 may be able to use this status.

If you are married and qualify to file as head of household, be sure to check both "head of household" filing status and "married" on the same line next to the arrow. Also fill in your spouse's name and social security number in the spaces provided.

If you do not have to file a federal return, contact any Department of Revenue office to see if you qualify. If you file your federal return as a qualifying widow(er), you may file your Wisconsin return as head of household.

Tax District Check either city, village, or town and fill in the name of the Wisconsin city, village, or town in which you lived on December 31, 2018. Also fill in the name of the county in which you lived.

• School District Number See the list of school district numbers on page 57. Fill in the number of the school district in which you lived on December 31, 2018.

Special Conditions Below is a list of the special condition codes that you may need to enter in the special conditions box on Form 1. Be sure to read the instruction on the page listed for each code before using it. Using the wrong code or not using a code when appropriate could result in an incorrect tax computation or a delay in processing your return.

If more than one special condition applies, only enter "99" in the Special Conditions box and list the separate code numbers on the line next to the box, in addition to any other information required on the line.

■ **Rounding Off to Whole Dollars** The form has preprinted zeros in the place used to enter cents. All amounts filled in on the form should be rounded to the nearest dollar. Drop amounts under 50¢ and increase amounts from 50¢ to 99¢ to the next whole dollar. For example, \$129.39 becomes \$129 and \$236.50 becomes \$237.

Round off all amounts. But if you have to add two or more amounts to figure the amount to fill in on a line, include cents when adding and only round off the total. If completing the form by hand, **DO NOT USE COMMAS** when filling in amounts.

Line 1 Federal Adjusted Gross Income

Fill in your federal adjusted gross income from line 7 of your federal Form 1040.

Exception

The federal adjusted gross income that you fill in on line 1 may not be the same as the amount reported as adjusted gross income on your federal Form 1040. Differences may occur because Wisconsin uses the provisions of federal law amended to December 31, 2017, with certain exceptions. Laws enacted after December 31, 2017, may not be used for Wisconsin unless adopted by the Legislature.

A comprehensive list of provisions of federal law that may not be used for Wisconsin for 2018 can be found in the instructions for Wisconsin Schedule I. Following is a partial list of the items that may affect the largest number of taxpayers.

Bonus depreciation

Excess business losses

Line 1 Federal Adjusted Gross Income – continued

If any provision of federal law which does not apply for Wisconsin purposes affects your federal adjusted gross income, you must complete Wisconsin Schedule I and enclose it with your Form 1. The amount you fill in on line 1 of Form 1 (and amounts filled in on Schedule 1 on page 4 of Form 1) should be the revised amount determined on Schedule I, line 5 (or in Part II of Schedule I.)

If Schedule I adjustments in any prior year affect income or expense items, depreciation, amortization, or sec. 179 expense in 2018, you must also make adjustments on Schedule I for 2018. For example, you had to make an adjustment on Schedule I because Wisconsin did not allow bonus depreciation. You must continue to make an adjustment on Schedule I each year until the depreciable asset is fully depreciated or you sell or otherwise dispose of the asset.

You may also be required to complete Schedule I if you sold assets during 2018, and the gain or loss from the sale is different for Wisconsin and federal purposes due to Schedule I adjustments made in a prior year. (**Note**: The basis of a depreciated or amortized asset owned on December 31, 2013, or on the last day of your tax year beginning in 2013, is the same for federal and Wisconsin purposes and no further Schedule I adjustment is required.) See the instructions for *Difference in Federal and Wisconsin Basis of Depreciated and Amortized Assets* on page 28 for more information.

Line 2 State and Municipal Interest

Fill in the amount of interest you received from state and municipal bonds. This will generally be the amount shown as taxexempt interest on line 2a of your federal Form 1040. If you were required for federal purposes to allocate expenses to this income, reduce the amount to be filled in by such expenses.

Exception If you received interest income which is exempt for state and federal tax purposes, do not include this interest income on line 2. Interest income which is exempt for federal and Wisconsin tax purposes includes interest from:

- (1) Public housing authority or community development authority bonds issued by municipalities located in Wisconsin,
- (2) Wisconsin Housing Finance Authority bonds,
- (3) Wisconsin municipal redevelopment authority bonds,
- (4) Wisconsin Housing and Economic Development Authority bonds issued on or after December 11, 2003, to fund multifamily affordable housing or elderly housing projects,
- (5) Wisconsin Housing and Economic Development Authority bonds issued before January 29, 1987, except business development revenue bonds, economic development revenue bonds, and CHAP housing revenue bonds,
- (6) Public housing agency bonds issued before January 29, 1987, by agencies located outside Wisconsin where the interest therefrom qualifies for exemption from federal taxation for a reason other than or in addition to section 103 of the IRC,
- (7) Local exposition district bonds,
- (8) Wisconsin professional baseball park district bonds,
- (9) Bonds issued by the Government of Puerto Rico, Guam, the Virgin Islands, or the Northern Mariana Islands, or, for bonds issued after October 16, 2004, the Government of American Samoa,
- (10) Local cultural arts district bonds,
- (11) Wisconsin professional football stadium bonds,
- (12) Wisconsin Aerospace Authority bonds,
- (13) Bonds issued on or after October 27, 2007, by the Wisconsin Health and Education Facilities Authority to fund acquisition of information technology hardware or software,
- (14) Certain conduit revenue bonds issued by a commission created under sec. 66.0304, Wis. Stats. A listing of the conduit revenue bonds issued and the tax-exempt status is available on the department's website at: <u>revenue.wi.gov/Pages/</u> <u>FAQS/pcs-conduit.aspx</u>,
- (15) Wisconsin Housing and Economic Development Authority bonds or notes if the bonds or notes are issued to provide loans to a public affairs network under sec. 234.75, Wis. Stats.,
- (16) The Wisconsin Health and Educational Facilities Authority if the bonds or notes are issued for the benefit of a person who is eligible to receive the proceeds of bonds or notes from another entity for the same purpose for which the bonds or notes are issued under sec. 231.03(6), Wis. Stats., and the interest income received from the other bonds or notes is exempt from Wisconsin taxation, and

Line 2 State and Municipal Interest - continued

(17) A sponsoring municipality borrowing to assist a local exposition district created under subch. II of ch. 229.

Interest from these sources is exempt from Wisconsin income tax whether received by a direct owner of these securities or by a shareholder in a mutual fund which invests in these securities.

Line 3 Capital Gain / Loss Addition

If your federal adjusted gross income includes capital gains and/or losses from line 13 of federal Schedule 1 (Form 1040), you must complete Schedule WD.

Schedule WD determines whether any capital gain/loss addition must be reported on line 3. For example, after completing Schedule WD, you may be required to include an amount as an addition to income on line 3 because Wisconsin law limits the deduction for a net capital loss to \$500.

→ If the only amount reported on line 13 of federal Schedule 1 (Form 1040) is a capital gain distribution from a mutual fund or real estate investment trust and you have no Wisconsin capital loss carryover, do not complete line 3. See line 10 instructions on page 17.

Line 4 **Other Additions**

Note Fill in the code number and amount of any of the additions described below that apply to you. The code number is printed to the left of the various additions. For example, if you are making an addition for a federal net operating loss carryover, you would enter the number 02 in the code number space _____, and fill in the amount of your federal net operating loss carryover on the line next to the code number space. Also, fill in the total of all your additions on line 4.

Line 4 of Form 1 has space to fill in five additions to income. If you have more than five additions, fill in the code numbers and amounts for four of the additions. List the code numbers and amounts of all remaining additions on a separate schedule. In the fifth entry space by line 4, enter code number 99 and the total amount of the remaining additions. Enclose the schedule listing the remaining additions with your Form 1.

 \rightarrow See Additions To or Subtractions From Income on page 28 for information on other items which may have to be included on line 4.

Code Distributions from Edvest and Tomorrow's Scholar College Savings Account If you received a distribution **01** from an Edvest or Tomorrow's Scholar college savings account and the entire distribution was not used for qualified higher education expenses, you may have to include all or a portion of the distribution in income. If you rolled over an amount from an Edvest or Tomorrow's Scholar college savings plan into another state's plan, you may also have to include all or a portion of the amount rolled over in Wisconsin income.

Amounts rolled over from a qualified tuition program to an ABLE account of the designated beneficiary, or a member of the family of the designated beneficiary, is not required to be included in Wisconsin income. The amount rolled over cannot exceed \$15,000 for 2018. Any amount which exceeds \$15,000 may have to be included in Wisconsin income.

If you received a distribution within 365 days of contributing an amount to an account, you may have to include the amount previously subtracted in income.

Complete Schedule CS to determine the amount you must include in income. Enclose Schedule CS with Form 1.

Code Federal Net Operating Loss Deduction Fill in the amount of the federal net operating loss deduction from line 21 of federal Schedule 1 (Form 1040). (See the instructions for line 11, Code 10, for information about the Wisconsin net operating loss carryforward.)

Income (Lump-Sum Distributions) Reported on Federal Form 4972 Income from a lump-sum distribution is taxable Code 03 to Wisconsin. If you reported a lump-sum distribution on federal Form 4972, you must also include the distribution in Wisconsin income. Fill in the total of (1) the capital gain part of the lump-sum distribution from line 6 of Form 4972 and (2) the taxable amount from line 10 of Form 4972. You may reduce this amount by any federal estate tax on line 18 of Form 4972.

 \rightarrow No portion of a lump-sum distribution may be reported as a capital gain on Wisconsin Schedule WD.

Line 4 Other Additions – continued

Farmland Preservation Credit The total amount of farmland preservation credit from Schedule FC that you received during 2018 must be reported as income. Fill in as an addition any portion of your farmland preservation credit which was not included as income on your federal tax return.

Code Excess Distribution From a Passive Foreign Investment Company Fill in the excess distribution from a passive 05 foreign investment company that was not included in federal adjusted gross income (see federal Form 8621 or 8621-A).

Expenses Paid to Related Entities Fill in the amount deducted or excluded from your federal income for interest. Code 06 rental expenses, intangible expenses, and management fees paid, accrued, or incurred to a related entity (person or business entity). You must make this addition even though you may be eligible for a deduction for these expenses. If you are eligible for a deduction, you may then make a subtraction for the amount that qualifies (see Code 21 on page 26).

Amounts Not Deductible for Wisconsin Fill in any amount deducted in computing your federal adjusted gross 07 income that is not allowed as a deduction for Wisconsin. Enclose an explanation of the additions you are including using Code 07.

Example You deducted a passive activity loss on your federal return for losses incurred when you were a resident of another state. The passive activity losses were not allocable to Wisconsin. The passive activity losses are not deductible for Wisconsin and must be included on line 4.

