

**TOWN, VILLAGE, AND CITY TAXES -
2011
Taxes Levied 2011 - Collected 2012**

Wisconsin Department of Revenue
Division of State and Local Finance
Bureau of Local Government Services

GENERAL

The data contained in this bulletin are unaudited. This bulletin has been prepared and released at the request of the Wisconsin Legislature and Wisconsin Statute s.73.03(17), Stats. Any questions may be directed to **Eileen Mallow, Director of Local Government Services Bureau at 608-261-5360. DIVISION OF STATE AND LOCAL FINANCE.**

This bulletin contains a summary of the general property full values and taxes for all towns, villages and cities in Wisconsin. You are provided with basic figures which we believe are helpful to make limited comparisons between tax districts. NOTE: Some tax districts are served by more than one regular school district, or may be served by a special purpose district which does not provide service to the entire tax district. In these cases the property tax rates shown in columns 7 and 8 are average rates, therefore, comparisons of such rates are not valid for all purposes. The data shown in this bulletin are statistical and have been compiled without audit.

THE TABLES

TABLE I. State Full Value of General Property in Towns, Villages, and Cities, Classified by Type of Property, Assessment Year 2011. This table shows the state total of full value of all taxable general property.

TABLE II. General Property Tax Levies in Towns, Villages, and Cities, Calculated by Type of Property, Assessment Year 2011. This table shows the state total of carefully computed estimates of the general property taxes levied in towns, villages and cities on each of the classes of general property shown in Table I. The tax is computed by using the average tax rate of each town, village and city. Therefore, the sum of the parts may not add exactly to the printed totals. The amounts of tax relief shown are actual totals of certain tax credits distributed to tax districts by the State.

TABLES III through VI. General Property Full Value and Tax Summary. These four tables show a 25 year summary of full values, general property taxes, and average full value gross tax rates as well as tax relief and effective tax rates for towns, villages, cities and all districts combined. Below each table each group of tax districts is summarized showing the number of them according to gross and effective tax rates for several years.

COLUMN 1. Population. The figure shown in this column is the estimate of population which was prepared by the Wisconsin Department of Administration.

COLUMN 2. Full Value. The amount shown in this column is the full value of all taxable general property as determined by the Wisconsin Department of Revenue. This value is determined independently of the locally assessed value and is meant to reflect the actual market value. However, this value reflects corrections for prior year errors. If the value of a tax district were overstated (or understated) in the prior year, its value would be understated (or overstated) this year.

COLUMN 3. Percent Assessment Level. The figure shown in this column is the locally assessed value divided by the full value (expressed as a percent). These levels vary substantially, from less than 76 percent to more than 133 percent.

COLUMN 4. Full Value Excluding TIF. The amount shown in this column is the full value of all taxable general property as determined by the Wisconsin Department of Revenue EXCLUDING the full value of improvements to property within Tax Increment Finance Districts (value increment). This full value is used for the apportionment of all taxes except the state forestation tax, which is apportioned to local units according to the full value in Column 2.

TIF District. The number shown in this column is the number of Tax Increment Finance Districts having positive value increments in the tax district.

COLUMN 5. Total Property Tax. The amount shown in this column includes state taxes and state special charges on counties and tax districts, general county and county special purpose taxes, municipal taxes, county special charges, special purpose district taxes, and school taxes. It reflects the amount of surplus funds applied (if any) by a tax district to reduce the above apportionments or charges. It does not include special assessments and special charges to individuals, delinquent taxes, omitted taxes, forest crop taxes, managed forest land taxes, or occupational taxes.

COLUMN 6. State Property Tax Credits. The amount shown in this column is the total amount of School Levy tax credit PAID to the tax district. The School Levy Tax Credit is applied to **all** taxable real estate and personal property. Lottery and Gaming Credit is **only** applied to property that is a person's primary residence. First Dollar Credit is **only** applied to Improvements (buildings) on real estate. Therefore, only the School Levy Tax Credit is used to calculate the effective tax rates. State tax credits are provided to taxpayers in the form of credits on property tax bills. Tax districts are notified by December 1 of the tax credit amounts they will receive in the following year and are required to show the credits on tax bills. The credit is considered part of the tax payment. The state distributes the credits to tax districts and/or counties in March and July.

Note: The total amount of state tax credit placed on the tax roll by the tax district may differ slightly from the total certified to it due to rounding.

COLUMN 7. Full Value Rates - Gross. The rate shown in this column is the total general property tax divided by the full value. This rate is preferred to the general property tax assessed value rate (not shown) for making comparisons between tax districts because all taxable general property is valued at the same level; however, this is an average rate, and that surplus funds may have been applied to reduce the total amount of taxes.

COLUMN 8. Full Value Rates - Effective. The rate shown in this column is general property tax less state property tax credit (not including lottery/gaming credit or first dollar credit credit) divided by the full value. The effective rate is an average rate.

COLUMN 9. School District Taxes - Elementary/Secondary. The amount shown in this column is total gross school tax levied on general property. It excludes technical college district taxes and taxes levied by counties for special education purposes. School taxes are apportioned to Tax Districts according to full value excluding TIF value increments.

COLUMN 10. School District Taxes - Technical College. The amount shown in this column is total gross technical college tax levied on general property. Technical college taxes are apportioned to tax districts according to full value excluding TIF value increments.

COLUMN 11. County Tax. The amount shown in this column is the gross county tax. It includes state special charges for charitable and penal purposes, county taxes for special education purposes and that portion of the county budget financed by taxation of general property. County taxes are apportioned to tax districts according to full value excluding TIF value increments. Note: The calculated full value rates may vary among the tax districts within a county because special purpose taxes may not have been applied uniformly to all tax districts within a county.