08 – 20 Addition for Computed Credits If you claimed any of the credits listed below, you must include on line 4 the amount of your credit computed for 2018. The amount of your credit is income and must be reported on Form 1. This is true even if you cannot take the full credit this year and must carry part of it forward or if the credit is refundable. (Note: Do not include on line 4 any credits passed through to you from a partnership, limited liability company, or tax-option corporation. These will be accounted for when you make the adjustments described in Codes 51 and 52 on pages 28 and 29.) Note

List each credit and the appropriate code number separately on line 4. Include the following credits computed for 2018:

code Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets Starting with the first taxable 21 year beginning in 2014, adjustments are to be made over a 5-year period for the difference between the Wisconsin adjusted basis and the federal adjusted basis of assets owned on the last day of the taxable year beginning in 2013. The assets must have been depreciated or amortized for both Wisconsin and federal tax purposes. As a result of these adjustments, the Wisconsin adjusted basis and the federal adjusted basis of these assets is deemed to be equal on the first day of the taxable year beginning in 2014.

If you determined for 2014 that the combined federal adjusted basis of all depreciated and amortized assets was greater than the combined Wisconsin adjusted basis of the assets, you were required to add 20 percent of the difference to 2014, 2015, 2016, and 2017 Wisconsin income. The 20 percent added to Wisconsin income for 2014, 2015, 2016, and 2017 must also be added to income for 2018.

If the total federal adjusted basis of the assets was less than the total Wisconsin adjusted basis, see the instructions for line 11, Code 31, Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets, for the subtraction to be claimed to adjust for this difference.

Line 4 Other Additions - continued

ABLE Accounts The owner (beneficiary) of a qualified ABLE account must include in income any amount withdrawn from a qualified ABLE account for any reason other than the payment of qualified disability expenses for the account beneficiary. Also, upon termination of an account, an addition to income is provided for any amount in the account that is returned to an account owner's estate.

Line 6 State Income Tax Refund

Refunds of state and local income taxes are not taxable for Wisconsin. Fill in the amount of taxable refunds, credits, or offsets of state and local income taxes from federal Schedule 1 (Form 1040), line 10.

Line 7 United States Government Interest

Fill in the amount of interest on U.S. bonds and interest and dividends of certain U.S. government corporations that is included on line 1 of Form 1. This income is not taxable.

A mutual fund may invest in U.S. government securities. If it does, a portion or all of its ordinary dividend may not be taxable by Wisconsin. If a mutual fund advised you that all or a portion of its ordinary dividend is from investments in U.S. government securities, include that portion on line 7.

CAUTION Do not fill in on line 7, interest from Ginnie Mae (Government National Mortgage Association) securities and other similar securities which are "guaranteed" by the United States government. You must include interest from these securities in your Wisconsin taxable income.

Line 8 Unemployment Compensation

You may have a different amount of unemployment compensation taxable for Wisconsin and federal purposes. Complete the worksheet below to see if you can subtract any portion of the unemployment compensation which you included as income on your federal tax return.

	Unemployment Compensation Worksheet
Che	ck only one box.

2.	Fill in your federal adjusted gross income from line 1 of Form 1 2.

Line 9 Social Security Adjustment

Social security benefits are not taxable for Wisconsin. You may subtract any social security benefits that were taxable on your federal Form 1040. Fill in on line 9 the amount from line 5b of federal Form 1040.

Line 10 Capital Gain / Loss Subtraction

If your federal adjusted gross income includes capital gains and/or losses from line 13 of federal Schedule 1 (Form 1040), you must complete Schedule WD. You must also complete Schedule WD if your federal adjusted gross income does not include capital gains and/or losses, but you have a capital loss carryover for Wisconsin tax purposes.

Schedule WD determines whether any capital gain/loss subtraction must be reported on line 10. For example, after completing Schedule WD, you may be able to include an amount as a subtraction on line 10 because you qualify for the 30% long-term capital gain exclusion (60% in the case of farm assets).

All amounts must be filled in on line 10 as positive numbers.

EXCEPTION If the only amount reported as a capital gain on line 13 of your federal Schedule 1 (Form 1040) is a capital gain distribution from a mutual fund or real estate investment trust and you have no Wisconsin capital loss carryover, you may claim a long-term capital gain exclusion on line 10. Fill in 30% of the amount of the capital gain distribution on line 10. Do not complete Wisconsin Schedule WD.

Line 11 Other Subtractions

Fill in the code number and amount of any of the subtractions described below that apply to you. The code number is printed to the left of the various subtractions. For example, if you are claiming a subtraction for tuition expenses, you would enter the number 03 in the code number space ______, and fill in the amount of your subtraction for tuition expenses on the line next to the code number space. Also, fill in the total of all your subtractions on line 11.

Line 11 of Form 1 has space to fill in five subtractions from income. If you have more than five subtractions, fill in the code numbers and amounts for four of the subtractions. List the code numbers and amounts of all remaining subtractions on a separate schedule. In the fifth entry space by line 11, enter code number 99 and the total amount of the remaining subtractions. Enclose the schedule listing the remaining subtractions with your Form 1.

 \rightarrow See Additions To or Subtractions From Income on page 28 for information on other items which may have to be included on line 11.

Code 01

Medical Care Insurance You may be able to subtract all or a portion of the cost of your medical care insurance.

"Medical care insurance" means a medical care insurance policy that covers you, your spouse, and dependents and provides surgical, medical, hospital, major medical, or other health service coverage (including dental insurance). If you are receiving social security benefits, the amount paid for medical care insurance includes the amount deducted from your monthly benefit for Medicare insurance (for example, Parts B and D). It does <u>not</u> include premiums for:

- · Long-term care insurance,
- · Life insurance policies,
- · Policies providing payment for loss of earnings,
- · Policies for loss of life, limb, sight, etc.,
- Policies that pay you a guaranteed amount each week for a stated number of weeks if you are hospitalized for sickness or injury,
- The part of your car insurance premiums that provides medical insurance coverage for all persons injured in or by your car, or
- Medical care insurance if you elected to pay these premiums with tax-free distributions from a retirement plan. In this case, the premiums would have been paid directly to the insurance provider by the retirement plan.

The following amounts may **not** be included in the subtraction for medical care insurance:

- Insurance premiums paid by an employer, including amounts paid by you through payroll deductions, unless the premiums are included as wages in box 1 of your Form W-2.
- The amount of employer-provided medical insurance that is identified on your W-2 in Box 12 with Code DD.
- · Medical care insurance premiums that are deducted pre-tax.

CAUTION If you participate in your employer's fringe benefit cafeteria plan and agree to a voluntary salary reduction in return for a medical care insurance benefit, you may not consider the amount of your salary reduction an amount you paid for medical care insurance. You cannot subtract premiums paid with money that has not been included in your gross income. These programs may be known as flexible spending accounts, employee reimbursement accounts, etc. Some employers may identify these amounts on your pay stubs as Internal Revenue Code sec. 125 or as a pre-tax deduction.

→ When completing line 1 of Worksheet 1 or 2, if you purchased the insurance through an Exchange (Marketplace), the amount you paid is the amount paid after your premium was reduced for any advance payment of the premium assistance credit.

If you are self-employed, complete Worksheet 1. (**Note**: If you are self-employed and deducted 100% of your medical care insurance cost on line 29 of your federal Schedule 1 (Form 1040) as a self-employed health insurance deduction, do not complete Worksheet 1 or 2. D2 Long-Term Care Insurance If you paid long-term care insurance costs during 2018, you may be able to subtract all or a portion of the cost of a long-term care insurance policy which covers you or your spouse.

"Long-term care insurance policy" means a disability insurance policy or certificate advertised, marketed, offered, or designed primarily to provide coverage for care that is provided in your home or in an institutional or community-based setting. The care must be convalescent or custodial care or care for a chronic condition or terminal illness.

"Long-term care insurance policy" does <u>not</u> include a medicare supplement policy or medicare replacement policy or a continuing care contract. "Continuing care contract" means a contract which provides nursing services, medical services, or personal care services, in addition to food, shelter, and laundry services, for the duration of a person's life or for a term in excess of one year, conditioned upon any of the following payments:

- An entrance fee in excess of \$10,000.
- Providing for the transfer of at least \$10,000 (if the amount is expressed in dollars) or 50% of the person's estate (if the amount is expressed as a percentage of the person's estate) to the service provider upon the person's death.

Do not include premiums for long-term care insurance if you elected to pay those premiums with tax-free distributions from a retirement plan. In this case, the premiums would have been made directly to the insurance provider by the retirement plan.

If you paid long-term care insurance costs during 2018 for a policy which covers you or your spouse, complete the worksheet below to determine your subtraction.

	Worksheet – Long-Term Care Insurance	
1.	Amount you paid for long-term care insurance in 2018	1
2.	Portion of long-term care insurance cost included as a self-employed health insurance deduction on line 29 of federal Schedule 1 (Form 1040)2.	-
3.	Portion of long-term care insurance cost deducted on federal Schedule C or F for your employee spouse	-
4.	Add lines 2 and 3	4
5.	Subtract line 4 from line 1	5
6.	Fill in the amount from line 5 of Form 1 less the amounts on lines 6 - 10 and less all amounts that will be included on line 11 without considering the subtraction for long-term care insurance. If zero or less, enter 0 (zero)	6
7.	Fill in the smaller of line 5 or 6. This is your subtraction for long-term care insurance	7

Tuition and Fee Expenses You may be able to claim a subtraction for up to \$6,974 (per student) of the amount you paid during 2018 for tuition and mandatory student fees for you, your spouse (if married filing a joint return), and children whom you claim as dependents on your federal income tax return.

CAUTION If you claimed a tuition and fees deduction on your federal return, be sure you have completed Wisconsin Schedule I. This amount is not allowed for Wisconsin purposes and must be added to your federal adjusted gross income.

The tuition and mandatory student fees must have been paid during 2018 to attend any of the following:

- Classes in Wisconsin at a school which qualifies as a university, college, or technical college. A "university, college, or technical college" is any school which has a curriculum leading to a diploma, degree, or occupational or vocational objective.
- Classes in Wisconsin at other post-secondary (post-high school) schools that have been approved through the Educational Approval Program.
- Classes in Minnesota at a public vocational school or public institution of higher education in Minnesota under the Minnesota–Wisconsin tuition reciprocity agreement.
- Classes outside Wisconsin provided the tuition is paid to a university, college, or technical college located in Wisconsin.

Line 11 Other Subtractions - continued

Tuition and Fee Expenses – continued

The subtraction does not apply to tuition or fees paid to pre-schools, elementary, or secondary schools.

Tuition and mandatory student fees paid to a school which fits into one of the four categories listed on page 19 may be subtracted regardless of the type of course taken. For example, tuition paid for craft or recreational courses at a technical college qualifies for the subtraction.

Tuition and mandatory student fees paid to a school which does not fit into any of the four categories may not be claimed as a subtraction. For example, the subtraction does not apply to a fee paid to a retail craft store to attend a session on flower arranging.

Tuition and mandatory student fees paid for correspondence courses or courses received via the Internet or other electronic transmission qualifies for the subtraction as long as the courses are taken in Wisconsin and are presented by a school (located in or outside Wisconsin) which qualifies as a university, college, or technical college, or a school approved through the Educational Approval Program.

CAUTION The subtraction only applies to tuition and mandatory student fees. Amounts paid as separate charges for other items such as room and board, athletic tickets, or other costs may not be subtracted.

You cannot claim a subtraction for tuition and fees paid with certain tax-free funds. For example, you cannot claim a subtraction for tuition paid with tax-free scholarships or Pell grants or for amounts paid or reimbursed to you by your employer. You can subtract tuition and fees paid from loans, gifts, inheritances, and personal savings.

You cannot claim the subtraction if the source of the payment is an amount withdrawn from a Wisconsin state-sponsored college savings program or college tuition and expenses program (for example, Edvest or Tomorrow's Scholar). This limitation applies only if the owner of the account or other person who contributed to the account previously claimed a subtraction for contributions to these programs.

The subtraction is limited if your federal adjusted gross income exceeds certain amounts. Your federal adjusted gross income is the amount on line 1 of Form 1.

Determine your tuition and mandatory student fees subtraction as follows:

Single or Head of Household

- If line 1 of Form 1 is \$54,190 or less, you may subtract the amount paid for tuition and mandatory student fees during 2018, but not more than \$6,974 per student.* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$54,190 but less than \$65,030, use the worksheet on page 21 to figure the amount of your subtraction.
- If line 1 of Form 1 is \$65,030 or more, you may not subtract any amount for tuition and fee expenses.

Married Filing Joint Return

- If line 1 of Form 1 is \$86,700 or less, you may subtract the amount paid for tuition and mandatory student fees during 2018, but not more than \$6,974 per student.* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$86,700 but less than \$108,380, use the worksheet on page 21 to figure the amount of your subtraction.
- If line 1 of Form 1 is \$108,380 or more, you may not subtract any amount for tuition and fee expenses.

Married Filing Separate Return

- If line 1 of Form 1 is \$43,350 or less, you may subtract the amount paid for tuition and mandatory student fees during 2018, but not more than \$6,974 per student.* Fill in the amount of your subtraction on line 11.
- If line 1 of Form 1 is more than \$43,350 but less than \$54,190, use the worksheet on page 21 to figure the amount of your subtraction.
- If line 1 of Form 1 is \$54,190 or more, you may not subtract any amount for tuition and fee expenses.

04 Military and Uniformed Services Retirement Benefits You may subtract retirement payments received from:

- (1) The U.S. military retirement system (including payments from the Retired Serviceman's Family Protection Plan or the Survivor Benefit Plan). These retirement benefits are paid from the Defense Finance and Accounting Service.
- (2) The U.S. government that relate to service with the Coast Guard, the commissioned corps of the National Oceanic and Atmospheric Administration, or the commissioned corps of the Public Health Service.

Your subtraction cannot be more than the amount of such retirement payments that you included in your federal income.

Local and State Retirement Benefits You may subtract any payments received from the retirement systems listed below provided:

- (1) You were retired from the system before January 1, 1964, or
- (2) You were a member of the system as of December 31, 1963, retiring at a later date and payments you receive are from an account established before 1964, or
- (3) You are receiving payments from the system as the beneficiary of an individual who met either condition 1 or 2.

Your subtraction cannot be more than the amount of such payments that you included in your federal income.

The specific retirement systems are:

Milwaukee City Employees, Milwaukee City Police Officers, Milwaukee Fire Fighters, Milwaukee Public School Teachers, Milwaukee County Employees, Milwaukee Sheriff, and Wisconsin State Teachers retirement systems.

 \rightarrow Do not subtract any of the following:

- Payments received as a result of voluntary tax-sheltered annuity deposits in any of the retirement systems listed above.
- Payments received from one of the retirement systems listed above if you first became a member after December 31, 1963. This applies even though pre-1964 military service may have been counted as creditable service in computing your retirement benefit.

CAUTION Your retirement benefits may be subtracted only if they are based on qualified membership in one of the retirement systems listed above. Qualified membership is membership that began before January 1964 as explained above. Any portion of your retirement benefit that is based on membership in other retirement systems (or based on employment that began after December 31, 1963) is taxable and may not be subtracted.

Example 1 You were a member of the Wisconsin State Teachers Retirement System as of December 31, 1963. You left teaching after 1963 and withdrew the allowable amount from your retirement account. This closed the account. You later returned to teaching. A new retirement account was then established for you. Retirement benefits from this new account (established after 1963) do not qualify for the exemption.

Line 11 Other Subtractions - continued

Local and State Retirement Benefits - continued

Example 2 You were employed as a teacher from 1960-65. During that time you were a member of the Wisconsin State Teachers Retirement System. From 1966 until retirement, you were employed by a state agency (not as a teacher). You were then a member of the Wisconsin Retirement System. You receive an annuity from the Department of Employee Trust Funds. The annuity is based on employment in both retirement systems. Only the portion of the annuity that is due to the Wisconsin State Teachers Retirement System may be subtracted. You may use the following formula to figure the exempt amount that may be subtracted:

Years of creditable service in an exempt plan	v	Annuity included	=	Portion of annuity which
Total years of creditable service	^	in federal income		may be subtracted

→ You may have received separate Forms 1099-R for the taxable and exempt portions of your annuity. In this case, you may use the Form 1099-R information instead of the above formula.

 Federal Retirement Benefits You may subtract payments received from a federal retirement system provided:

- (1) You were retired from the system before January 1, 1964, or
- (2) You were a member of the system as of December 31, 1963, retiring at a later date and payments you receive are from an account established before 1964, or
- (3) You are receiving payments from the system as the beneficiary of an individual who met either condition 1 or 2.

See "**05 Local and State Retirement Benefits**" on page 21 for further information. The limitations and examples that apply to local and state retirement benefits also apply to federal retirement benefits.

A "federal retirement system" is a United States government civilian employee retirement system. Examples of such retirement systems include the Civil Service Retirement System and the Federal Employees' Retirement System. These retirement benefits are paid from the U.S. Office of Personnel Management. Payments from the federal Thrift Savings Plan do not qualify for the subtraction.

Railroad Retirement Benefits, Railroad Unemployment Insurance, and Sickness Benefits Wisconsin does not tax amounts received from the U.S. Railroad Retirement Board. You may subtract railroad retirement benefits included on line 4b of your federal Form 1040.

Adoption Expenses If you adopted a child for whom a final order of adoption was entered by a court in any state, or upon registration of a foreign adoption, during 2018, you may subtract up to \$5,000 of the amount you paid for adoption fees, court costs, and legal fees relating to the adoption. You may include amounts paid during 2016, 2017, and 2018. Don't count amounts reimbursed under any adoption assistance program. If you adopt more than one child during the year, you may deduct up to \$5,000 of adoption expenses for each child.

Recoveries of Federal Itemized Deductions Fill in any amount included as income on your federal tax return that is a recovery of a federal itemized deduction from a prior year for which you did not receive a Wisconsin tax benefit.

Example You claimed an itemized deduction on your 2017 federal tax return for a casualty loss of \$2,000. You could not claim the casualty loss for the itemized deduction credit on your 2017 Wisconsin income tax return. During 2018 you received a reimbursement of \$1,000 from your insurance company for part of the casualty loss. The \$1,000 reimbursement is included on your 2018 federal tax return as a recovery of an amount previously claimed as an itemized deduction. Because you did not claim the casualty loss for the itemized deduction credit for Wisconsin for 2017, the \$1,000 is not taxable to Wisconsin for 2018. Fill in the \$1,000 recovery on line 11.

Code 14 **Native Americans** Certain income (for example, wages) earned by a Native American who both lives and works on his or her tribal reservation is not subject to Wisconsin income tax and may be subtracted. See Publication 405, *Wisconsin Taxation Related to Native Americans,* for more information.

12 Amounts Not Taxable by Wisconsin You may subtract any amounts not taxable by Wisconsin (less related expenses except those expenses which are used to calculate the Wisconsin itemized deduction credit) which have been included as income on your federal tax return or excluded from federal deductions. Enclose an explanation of the subtractions you are including using code 12.

Example Wisconsin doesn't tax certain relocation assistance payments received by persons displaced by condemnation, subject to the conditions in sec. 32.19 of the Wisconsin Statutes.

CAUTION

- Do not use this subtraction when using a different federal election for Wisconsin and federal tax purposes. Instead, complete a pro forma federal return using the election chosen for Wisconsin or adjust using Schedule I. The federal adjusted gross income from this pro forma federal return or from Schedule I is entered on line 1 of Form 1. If completing a pro forma federal return, attach the pro forma federal return to your Wisconsin return instead of the return sent to the IRS.
- Do not use this subtraction for wages which are taxable in another state as well as Wisconsin. Instead, include these wages in Wisconsin income and see page 37 for how to claim a credit for net tax paid to another state.

13 Farm Loss Carryover If you were not actively engaged in farming and were subject to farm loss limitations on your 2002-2013 Wisconsin income tax returns, you may be able to claim a subtraction for all or a portion of the farm loss disallowed in those years. Farm losses disallowed as a deduction may be carried forward for 15 years to the extent that the farm losses are not offset against farm income of any year between the loss year and the year for which the carryover is claimed. The amount of carryover that can be subtracted is the lesser of (1) the farm loss carryover or (2) the net profits and net gains from the sale or exchange of capital or business assets in the current year from the same farming business or portion of that business to which the limits on deductible farm losses applied in the loss year.

Example You had a farm loss carryover from 2013 of \$30,000. You claimed a subtraction for \$9,000 of the carryover on your 2014 through 2017 returns. For 2018 you report a net loss of \$2,000 on Schedule F and a net gain of \$6,000 from the sale of farm equipment on Form 4797. The gain and loss are from the same farming business to which the limitation applied in the loss year. You may subtract \$6,000 as a farm loss carryover on line 11.

Contributions to an Edvest or Tomorrow's Scholar College Savings Account You may be able to subtract the amount you contributed to a Wisconsin state-sponsored college savings account (Edvest or Tomorrow's Scholar) if you are the owner of the account or were authorized by the owner of the account to make contributions to the account.

For amounts rolled over in 2018, from another state's qualified sec. 529 plan to a Wisconsin account, the subtraction applies to the amount of principal rolled over. It does not apply to any investment earnings in the account.

Complete Schedule CS, *College Savings Accounts*, to determine the amount of your subtraction. Enclose Schedule CS with your Form 1.

Distributions from Wisconsin State-Sponsored College Tuition Programs If you included earnings from a qualified college tuition program in your federal adjusted gross income, you may subtract that amount if the earnings were from a Wisconsin Edvest tuition unit account and you received a refund because the beneficiary completed the program in which he or she was enrolled and had not used all of the tuition units purchased or the beneficiary was awarded a scholarship, tuition waiver, or similar subsidy that could not be converted to cash.