COLUMN 12. Local Tax. The amount shown in this column is the tax for town, village or city purposes including utility districts. It includes the balance of the money a tax district needed to meet its obligations, expenses, etc. and the state or county special charges to the tax district. It reflects reductions due to the application of surplus funds and any overrun or underrun on the tax roll.

COLUMN 13. Other Taxes. The amount shown in this column includes the state forestation tax which is apportioned to each county on the basis of its full value. Counties, in turn, apportion the tax to the tax districts within their borders on the basis of full value. It also includes any tax increments and taxes levied for special districts such as metropolitan sewerage districts, town sanitary districts, and public inland lake protection districts.

Menominee County. Please note that Menominee County is not listed after Marquette but is listed as the last county and comes after Wood County. This is because it was created after the 71 counties were already coded alphabetically. It is coded 72.

An asterisk (*) indicates villages and cities which are in more than one county as shown here:

Villages: BAYSIDE, Milwaukee-Ozaukee; BELLEVILLE, Dane-Green; BIRNAMWOOD, Marathon-Shawano; BLANCHARDVILLE, Iowa-Lafayette; BROOKLYN, Dane-Green; CAMBRIDGE, Dane-Jefferson; CAZENOVIA, Richland-Sauk, DE SOTO, Crawford-Vernon; DORCHESTER, Clark-Marathon; GENOA CITY, Kenosha-Walworth; HAZEL GREEN, Grant-Lafayette; HOWARD, Brown-Outagamie; KEWASKUM, Fond du Lac-Washington; LAC LA BELLE, Jefferson-Waukesha; LIVINGSTON, Grant-Iowa; MILLADORE, Portage-Wood; MONTFORT, Grant-Iowa; MUKWONAGO, Walworth-Waukesha; MUSCODA, Grant-Iowa; NEW AUBURN, Barron-Chippewa; NEWBURG, Ozaukee-Washington; PULASKI, Brown-Oconto-Shawano; RANDOLPH, Columbia-Dodge; SPRING VALLEY, Pierce-St. Croix; TURTLE LAKE, Barron-Polk, UNITY, Clark-Marathon; VIOLA, Richland-Vernon; WRIGHTSTOWN, Brown-Outagamie.

Cities: ABBOTSFORD, Clark-Marathon; APPLETON, Calumet-Outagamie-Winnebago; ASHLAND, Ashland-Bayfield; BERLIN, Green Lake-Waushara; BRODHEAD, Green-Rock; BURLINGTON, Racine-Walworth; COLBY, Clark-Marathon; COLUMBUS, Columbia-Dodge; CUBA CITY, Grant-Lafayette, EAU CLAIRE, Chippewa-Eau Claire, EDGERTON, Dane-Rock; HARTFORD, Dodge-Washington; KAUKAUNA, Calumet-Outagamie; KIEL, Calumet-Manitowoc; MARION, Waupaca-Shawano; MARSHFIELD, Marathon-Wood; MENASHA, Calumet-Winnebago; MILWAUKEE, Milwaukee-Washington-Waukesha; NEW LONDON, Outagamie-Waupaca; RIVER FALLS, Pierce-St. Croix; STANLEY, Chippewa-Clark; WATERTOWN, Dodge-Jefferson; WAUPUN, Dodge-Fond du Lac; WHITEWATER, Jefferson-Walworth, WISCONSIN DELLS, Adams-Columbia-Juneau-Sauk.

Note 1: There are 1,908 taxation districts, but only 1,850 municipalities. This is due to 53 municipalities lying in two counties, and 4 municipalities lying in three counts, and 1 municipality lying in four counties.

NOTE 2: DOR adjusted by \$1,811,800 the City of Beloit, Rock County, Equalized Value, TID #10 to avoid a negative equalized TID OUT value (resulting in a \$0 Tax Increment generated from the school district). DOR made an adjustment to the School District of Clinton Community, City of Beloit, Rock County, for \$905,900 to divide the total adjustment of \$1,811,800 over two years, 2011 and 2012. This explains the difference between Full Value Excluding TIF and Full Value Within School Dist.

School Districts Containing Territory in Tax District. Elementary and secondary school districts containing territory in a tax district are identified by a four digit number. You will find the valuation and tax data for each elementary and secondary district in the Appendix contained in this booklet. Technical colleges are also identified by a four digit number. The four digit technical college number is listed after the elementary and secondary numbers. Technical college districts are not summarized in the Appendix, but are named below.

0100 Chippewa Valley Technical College
0200 Western Wisconsin Technical College
0300 Southwest Wisconsin Technical College
0400 Madison Area Technical College
0500 Blackhawk Technical College
0600 Gateway Technical College
0800 Waukesha Technical College
0900 Milwaukee Area Technical College
1000 Moraine Park Technical College
1100 Lakeshore Technical College
1200 Fox Valley Technical College
1300 Northeast Wisconsin Technical College
1400 Mid-State Technical College
1500 North Central Technical College
1600 Nicolet Technical College
1700 Wisconsin Indianhead Technical College

THE APPENDIX

APPENDIX. School District Cross Reference. The more than 400 elementary and secondary school districts in Wisconsin are listed in sequence according to the four digit identifier for each, beginning with the lowest (i.e., 0007 - Abbotsford; 0014 - Adams-Friendship; and so on) the name of the school district, the tax district(s) in which the school district contains territory, and the full value (excluding TIF increments) of each within the school district, the percent value of each whole or part of a tax district is to the total value of school district and the total school district levy (including trust fund levy) are shown for each school district. Technical college districts are not summarized. Because the Union High School boundaries are coterminous with the underlying elementary schools the value of the Union High Schools is not added in the state total. To do so would result in double counting that value.