Code 16 Disability Income Exclusion If you are retired on permanent and total disability and have included your disability income on line 1 of Form 1, you may be able to subtract up to \$5,200 of your disability income. You must meet ALL these tests:

- You did not reach mandatory retirement age before January 1, 2018.
- You were under age 65 on December 31, 2018.
- You were permanently and totally disabled –
- a. When you retired, or
- b. On January 1, 1976, or January 1, 1977, if you retired before January 1, 1977, on disability or under circumstances which entitled you to retire on disability.
- If you were married at the end of 2018, you must file a joint return.
- You did not in any year prior to 1984 choose to treat your disability income as a pension instead of taking the exclusion.
- Your federal adjusted gross income is less than \$20,200 (\$25,400 if married and both spouses are eligible).

Compute your exclusion on Wisconsin Schedule 2440W, *Disability Income Exclusion*. Enclose Schedule 2440W with your Form 1. See page 10 for information on how to get this schedule.

Sale of Business Assets or Assets Used in Farming to a Related Person You may subtract the taxable portion of gain you realize from the sale or disposition to a related person of business assets or assets used in farming if the following conditions apply:

- The related person is your child, grandchild, great-grandchild, parent, brother or sister, nephew or niece, grandparent, great-grandparent, or aunt or uncle. The person may be related to you by blood, marriage, or adoption.
- The asset was held by you for more than 12 months.
- The gain is treated as capital gain for federal tax purposes. Amounts treated as ordinary income do not qualify.

Gain on the sale or disposition of shares in a corporation or trust qualifies only if:

- The number of shareholders or beneficiaries does not exceed 15. Lineal ancestors and descendants and aunts, uncles, and 1st cousins thereof count collectively as one shareholder or beneficiary. This collective authorization may not be used for more than one family in a single corporation or trust.
- The corporation does not have more than two classes of shares.
- · All shareholders or beneficiaries, other than any estate, are natural persons.

"Farming" means the cultivation of land or the raising or harvesting of any agricultural or horticultural commodity including the raising, shearing, feeding, caring for, training, and management of animals. Trees (other than trees bearing fruit or nuts) are not treated as an agricultural or horticultural commodity. (Trees may qualify as a business asset.)

"Business assets" are assets used in an activity carried on for a livelihood or in good faith to make a profit. The facts and circumstances of each case determine whether or not an activity is a business. Regularity of activities and transactions and the production of income are important elements. You do not need to actually make a profit to be in a business as long as you have a profit motive. You do need, however, to make ongoing efforts to further the interests of your business.

"Business assets" include assets used in the performance of services by an individual as an employee and assets used in the conduct of a trade or business by an individual who is self-employed.

"Business assets" do not include investment and rental property (for example, stocks, bonds, and residential rental property) unless you are subject to federal self-employment tax on the earnings from the activity. (**Note**: Rental property which is a farm or farm equipment may qualify as an asset "used in farming.")

Computing the subtraction You must first complete Wisconsin Schedule WD. The amount of gain that may be subtracted is determined after netting all capital gains and losses on Schedule WD.

If amounts reported in Parts I and II of Schedule WD consist only of capital gains, your subtraction is equal to 70% of the long-term gain on the sale of a business asset to the related person, 40% of the long-term gain on the sale of a farm asset to the related person, or 70% of the long-term gain on the sale of qualified shares in a corporation.*

Sale of Business Assets or Assets Used in Farming to a Related Person - continued

- If the amount on line 17 or 18 of Schedule WD is a net loss, you may not subtract any amount as gain on the sale of the asset to the related person.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only gain reported on Schedule WD is from the sale of the asset to the related person and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) the only long-term gain reported on Schedule WD is from the sale of the asset to the related person, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on line 8 of Schedule WD, your subtraction is equal to the amount on line 27 of Schedule WD less the amount on line 8 of Schedule WD.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain and (2) a loss is included in line 17 of Schedule WD and/or on line 8 of Schedule WD, complete the worksheet below to compute your subtraction.
- If the amount on line 18 of Schedule WD is a net gain and (1) that net gain includes more than one long-term capital gain, (2) a loss is included in line 17 of Schedule WD, and (3) you show a gain on line 8 of Schedule WD, complete the worksheet below to compute your subtraction.

3.	Total long-term capital gain included in line 17 of Schedule WD 3.	_
4.	Divide line 2 by line 3. Carry decimal to four places	4
5.	Multiply line 1 by line 4	5
6.	If the amount on line 2 is gain from the sale of an asset used in farming, multiply line 5 by .40 (40%) and fill in result.* If the amount on line 2 is gain from the sale of a business asset or gain from the sale of qualified shares in a corporation, multiply line 5 by .70 (70%) and fill in result. This is your subtraction for gain on the sale of assets to a related person	6

*A sale to a relative of qualified shares in a corporation that is engaged in farming does not qualify for the additional 30% exclusion for the sale of assets used in farming on Wisconsin Schedule WD. Thus the amount that may be subtracted as gain on the sale of qualifying shares of stock in a corporation is 70% of the gain.

Code 18

Repayment of Income Previously Taxed If you had to repay during 2018, an amount that you included in your Wisconsin income in an earlier year, you may be able to subtract the amount repaid. A subtraction may be claimed only for repayments that are allowed as a miscellaneous itemized deduction on your federal Schedule A.

If you did not itemize deductions for federal tax purposes, use the amounts that would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with your Form 1.

Miscellaneous itemized deductions subject to the 2% of adjusted gross income limit are no longer allowed as itemized deductions on federal Schedule A pursuant to Public Law 115-97. These amounts are also no longer allowable as a deduction on federal Schedule A for Wisconsin purposes.

CAUTION Only amounts previously included in Wisconsin income may be claimed as a subtraction.

If the amount repaid was over \$3,000, you may be able to subtract the repayment as described above *or* take a tax credit. See the line 44 instructions on page 42.

Human Organ Donation If you, your spouse, or a person who is claimed as a dependent on your federal income tax return donates one or more of their human organs to another person for human organ transplantation, you may subtract up to \$10,000 of unreimbursed expenses related to the organ donation. "Human organ" means all or part of a liver, pancreas, kidney, intestine, lung, or bone marrow. The subtraction may be claimed only in the taxable year in which the transplantation occurs. The subtraction may be claimed only once. Up to \$10,000 of the following unreimbursed expenses may be claimed:

Travel expenses

Lodging expenses

· Lost wages

Line 11 Other Subtractions - continued

- Reserve or National Guard Members If you were a member of the Reserves or National Guard and served on active duty, you may subtract any military pay that is included on your W-2 and was:
 - · Received from the federal government,
 - Received after being called into active federal service or into special state service authorized by the federal Department of Defense, and
 - · Paid for the time during which you were on active duty.

CAUTION The subtraction only applies to Reserve or National Guard members called into active federal service under 10 USC 12302(a) or 10 USC 12304 or special state service under 32 USC 502(f). It does not apply to pay that members of the Reserves and National Guard receive for their weekend or two-week annual training. It also does not apply to a person who is serving on active duty or full-time duty in the active guard reserve (AGR) program.

Code 21

Expenses Paid to Related Entities Were you required to make an addition modification for interest, rental expenses, intangible expenses, or management fees paid to a related entity? If yes, see Schedule RT to find out if you qualify for a subtraction. Although you must meet one of the conditions in Schedule RT, Part II to qualify for a subtraction, you do not need to enclose Schedule RT with your return unless your total expenses paid, accrued, or incurred to related entities are \$100,000 or more. If enclosing Schedule RT, also enter "16" in the Special Conditions box on page 1 of Form 1.

Code 22

Private School Tuition A subtraction may be claimed for tuition paid in the taxable year to send your dependent child to a private school. The maximum subtraction is \$4,000 for an elementary pupil and \$10,000 for a secondary pupil. Schedule PS must be included with your Wisconsin income tax return.

Code 23

Code 24 Do not take a subtraction for amounts paid for private school tuition which were withdrawn from an Edvest or Tomorrow's Scholar college savings account.

Legislator's Per Diem If you were a Wisconsin legislator, you may subtract the amount of per diem reimbursement that is included as wages on your federal Form 1040. This generally applies to a legislator with a residence 50 miles or less from the state capitol.

ABLE Accounts A subtraction may be claimed for the amount contributed to a qualified ABLE (Achieving a Better Life Experience) account during the year. The owner (beneficiary) of an ABLE account must be a disabled person. Distributions from the account must be used to pay the qualified disability expenses of the disabled person. The maximum subtraction that may be claimed by all contributors to the account for 2018 is \$15,000.

An additional amount of contributions is allowed as a subtraction by a designated beneficiary equal to the lesser of:

- 1. The designated beneficiary's compensation (included in gross income for the taxable year), or
- 2. The federal poverty line for a one-person household.

This increase is only allowed if the designated beneficiary is an employee and no contributions have been made to a defined contribution plan, annuity contract, or deferred compensation plan. Use the worksheet below to figure your total subtraction.

Worksheet for Contributions to an ABLE Account	
1. Total contributions made to the ABLE account (Do not enter more than \$15,000)	100
2. The designated beneficiary's compensation 200	
3. 2018 federal poverty line for a one person household 3. 12,140.00	
4. Enter the smaller of lines 2 or 3 4	400
5. Add lines 1 and 4. This is the maximum amount of subtraction on line 11 of Form 1 with code 24 5	500

Note: The subtraction does not apply to rollovers or transfers from another account.

Code 25

Interest, Rental Payments, Intangible Expenses, and Management Fees Reported as Income by a Related Entity Did you report income from interest, rental payments, intangible expenses, or management fees made by a related entity that was not able to claim a deduction for such payments? If yes, you may claim a subtraction for the amount that the related entity was not able to deduct. This would be the amount the related entity claimed as an addition for such expenses (see instructions for line 4, Code 06) less the amount allowed as a subtraction (see instructions for line 11, Code 21).

26 Retirement Income Exclusion Subtract up to \$5,000 of certain retirement income if you (and/or your spouse if married filing a joint return):

- You (or your spouse if married filing a joint return) were 65 years of age or older on December 31, 2018, and
- Your federal adjusted gross income (line 1 of Form 1) is less than \$15,000 (\$30,000 if married filing a joint return). If married filing a separate return, the sum of both spouses' federal adjusted gross incomes must be less than \$30,000.

If you meet these qualifications, complete the Retirement Income Exclusion Worksheet below to determine the amount of your subtraction. Fill in the amount from line 6 of the worksheet on line 11 of Form 1 with code number 26. If married filing a joint return, add the amounts in Col. A and Col. B and fill in the total on line 11 of Form 1.

Sales of Certain Insurance Policies To the extent included in federal adjusted gross income, the original policy holder or original certificate holder who has a catastrophic or life-threatening illness or condition may fill in the amount of income received from the sale of a life insurance policy or certificate, or the sale of the death benefit under a life insurance policy or certificate, under a life settlement contract. "Catastrophic or life-threatening illness or condition" includes AIDS and HIV infection.

28 Child and Dependent Care Expenses Do you qualify for the federal credit for child and dependent care expenses for 2018? If yes, you may qualify to claim the Wisconsin subtraction for child and dependent care expenses. If married, you must file a joint return unless (1) you lived apart from your spouse during the last six months of 2018, (2) the qualifying person lived in your home more than half of 2018, and (3) you provided over half the cost of keeping up your home.

Your Wisconsin subtraction is equal to the amount on line 6 of federal Form 2441, but not more than \$3,000 if you have one qualifying person or \$6,000 if more than one qualifying person. Enclose a copy of federal Form 2441 with your Wisconsin income tax return.

Combat Zone Related Death If you are filing a return for an individual who was on active duty in the U.S. armed forces, who died in 2018 while on active duty, and the death occurred while he or she was serving in a combat zone or as a result of wounds, disease, or injury incurred while serving in the combat zone, you may subtract all income received by the individual during the year of death. Attach the certification made by the Department of Defense, DD Form 1300, *Report of Casualty*, to the return. (**Note**: For persons who died in 2018 as a result of service in a combat zone, the income subtraction also applies for 2017 if the service member did not previously file a 2017 income tax return.)

Note

30

"Combat zone" does not include the Sinai Peninsula of Egypt.

Physician or Psychiatrist Grant To the extent included in federal adjusted gross income, any amount received by a physician or psychiatrist from the primary care and psychiatry shortage grant program under sec. 39.385, Wis. Stats., may be subtracted.

Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets If you subtracted an amount on your 2014 Wisconsin tax return for the difference in federal and Wisconsin basis of assets as of the last day of your 2013 tax year, use this code and enter the same 20 percent amount subtracted from Wisconsin income for 2014. 2015, 2016, and 2017 on line 11.

Starting with the first taxable year beginning in 2014 and for the next 4 taxable years, a subtraction is available for 20 percent of the difference between the Wisconsin adjusted basis and the federal adjusted basis of assets owned on the last day of the taxable year beginning in 2013. This is December 31, 2013, for persons who file their return on a calendar-year basis. The assets must have been depreciated or amortized for both Wisconsin and federal tax purposes.

If you determined for 2014 that the combined Wisconsin adjusted basis of all depreciated and amortized assets was greater than the combined federal adjusted basis of the assets on the last day of your 2013 tax year, you could subtract 20 percent of the difference from your 2014, 2015, 2016, and 2017 Wisconsin income. This same 20 percent amount may be subtracted for 2018.

As a result of this subtraction, your Wisconsin adjusted basis of all depreciated or amortized assets on the first day of your taxable year beginning in 2014 (January 1, 2014, for calendar-year filers) is the same as the federal adjusted basis.

Note: If the total Wisconsin adjusted basis was less than the total federal adjusted basis, see the instructions for line 4, Code 21, Difference in Federal and Wisconsin Basis of Depreciated or Amortized Assets, for an addition required to adjust for this difference.

Olympic, Paralympic, and Special Olympic medals and United States Olympic Committee and Special Olympic **Board of Directors prize money** Persons who win medals at the Olympic and Paralympic Games generally exclude the value of such medals and the amount of prize money received from the U.S. Olympic Committee from federal income. Because the starting point for computing Wisconsin taxable income is federal adjusted gross income (FAGI), the amount that is excluded from federal income is automatically excluded from Wisconsin income and no additional subtraction is allowed for Wisconsin.

There are two situations where a Wisconsin subtraction may be claimed for the value of medals and any prize money. In these situations, the value of medals and any prize money would have been included in FAGI and a Wisconsin subtraction is allowed.

- Persons with FAGI over \$1,000,000 (\$500,000 if married filing a separate return) must include the value of medals and any prize money in federal income. Such persons may claim the Wisconsin subtraction for the value of medals and any prize money from the U.S. Olympic Committee.
- Persons who participate in the Special Olympics may claim a subtraction for the value of medals and any prize money received from the Special Olympics Board of Directors.

Additions To or Subtractions From Income

The following items may be either an addition to or a subtraction from federal adjusted gross income, depending on your situation. Fill in the code number and amount of any additions that apply to you on line 4. Fill in the code number and amount of any subtractions that apply to you on line 11. Note

If an adjustment listed on Schedule 2K-1, 3K-1, or 5K-1 is due to a difference between federal and Wisconsin law, such as bonus depreciation, this amount should be adjusted on Wisconsin Schedule I.

51 **Tax-Option (S) Corporation Adjustments** Fill in any of the following adjustments that apply to you:

- (1) If you were a shareholder of a tax-option (S) corporation which is required to file a Wisconsin franchise or income tax return, you will receive a Wisconsin Schedule 5K-1 from the tax-option (S) corporation informing you of any adjustments to be made for Wisconsin tax purposes.
- (2) If you are a shareholder of a federal S corporation that elects not to be treated as a Wisconsin tax-option (S) corporation, you must reverse all items of S corporation income, loss, or deduction included on your federal return and then add your pro rata share of any distributions made by the corporation of earnings and profits. (CAUTION Do not reverse any item of S corporation income or loss reported on federal Schedule D. These items have already been removed from Wisconsin income when you completed Wisconsin Schedule WD.)
- (3) Instead of using tax-option (S) corporation items deductible on federal Schedule A to compute the Wisconsin itemized deduction credit, you may elect to treat these items as subtraction modifications. Your subtraction is limited to the amount actually deductible for federal purposes (as allowable under Wisconsin Law) on federal Schedule Α.

Code

If you are electing to treat charitable contributions as a subtraction modification, use code 53 instead of code 51.

53 Charitable Contributions If you were a shareholder of a tax-option (S) corporation, you may elect to treat your charitable contributions reported on Schedule 5K-1, line 12a, as a subtraction modification instead of an itemized deduction for the Wisconsin itemized deduction credit. Include a copy of Schedule 5K-1, as described above under Code 51.

Differences in Federal and Wisconsin Basis of Assets Additions or subtractions may be necessary if there is a difference between the federal basis and the Wisconsin basis of your property. Additions or subtractions are necessary if:

- (1) You acquired property in a taxable year beginning after December 31, 2013, which may be depreciated or amortized (such as buildings and leaseholds), and the federal basis was greater or less than the Wisconsin basis at the time you acquired the property.
- (2) You sold (or otherwise disposed of) property which may not be depreciated or amortized (such as land, stocks, and bonds) in a taxable transaction, and your basis in the assets was greater or less for federal purposes than for Wisconsin.
- (3) You sold (or otherwise disposed of) property where the federal basis is greater than the Wisconsin basis due to a previous gain on the sale of an asset being deferred because gain was invested in a "qualified new business venture" or a "qualified Wisconsin business." See Schedule T, *Transitional Adjustments*, and Schedule QI, *Sale* of Investment in a Qualified Wisconsin Business.

Compute the amount of any addition or subtraction due to a difference in basis on Wisconsin Schedule T. Enclose the completed Schedule T with your Form 1.

Exception Do not use Code 54 for the following situations.

• If the difference in basis is due to the difference in the federal and Wisconsin definition of the Internal Revenue Code (for example, Wisconsin did not allow bonus depreciation for tax year 2017), use Schedule I to adjust for the difference in depreciation for each year there is a difference in depreciation due to the difference in basis.

Differences in Federal and Wisconsin Basis of Assets - continued

• If the difference in basis is due to using a different federal election for Wisconsin, (for example, electing to claim a different amount of sec. 179 expense), use Schedule I to adjust for the difference in depreciation as a result of the difference in federal and Wisconsin basis, or submit a pro forma federal return based on the election chosen for Wisconsin.

Differences in Federal and Wisconsin Basis of Partnership Interest An addition or subtraction may be necessary if you sold your interest in a partnership and any increases or decreases were made to the federal basis of your partnership interest in taxable years prior to 1975, which resulted from partnership business or property located outside Wisconsin. (Prior to 1975, Wisconsin did not tax income from business or property located outside Wisconsin.) Compute any addition or subtraction due to a difference in basis on Wisconsin Schedule T.

Differences in Federal and Wisconsin Reporting of Marital Property (Community) Income If you are married filing a separate return or married filing as head of household or if you obtained a decree of divorce or separate maintenance during 2018, you may have to report a different amount of income on your Wisconsin Form 1 than on your federal Form 1040. Fill in on line 4 any additional amount which is taxable to you rather than your spouse because of any difference in federal and state reporting of marital property (community) income. Fill in on line 11 any amount which is taxable to your spouse rather than to you because of any difference in federal and state reporting of marital property (community) income. Line 15 Standard Deduction

Most people can find their standard deduction by using the Standard Deduction Table on page 55. Use the amount on line 14 to find the standard deduction for your filing status. Do *not* use the table if any one of the following applies:

- You (or your spouse if filing a joint return) can be claimed as a dependent on another person's (for example, parent's) income tax return. Use the Standard Deduction Worksheet for Dependents to figure your standard deduction.
- You are filing a short period income tax return or are filing federal Form 4563 to claim an exclusion of income from sources within U.S. possessions. You are not allowed any amount of standard deduction. Enter 0 (zero) on line 15.

Line 17 Exemptions

Complete lines 17a and 17b. Fill in the number of exemptions on the lines provided. Multiply that number by the amount indicated (\$700 or \$250), and fill in the result on line a or b, as appropriate. Add lines a and b and fill in on line 17c.

Line 17a

The exemptions allowed for you (and your spouse, if married) on line 17a are equal to:

- 0 If you are single and can be claimed as a dependent on someone else's return, or if you are married filing jointly and both you and your spouse can be claimed as a dependent on someone else's return.
- 1 If you are single and cannot be claimed as a dependent on someone else's return, or if you are married filing jointly and either you or your spouse (not both) can be claimed as a dependent on someone else's return.
- 2 If you are married filing jointly and neither you nor your spouse can be claimed as a dependent on someone else's return.

Additional exemptions are allowed equal to the number of dependents you may claim, which is the number of dependents listed on the front of federal Form 1040. Enter an additional exemption for each dependent filled in on federal Form 1040.

Line 17b

If you or your spouse were 65 or older on December 31, 2018, check the appropriate lines. Your number of exemptions is equal to the number of lines checked.

Line 17 Exemptions – continued

You may claim the \$250 exemption on line 17b for you and/or your spouse only if you and/or your spouse are 65 years of age or older and are allowed the \$700 exemption on line 17a.

Line 19 Tax

Use the amount on line 18 to find your tax in the Tax Table on pages 48-53. Find your income-level bracket and read across to the column showing your filing status to find your tax. Be sure you use the correct column in the Tax Table for your filing status. Fill in your tax on line 19.

EXCEPTION If line 18 is \$100,000 or more, use the Tax Computation Worksheet on page 54 to compute your tax.

Line 20 Itemized Deduction Credit

If the total of certain federal itemized deductions exceeds your Wisconsin standard deduction, you may be able to claim the itemized deduction credit.

Complete Schedule 1 on page 4 of Form 1 to see if you can claim the credit. Schedule 1 lists the specific deductions to use from federal Schedule A (see **EXCEPTIONS** below).

If you did not itemize deductions for federal tax purposes, use the amounts which would be deductible if you had itemized deductions. To determine the amounts to use, complete a federal Schedule A. Write "Wisconsin" at the top of this Schedule A and enclose it with your Form 1.

EXCEPTIONS Even though Schedule 1 has entry lines for medical expenses, interest paid, and gifts to charity, not all of the amounts of these items that are deducted on federal Schedule A can be used for the itemized deduction credit. The following describes the portion of these items that may not be used to compute the itemized deduction credit.

- Medical expenses the amount of medical care insurance and long-term care insurance claimed as a subtraction on line 11. If this applies to you, complete the worksheet below to figure the amount which you are allowed, if any, for purposes of the itemized deduction credit.
- Interest paid to purchase a second home located outside Wisconsin.
 - paid to purchase a residence which is a boat.
 - paid to purchase or hold U.S. government securities.
 - mortgage insurance premiums treated as interest. (If extended by Congress)
- Contributions and interest allocated to you by a tax-option (S) corporation if you treated the amount as a subtraction on line 11.

Line 21 Armed Forces Member Credit

The armed forces member credit is available to certain members of the U.S. armed forces. You may claim the credit if you meet all of the following:

- · You were on active duty, and
- · You received military pay from the federal government in 2018, and
- The military pay was for services performed while stationed outside the United States.

→ You may *not* claim the armed forces member credit if you were on active duty as a member of the Reserves or National Guard and you excluded certain military pay from your income. See Code 20 on page 26 of the instructions for information on the exclusion.

The credit is equal to the amount of military pay you received for services performed while stationed outside the United States, but not more than \$300. If you are married filing a joint return and both spouses qualify for the credit, each may claim up to \$300.

Line 22 Renter's and Homeowner's School Property Tax Credit

You may claim a credit if you paid rent during 2018 for living quarters used as your primary residence OR you paid property taxes during 2018 on your home. You are eligible for a credit whether or not you claim homestead credit on line 45.

You may *not* claim the school property tax credit if you or your spouse are claiming the veterans and surviving spouses property tax credit.

Special Cases

If You Paid Both Property Taxes and Rent You may claim both the renter's credit and the homeowner's credit. The total combined credit claimed on lines 22a and 22b may not be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

Married Persons Filing a Joint Return Figure your credit by using the rent and property taxes paid by both spouses.

Married Persons Filing Separate Returns or Married Persons Filing as Head of Household Each spouse may claim a credit. Each of you may use only your own property taxes and rent to figure the credit. The maximum credit allowable to each spouse is \$150.

Persons Who Jointly Own a Home or Share Rented Living Quarters When two or more persons (other than a married couple) jointly own a home or share rented living quarters, each may claim a credit. However, the property taxes and rent paid must be divided among the owners or occupants. See the instructions for lines 22a and 22b.

Line 22a How to Figure the Renter's School Property Tax Credit

Step 1 Rent Paid in 2018 Fill in on the appropriate line(s) the total rent that you paid in 2018 for living quarters (1) where the heat was included in the rent, and (2) where the heat was not included in the rent. These living quarters must have been used as your principal home. Do not include rent that you may claim as a business expense. Do not include rent paid for housing that is exempt from property taxes, for example, rent for a university dorm, nonprofit senior housing, or public housing. (Note: Property owned by a public housing authority is considered tax-exempt unless that authority makes payments in place of property taxes to the city or town in which it is located. If you live in public housing, you may wish to ask your manager about this.)

If the rent you paid included food, housekeeping, medical, or other services, reduce the amount filled in for rent paid in 2018 by the value of these items. If you shared living quarters with one or more persons (other than your spouse or dependents), fill in only the portion of the rent which you paid in 2018. For example, if you and two other persons rented an apartment and paid a total rent of \$6,000 in 2018, and you each paid \$2,000 of the rent, each could claim a credit based on \$2,000 of rent.

Step 2 Refer to the Renter's School Property Tax Credit Table on the next page to figure your credit. If heat was included in your rent, use Column 1 of the table. If heat was not included, use Column 2. Fill in your credit on line 22a.

Exception If you paid both rent where heat was included and rent where heat was not included, complete the worksheet on the next page.

Line 22b How to Figure the Homeowner's School Property Tax Credit

Step 1 Property Taxes Paid on Home in 2018 Fill in the amount of property taxes that you *paid* in 2018 on your home. Do **not** include:

• Charges for special assessments, delinquent interest, or services that may be included on your tax bill (such as trash removal, recycling fee, or a water bill).

34 I

Line Instructions

Line 22b How to Figure the Homeowner's School Property Tax Credit – continued

- Property taxes that you can claim as a business expense (for example, farm taxes or rental property taxes).
- Property taxes paid on property that is not your primary residence (such as a cottage or vacant land).
- Property taxes that you paid in any year other than 2018.

Property taxes are further limited as follows:

- a. If you bought or sold your home during 2018, the property taxes of the seller and buyer are the taxes set forth for each in the closing agreement made at the sale or purchase. If the closing agreement does not divide the property taxes between the seller and buyer, divide them on the basis of the number of months each owned the home.
- b. If you owned a mobile home during 2018, property taxes include the municipal permit fees paid to your municipality and/or the personal property taxes paid on your mobile home. (Payments for space rental for parking a mobile home or manufactured home should be filled in as rent on line 22a.)
- c. If you, or you and your spouse, owned a home jointly with one or more other persons, you may only use that portion of the property taxes that reflects your percentage of ownership. For example, if you and another person (other than your spouse) jointly owned a home on which taxes of \$1,500 were paid, each of you would claim a credit based on \$750 of taxes.

CAUTION Property taxes paid during 2018 must be reduced by any amounts received as a refund of such taxes. For example, a taxpayer claimed farmland preservation credit on Schedule FC (which is considered a refund of property taxes) on his or her 2017 Wisconsin return. The taxpayer received a farmland preservation credit in 2018 of \$600 that was based on 2017 property taxes accrued of \$6,000. The 2017 property taxes were paid in 2018 and 10% of such taxes were allocable to the personal residence and 90% to the farm property. Thus, for tax purposes, property taxes paid on the entire property during 2018 are \$5,400 (\$6,000 less \$600 farmland preservation credit). Of this amount, \$540 (10% of \$5,400) is used to compute the 2018 school property tax credit.

Step 2 Use the Homeowner's School Property Tax Credit Table below to figure your credit. Fill in the amount of your credit on line 22b.

CAUTION If you are also claiming the renter's credit on line 22a, the total of your renter's and homeowner's credits can't be more than \$300 (\$150 if married filing a separate return or married filing as head of household).

Exception You may not claim the working families tax credit if you may be claimed as a dependent on another person's (for example, your parent's) income tax return.

- If the amount on line 14 of Form 1 is \$9,000 or less, your working families tax credit is equal to your tax. Fill in the amount from line 19 of Form 1 on line 23.
- If the amount on line 14 of Form 1 is more than \$9,000 but less than \$10,000, use the worksheet at right to compute your working families tax credit.
- If the amount on line 14 of Form 1 is \$10,000 or more, leave line 23 blank. You do not qualify for the credit.

Line 29 Married Couple Credit

You can claim the married couple credit if:

- · You are married filing a joint return, and
- · Both you and your spouse have qualified earned income, and
- You do not file federal Form 2555 or Form 2555-EZ to claim an exclusion of foreign earned income or Form 4563 to claim an exclusion of income from sources in U.S. possessions.

To figure the credit, complete Schedule 2 on page 4 of Form 1. Figure earned income separately for yourself and your spouse on lines 1 through 3 in Columns (A) and (B) of Schedule 2.

"Earned income" includes *taxable* wages, salaries, tips, scholarships or fellowships (only amounts reported on a W-2), other employee compensation, disability income treated as wages, and net earnings from self-employment.

Example You are a member of the National Guard and were called to active duty. You claimed a subtraction on line 11 of Form 1 for the amount of military pay you received for the time during which you were on active duty. Because this military pay is not taxable to Wisconsin, it cannot be used when computing the married couple credit.

"Earned income" does not include other income such as interest, dividends, IRA distributions, deferred compensation (even though it may be reported on a W-2), unemployment compensation, rental income, social security, pensions, annuities, or income that is not taxable to Wisconsin. Do not consider marital property law, marital property agreements, or unilateral statements in figuring each spouse's earned income.

The credit is based on qualified earned income. You must figure qualified earned income separately for yourself and your spouse. Figure it on lines 4 and 5 of Schedule 2 by subtracting the total of certain adjustments from earned income. These adjustments (as reported as an adjustment to income on federal Schedule 1 (Form 1040) are:

- IRA deduction (line 32),
- Self-employed SEP, SIMPLE, and qualified plans (line 28),
- · Repayment of supplemental unemployment benefits (included in the total of line 36),
- · Certain business expenses of reservists, performing artists, and fee-basis government officials (line 24),
- Contributions to secs. 403(b) and 501(c)(18) pension plans (included in the total on line 36), and
- Disability income exclusion (from line 11 of Wisconsin Form 1).

Line Instructions

Line 31 Credit for Net Tax Paid to Another State - continued

CAUTION Credit cannot be claimed for taxes paid to **Illinois, Indiana, Kentucky, or Michigan** on earned income (such as wages, salaries, tips, commissions, bonuses, etc.) you received from working in one of those states. Instead, file a return with that state to get a refund of any tax withheld from your wages. Be sure to explain on that state's return that you were a Wisconsin resident when earning the wages in that state. See Publication 121, *Reciprocity*, for more information.

Line 34 Sales and Use Tax Due on Out-of-State Purchases

Did you make any taxable purchases from out-of-state firms in 2018 on which sales and use tax was not charged? If yes, you must report Wisconsin sales and use tax on these purchases on line 34 if they were stored, used, or consumed in Wisconsin. You must also report sales and use tax on taxable purchases from a retailer located in another country, regardless of whether you were charged any tax for that country or any duty by the U.S. Customs Service.

Taxable purchases include furniture, carpet, clothing, computers, books, CDs, DVDs, video tapes, certain digital goods (e.g., greeting cards, video games, music, and books, transferred electronically), artwork, antiques, jewelry, coins purchased for more than face value, etc.

Example You purchased \$300 of clothing through a catalog or over the Internet. No sales and use tax was charged. The clothing was delivered in a county with a 5% tax rate. You are liable for \$15 Wisconsin tax ($$300 \times 5\% = 15) on this purchase.

Complete the worksheet below to determine whether you are liable for Wisconsin sales and use tax.

If you do not include an amount on line 34, place a checkmark in the space provided to certify that you do not owe any sales or use tax. Only returns certified as "no use tax due" will be recognized as filing a sales/use tax return.

- Tax on excess contributions from line 2 of federal Form 5330.
- Tax on prohibited transactions from lines 3a and 3b of federal Form 5330.

→ You are not subject to the penalty on payments from certain retirement plans if the payments are exempt from Wisconsin tax. See the instructions for line 11, Codes 05, 06, and 26 for information on retirement payments that are exempt from Wisconsin tax and to which the penalty does not apply.

If you were required to file federal Form 5329 or 5330, enclose a copy of your Form 5329 and/or 5330 with your Form 1.

Line 37 Other Penalties

If you are subject to a penalty for selling business or farming assets purchased from a related person or inconsistent estate basis reporting, fill in the amount of the penalty on line 37. See below for further information.

- Penalty for selling business assets (or assets used in farming) purchased from a related person Capital gain on the sale or disposition of business or farming assets may be excluded from Wisconsin taxation if the assets were held more than one year and are disposed of to certain related persons. The related person who purchases or otherwise receives the assets on which the gain is excluded is subject to a penalty if he/she sells or disposes of the assets within two years. The penalty does not apply in the case of an involuntary conversion (for example, assets are destroyed by fire or livestock dies). Visit any Department of Revenue office or contact the department's Customer Service Bureau at (608) 266-2486 for information on how to compute the penalty.
- Penalty for underpayment of taxes due to inconsistent estate basis reporting An inconsistent estate basis reporting occurs if the property basis claimed on a Wisconsin tax return exceeds the property basis determined for federal estate tax purposes. The penalty is equal to 20% of the portion of any underpayment of taxes due to the inconsistent estate basis reporting.

If you are married filing a joint return, fill in the total of:

- · any separate estimated tax payments made by each spouse,
- · any joint estimated tax payments, and
- any overpayments from your 2017 returns that you and your spouse were allowed as credit to 2018 Wisconsin estimated tax.

40

Line 41 2018 Wisconsin Estimated Tax Payments and Amount Applied from 2017 Return – continued

If you are filing a separate tax return, you may not claim any part of your spouse's separate estimated tax payments or credits. However, you and your spouse may split your joint estimated tax payments and credits between you as you choose on your separate returns. If you cannot agree on how joint amounts are to be split between you, the department will split them between you according to your respective income tax liabilities.

Follow the above instructions even if your spouse died during 2018.

Name Change If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, enclose a statement with Form 1. On the statement, explain all the payments you and your spouse made for 2018 and the name(s) and social security number(s) under which you made them.

Line 42 Earned Income Credit

If you qualify for the federal earned income credit and you have at least one qualifying child, you also qualify for the Wisconsin earned income credit. However, you must have been a legal resident of Wisconsin for the entire year.

¹If you recklessly or fraudulently claim a false credit, you may be ineligible to claim this credit and any other refundable credit for up to 10 years and could also owe a penalty.

To claim the Wisconsin earned income credit, complete the following steps and fill in the required information in the spaces provided on line 42.

Step 3 Fill in the percentage rate which applies to you.

Э
e

Step 4 Multiply the amount of your federal credit (Step 2) by the percentage determined in Step 3. Fill in the result on line 42. This is your Wisconsin earned income credit.

Enclosures With Your Return You must enclose a copy of your completed federal Schedule EIC with Form 1. If you used a paid preparer to complete your federal return, also enclose federal Form 8867. Failure to provide this information may delay your refund.

→ If the IRS is computing your federal earned income credit and you want the department to compute your Wisconsin earned income credit for you, fill in the number of your qualifying children in the space provided on line 42. Write "EIC" in the space to the right of line 42. Complete your return through line 47 of Form 1. Enclose a copy of your federal return (Form 1040) with your Form 1.

Note: For a description of the farmland preservation credit program, see the Special Instructions on page 9. You cannot claim farmland preservation credit if you (or your spouse, if married) claim the veterans and surviving spouses property tax credit or homestead credit.

If you recklessly or fraudulently claim a false credit, you may be ineligible to claim this credit and any other refundable credit for up to 10 years and could also owe a penalty.

Line 44 Repayment Credit

If you had to repay during 2018, an amount that you had included in income in an earlier year because at that time you thought you had an unrestricted right to it, you may be able to claim a credit based on the amount repaid. To qualify for the credit, the amount repaid must be over \$3,000 and the amount repaid cannot have been subtracted in computing Wisconsin adjusted gross income.

Use the following steps to compute your credit:

- (1) Refigure your tax from the earlier year without including in income the amount you repaid in 2018.
- (2) Subtract the tax in (1) from the tax shown on your return for the earlier year. The difference is your credit.

Fill in the amount of your credit on line 44 of Form 1. Enclose a statement showing how you computed your credit.

Line 45 Homestead Credit

If you are claiming homestead credit, attach Schedule H or H-EZ to your Form 1. Fill in on line 45 the amount from line 19 of your Schedule H or line 14 of Schedule H-EZ.

To see if you qualify for homestead credit, refer to the Special Instructions on page 8. You cannot claim homestead credit if you (or your spouse, if married) claim the veterans and surviving spouses property tax credit or farmland preservation credit.

If you recklessly or fraudulently claim a false credit, you may be ineligible to claim this credit and any other refundable credit for up to 10 years and could also owe a penalty.

Line Instructions

Line 46 Eligible Veterans and Surviving Spouses Property Tax Credit – continued

Computing the Credit The credit is equal to the property taxes <u>paid</u> by the claimant during the year on the claimant's principal dwelling in Wisconsin. The credit is based on real and personal property taxes, exclusive of special assessments, delinquent interest, and charges for service. Do not include any property taxes that are properly includable as a trade or business expense.

"Principal dwelling" means any dwelling and the land surrounding it that is reasonably necessary for use of the dwelling as a primary dwelling, but not more than one acre. It may include a part of a multidwelling or multipurpose building and a part of the land upon which it is built that is used as the primary dwelling. Complete the worksheet at right if your principal dwelling is located on more than one acre of land.

7.	Divide line 5 by line 67.
8.	Net property taxes paid
	Multiply line 8 by line 7. This is the amount of property tax allowed for the credit9.

If the principal dwelling on which the taxes were paid is owned by two or more persons or entities as joint tenants or tenants in common, use only that part of property taxes paid that reflects the ownership percentage of the claimant. (See **Exceptions** below.)

Exceptions

- *Married filing a joint return* If property is owned by an eligible veteran and spouse as joint tenants, tenants in common, or as marital property, the credit is based on 100% of property taxes paid on the principal dwelling (subject to the 1-acre limitation).
- *Married filing a separate return* If property is owned by an eligible veteran and spouse as joint tenants, tenants in common, or as marital property, each spouse may claim the credit based on their respective ownership interest in the eligible veteran's principal dwelling (subject to the 1-acre limitation).

If the principal dwelling is sold during the taxable year, the property taxes for the seller and buyer shall be the amount of the tax prorated to each in the closing agreement pertaining to the sale. If not provided for in the closing agreement, the tax shall be prorated between the seller and buyer in proportion to months of ownership.

If you owned and lived in a mobile home as your principal dwelling, "property taxes" include monthly mobile home municipal permit fees you paid to the municipality.

If you did not own your principal dwelling but were required to pay the property taxes as rent, you may claim the credit based on the property taxes paid during the year if <u>all</u> of the following are met:

- The rental unit must be the principal dwelling of the eligible veteran or surviving spouse,
- The principal dwelling must be located in Wisconsin,
- The eligible veteran or surviving spouse is required to pay the property taxes under the rental agreement or other written agreement entered into with the landlord, and
- · The eligible veteran or surviving spouse must pay the property taxes directly to the municipality.

A copy of the agreement with the landlord and proof of payment to the municipality must be included with the Wisconsin income tax return.

The credit must be claimed within 4 years of the unextended due date of the return.

Certification of Eligibility for the Credit If you did not claim the credit in a prior year, before claiming the credit for 2018 you must request certification from the Wisconsin Department of Veterans Affairs (WDVA) indicating that you qualify for the credit. Use Form WDVA 2097 (which you can find in WDVA Brochure B0106) to submit your request, along with a copy of the veteran's DD Form 214 and Veterans Administration disability award letter and, if applicable, the veteran's death certificate, a marriage certificate, and a completed copy of Form WDVA 0001 (if the veteran never previously submitted one). The WDVA 0001 and the brochure are available from your county veterans service officer or on the Internet at http://dva.state.wi.us/Pages/home.aspx. You may submit these forms and supporting documents to your county veterans service officer or mail them to: Wisconsin Department of Veterans Affairs, Attn: Veterans Property Tax Credit, 201 West Washington Ave., PO Box 7843, Madison WI 53707-7843. The WDVA will send you a certification of your eligibility.

Line Instructions

Line 48 Amounts Previously Paid

Amended return only – Complete this line only if this is an amended 2018 Form 1. Fill in the amount of tax you paid with your original Form 1 plus any additional amounts paid after it was filed.

If you did not pay the full amount shown on your original Form 1, fill in only the portion that you actually paid. Also, include any additional tax that may have resulted if your original return was changed or audited. This includes additional tax paid with a previously filed 2018 amended return and additional tax paid as a result of a department adjustment to your return. Do not include payments of interest or penalties.

Line 50 Amounts Previously Refunded

Amended return only – Complete this line only if this is an amended 2018 Form 1. Fill in the refund from your original 2018 return (not including the amount applied to your 2019 estimated tax). This is generally the amount from line 53 of Form 1.

If your refund was reduced because you owed underpayment interest or any penalties, fill in the amount of your refund before the reduction for underpayment interest or penalties. If your 2018 return was adjusted by the department, fill in the refund shown on the adjustment notice you received. If the adjustment notice shows a tax due rather than a refund, complete line 48 instead of line 50.

Line 51 Subtraction

If line 50 is less than line 49, subtract line 50 from line 49 and fill in the result on line 51. If line 50 is more than line 49, subtract line 49 from line 50 and fill in the result on line 51 as a negative number by placing a minus sign (-) in front of the number.

Line 52 Amount You Overpaid

If line 39 is less than line 51, subtract line 39 from line 51. Fill in the result on line 52. If line 51 is a negative number, do not complete line 52.

→ If you were required to make estimated tax payments and you did not make such payments timely, you may owe what is called "underpayment interest." You may owe underpayment interest even if you are due a refund. Read the line 56 instructions to see if you owe underpayment interest. If you owe underpayment interest and you show an overpayment on line 52, reduce the amount on line 52 by the amount of underpayment interest on line 56.

Line 53 Refund

Fill in on line 53 the amount from line 52 that you want refunded to you. The department may not issue a refund before March 1 unless both the individual and the individual's employer have filed all required returns and forms with the department for the taxable year for which the refund was claimed.

Note: If you are divorced, see item 7 on page 5. You may need to enclose a copy of your divorce decree with your return.

The amount on line 53 cannot be more than the amount on line 52 less the amount applied to your estimated tax on line 54.

Amended return only – We will figure interest and include it in your refund check. Interest is at a rate of 3% per year from the due date of your 2018 return. However, interest is not allowed on (1) a refund issued within 90 days of the due date of the return or within 90 days of the date the return was filed, whichever is later, (2) a refund due to an increase in homestead credit, enterprise zone jobs credit, jobs tax credit, business development credit, and electronics and information technology manufacturing zone credit, or (3) any portion of the refund that is applied to 2019 estimated tax.

Line 54 Amount Applied to 2019 Estimated Tax

Fill in on line 54 the amount, if any, of the overpayment on line 52 you want applied to your 2018 estimated tax.

If you are married filing a joint return, we will apply the amount on line 54 to your joint estimated tax. If you are married filing a separate return, we will apply the amount on line 54 to your separate estimated tax.

Amended return only – Generally, the amount filled in on line 54 must be the same as the amount shown on line 54 of your original Form 1 (or as adjusted by the department). However, if you file your amended return by January 15, 2020, you may increase or decrease the amount to be applied to your 2019 estimated tax.

Line 55 Amount You Owe

If line 51 is less than line 39, complete line 55 to determine the amount you owe.

Amended return only – If the total of the amounts on line 39 and line 54 is greater than line 51, you owe additional tax. Subtract line 51 from the total of lines 39 and 54. **CAUTION** If line 51 is a negative number because line 50 exceeds line 49, treat the amount on line 51 as a positive number and add (rather than subtract) line 51 to lines 39 and 54. Interest on the additional tax due is 12% per year from the due date of your 2018 return. Figure the interest on the additional tax you owe. In the area below line 55, write in the amount of interest. Label it "interest charge."

If the amount you owe with your return is \$500 or more or you made late estimated tax payments, you may also owe what is called "underpayment interest." This is an interest charge that applies when you have not prepaid enough of your tax through withholding and/or estimated tax payments. Read the line 56 instructions to see if you owe underpayment interest. If you do, include the underpayment interest from line 56 in the amount you fill in on line 55.

If you owe an amount with your return, you can pay online or by check, money order, or credit card. **Do not** include any 2019 estimated tax payments in your check, money order, or amount you charge. Instead, make the estimated tax payments separately.

To pay online Go to the department's website at <u>https://tap.revenue.wi.gov/pay</u>. This is a free service.

To pay by check or money order Make your check or money order payable to the Wisconsin Department of Revenue. If the name of the taxpayer does not match the printed name on the check, print the taxpayer's name on the memo line of the check. **Paper clip** it to the front of your Form 1.

If you e-filed your return and are paying by check or money order, enclose your payment with Form EPV. Mail Form EPV and your payment to the address shown on Form EPV.

To pay by credit card You may use your MasterCard®, American Express® Card, Visa® Card, or Discover® Card. To pay by credit card, call toll free or access by Internet the service provider listed on the next page and follow the instructions of the provider. A convenience fee of 2.5% (with a minimum of \$1) will be charged by the service provider based on the amount you are paying. You will be told what the fee is during the transaction and you will have the option to either continue or cancel the transaction. **If you pay by credit card before paper filing your return**, enter on page 1 of Form 1 in the lower right corner the confirmation number you were given at the end of the transaction and the amount you charged (not including the convenience fee).

What if you cannot pay? If you cannot pay the full amount shown as due on your tax return when you file, you may ask to make installment payments to the Department of Revenue. It is generally to your advantage to pay your liability in full rather than in installments. Installment agreements with the department are subject to a \$20 installment agreement fee. In addition, bills not paid in full by the due date become liable for additional interest of 18% per year and a delinquent tax collection fee of the greater of \$35 or 6½ percent of the unpaid amount. For more information concerning payments, go to www.revenue.wi.gov/Pages/FAQS/ise-payment.aspx. To obtain the Payment Plan Request (Form A-771), go to revenue.wi.gov/DORForms/a-771.pdf. To file an installment agreement request electronically, go to revenue.wi.gov/Pages/HTML/payplan.aspx.

Note: Failure to pay your Wisconsin income tax may result in certification of your unpaid liability to the Treasury Offset Program. Federal law authorizes the U.S. Department of Treasury to reduce, or offset, any federal income tax refunds payable to you by the IRS to satisfy unpaid state income tax debts. Any unpaid liability will remain eligible for this offset until paid.

Line 56 Underpayment Interest

You may owe underpayment interest if the amount of Wisconsin income tax withheld from your wages was less than your tax liability, or if you had income that was not subject to withholding and you did not make timely estimated payments. In general, in each quarter of the year, you should be paying enough tax through withholding payments and quarterly estimated tax payments to cover the taxes you expect to owe for the tax year. For more information on making estimated tax payments, see **Estimated Tax Payments Required for Next Year** on page 8.

Underpayment interest applies if:

- · Line 55 is at least \$500 and it is more than 10% of the tax shown on your return, or
- You did not pay enough estimated tax by any of the due dates. This is true even if you are due a refund.

The "tax shown on your return" is the amount on line 33 minus the amounts on lines 42 through 47.

Exceptions You will not owe underpayment interest if your 2017 tax return was for a tax year of 12 full months (or would have been had you been required to file) AND **either** of the following applies.

- 1. You had no tax liability for 2017 and you were a Wisconsin resident for all of 2017, or
- 2. The amounts on lines 40 and 41 of your 2018 return are at least as much as the tax shown on your 2017 return. Your estimated tax payments for 2018 must have been made on time and for the required amount. This does not apply if you did not file a 2017 return.

The tax shown on your 2017 return is the amount on line 33 minus the amounts on lines 42 through 47.

Fill in the exception code in the brackets to the left of line 56 if you are enclosing an application for a waiver, qualify for an exception, or are using the annualized income installment method to compute underpayment interest. See Schedule U, *Underpayment of Estimated Tax by Individuals and Fiduciaries*, and its instructions for further information on the exception codes.

Example Farmers and fishers are not subject to underpayment interest if two-thirds of their total gross income (gross income of both spouses if married filing a joint return) is from farming or fishing and they file their return and pay any tax due by March 1, 2019. Qualified farmers and fishers must enter exception code "04" in the brackets to the left of line 56. Failure to fill in the exception code may result in an assessment for underpayment interest.

Figuring Underpayment Interest

If the **Exceptions** above do not apply, see **Schedule U** to find out if you owe underpayment interest. If you do, you can use the schedule to figure the amount. In certain situations, you may be able to lower your underpayment interest. For details, see the instructions for Schedule U. Fill in the underpayment interest from Schedule U on line 56. Add the amount of the underpayment interest to any tax due and fill in the total on line 55. If you are due a refund, subtract the underpayment interest from the overpayment you show on line 52 and adjust lines 53 and 54 if necessary. Enclose Schedule U with your Form 1.

Line 56 Underpayment Interest - continued

Amended return only – If you were subject to underpayment interest on your original return and you are now changing the amount of such interest, enclose a corrected Schedule U with Form 1. Fill in the appropriate exception code in the brackets on line 56 only if you are enclosing an application for a waiver, qualify for an exception, or are using the annualized income installment method (Part IV of Schedule U) to compute underpayment interest. See Schedule U instructions for the exception codes. Figure the difference between the amount of underpayment interest as reported on your original return (or as assessed by the department) and the amount of underpayment interest shown on your corrected Schedule U. Fill in the difference on line 56. If the amount of underpayment interest is reduced, put a minus sign (–) in front of the amount on line 56.

If line 52 of Form 1 shows an overpayment and you are reducing the amount of underpayment interest, add the amount on line 56 to the amount on line 52 of Form 1. Adjust lines 53 and 54 accordingly.

If line 55 of Form 1 shows an amount due and you are increasing the amount of underpayment interest, add the amount on line 56 to the amount on line 55 of Form 1.

• Third Party Designee If you want to allow a tax preparer or tax preparation firm, family member, friend, or any other person you choose to discuss your 2018 tax return with the Department of Revenue, check "Yes" in the "Third Party Designee" area of your return. Also, fill in the designee's name, phone number, and any five digits the designee chooses as his or her personal identification number (PIN).

If you check "Yes," you (and your spouse if filing a joint return) are authorizing the department to discuss with the designee any questions that may arise during the processing of your return. You are also authorizing the designee to:

- · Give the department any information missing from your return,
- Call the department for information about the processing of your return or the status of your refund or payment(s), and
- Respond to certain department notices about math errors, offsets, and return preparation.

You are not authorizing the designee to receive any refund check, bind you to anything (including any additional tax liability), or otherwise represent you before the department. If you want to expand the designee's authorization, you must submit Form A-222 (*Power of Attorney*).

The authorization will automatically end no later than the due date (without regard to extensions) for filing your 2019 tax return. This is April 15, 2020, for most people.

• **Sign and Date Your Return** Sign and date your return at the bottom of page 3. Form 1 is not considered a valid return unless you sign it. Your spouse must also sign if it is a joint return. Also fill in your daytime phone number. Keep a copy of your dated return.

Use this Tax Table if your taxable income is less than \$100,000. If \$100,000 or more, use the Tax Computation Worksheet on page 54.

Example Mr. and Mrs. Smith are filing a joint return. Their taxable income on line 18 of Form 1 is \$28,653. First they find the \$28,000 heading in the table. Then they find the \$28,600 – 28,700 income line. Next, they find the column for married filing jointly and read down the column. The amount shown where the income line and the filing status column meet is \$1,392. This is the tax amount they must write on line 19 of their return.

Wisconsin School District Number

Appearing below is an alphabetical listing of Wisconsin school districts. Refer to this listing and find the number of the district in which you lived on December 31, 2018. Fill in this number in the name and address area of your return. Failure to include your school district number may delay the processing of your return and any refund due.

The listing is divided into two sections. **SECTION I** lists all districts which operate high schools. **SECTION II** lists those districts which operate schools having only elementary grades.

Your school district will generally be the name of the municipality where the public high school is located which any children at your home would be entitled to attend. However, if such high school is a "union high school," refer to **SECTION II** and find the number of your elementary district.

The listing has the names of the school districts only to help you find your district number. Don't write in the name of your school district or

the name of any specific school. Fill in only your school district's number on the school district line in the name and address area of your return. For example:

- 1. If you lived in the city of Milwaukee, you will enter the number 3619 on the school district line.
- 2. If you lived in the city of Hartford, you would refer to **SECTION II** and find the number 2443, which is the number for Jt. No. 1 Hartford elementary district.

The following are other factors to be considered in determining your school district number:

- If you lived in one school district but worked in another, fill in the district number where you lived.
- 2. If you were temporarily living away from your permanent home, fill in the district number of your permanent home.

Note If you can't identify your school district, contact your municipal clerk or local school for help.
