# Introduction

This annual report represents a summary of the Department of Revenue's activities and programs for fiscal year 1998 (July 1, 1997 through June 30, 1998).

The agency is specifically charged with administration and collection of mineral severance taxes, sales/use, cigarette and estate taxes for the State of Wyoming. It is also responsible for valuing minerals, utilities, and certain large industries and with providing this information to counties for the purpose of Ad Valorem taxation. In addition, the Department provides support and monitors the work of county assessors in their duties of appraisal and assessment of all residential, agricultural, commercial and industrial properties.

The Department of Revenue, through its Liquor Division, is the exclusive wholesaler of alcoholic beverages in the state. This division also monitors the alcohol control laws, licenses malt beverage wholesalers and industry representatives and certifies to local licensing authorities that liquor license applicants have met statutory requirements.

We have essentially redone the Plan and believe it is an effective tool to assist management in assessing our progress toward our goals. The strategic plan for fiscal year 1999-2002 was timely completed and filed with the appropriate state agencies. The Plan may also be viewed on our website at: <http://revenue.state.wy.us>.

Authorized Personnel	17 full-time
Organizational Structure	Business System Analyst, Mapping and Agricultural, State Assessed Property, Local Assessments Support
Clients Served	Utilities and industrial taxpayers, other governmental entities, other state agencies
General Funds	\$1,528,215

## **Agency Mission**

The mission of the Ad Valorem Division is twofold: 1) support the local governments in their assessment of real and personal tangible property, 2) value for the benefit of local governments, utilities, railroads and private railroad cars. The Division believes in working in concert with local governments to achieve uniform, fair and equal property taxation across the state. Also strive for open communication with taxpayers whose property we value for certification to political subdivisions of the state. Our relationship with stakeholders must be built on trust and fairness.

## **Results of outcomes**

Goal 1: Collect and process taxes administered by the Department of Revenue through an equitable, efficient and simple tax system.

Objective 1: Ensure timely collection of taxes.

Outcome: Annual decrease in the amount of interest assessed compared to previous fiscal year.

This outcome was found to be inappropriate and unworkable for Ad Valorem. "Interest" is not assessed or collected by the division and when we tried to substitute "penalties" as a measurement, the results were redundant with data reported in Goal 1, Objective 3. Our objective was to encourage companies to return their annual reports on time, not to see how many penalty dollars we could collect. We mailed 781 annual report packets and conducted a capitalization rate meeting with emphasis on timely reporting.

Objective 2: Ensure department personnel enforce tax laws fairly and consistently.

Outcome: Taxpayers surveyed view Department of Revenue practices as fair and consistent. The survey effort was deemed not economically feasible in April '97 and further evaluation resulted in it being canceled for this period. However, to strengthen this objective, we did support the recodification of Title 39, revised 5 chapters of our rules, reviewed applicable operating policies, responded to all written taxpayer correspondence within 5 work-days and provided over 400 hours of professional training for employees.

Objective 3: Efficiently process returns and other reporting documents received by the Department of Revenue.

Outcome: Timely transmission of deposits.  
Over 500 payments, 100%, were processed on the same day of receipt.

Outcome: Tax documents processed in a timely manner.

“Tax Documents” for Ad Valorem are the Annual Report forms we send to various companies for them to complete and return by statutory dates. Our target is to have them all (over 700) returned on time. In FY96 108 were late, FY97 48 were late and in FY98 48 were late. In FY98, 30 of the 48 were repeat late filers and will receive increased penalties.

Goal 2: Provide valuation, support and statistical information services to taxpayers and taxing authorities.

Objective 1: Value, assess and certify to taxpayers and taxing authorities annual assessed valuation by required date.

Outcome: Annual certifications distributed to taxing authorities by required date.  
All 260 certifications and 167 assessments were mailed by 6/17/98 which met the requirement.

Objective 2: Develop and maintain standards, procedures and methodologies for appraisal, valuation and assessment of taxable property.

Outcome: Accurate and consistent advice or instructions given to stakeholders.  
The survey that was to be used to measure this outcome was canceled as explained earlier. However, 7 manuals that are used by local assessors to establish fair market values were revised and over 600 hours of training provided for Ad Valorem staff and county assessors. The fact that none of the 23 Wyoming counties required any equalization action this past assessment cycle, attests to accurate and consistent work by all involved in the fair valuation of property.

### **Strategic Plan Changes for Next Year**

Many lessons were learned during the past biennium and a completely new Strategic Plan has been adopted for the July 1, 1998 through June 30, 2002 period. The Ad Valorem Division will concentrate on its two main efforts of (1) valuing, assessing, and certifying assigned properties and (2) supporting County Assessors in establishing fair and equitable market value-based assessments. More appropriate and workable outcomes with measurable targets have been adopted in the new plan.

The Strategic Plan for FY 1999 - 2002 was timely completed and filed with the appropriate agencies. The Plan can be viewed on our website at: <http://revenue.state.wy.us>.

## **Agency Mission**

The mission of the Mineral Tax Division is to collect mineral severance taxes in a fair and efficient manner, and to provide county governments with an accurate certificate of the mineral production value in their respective counties for the assessment of ad valorem taxes. We believe in working closely with mineral taxpayers to arrive at the correct assessment and valuation of minerals so that state and local governments can receive their fair share of mineral revenues. We believe in honest and open communication between all stakeholders.

## **Results of outcomes**

Goal 1: Collect and process taxes administered by the Department of Revenue through an equitable, efficient and simple tax system.

Objective 1: Annual decrease in the amount of interest assessed compared to previous fiscal year.

Outcome: Annual decrease in the amount of interest assessed compared to previous fiscal year.

This outcome was found to be inappropriate and unworkable for the division. The objective was to encourage companies to pay correctly and on time. Actual interest collections for FY 98 was \$1,324,745 or an increase over FY 1997 of 24.32 %.

Objective 2: Ensure department personnel enforce tax laws fairly and consistently.

Outcome: Taxpayers surveyed view Department of Revenue practices as fair and consistent. The division did not send out a survey relative to its practices because of an immediate need to replace the accounting system. A survey was sent to over 600 mineral companies that focused on the accounting system. The division received 15 mixed responses. Many respondents felt that the accounting system could be improved by providing more accounting detail in billings and notices. These critical comments are being incorporated into the design of the new system.

Objective 3: Efficiently process returns and other reporting documents received by the Department of Revenue.

Outcome: Timely transmission of deposits.

This outcome was determined to be inappropriate for this division. The objective was to efficiently process returns so the Administrative Service Division could deposit dollars timely.

Tax documents processed in a timely manner.

The division's target was to process all tax documents in a timely manner. Timely severance processing was defined as having all returns processed before the next months returns arrived. Internal reports and manager reviews of assigned returns indicated that tax documents were processed in a timely manner the majority of the time.

Goal 2: Provide valuation, support and statistical information services to taxpayers and taxing authorities.

Objective 1: Value, assess and certify to taxpayers and taxing authorities annual assessed valuation by required date.

Outcome: Annual certifications distributed to taxing authorities by required date.  
This goal was achieved. 13,729 Gross Products returns were processed on behalf of 671 taxpayers. Certifications were issued on June 25, 1998 in accordance with statutory requirements.

Objective 2: Develop and maintain standards, procedures and methodologies for appraisal, valuation and assessment of taxable property.

Outcome: Accurate and consistent advice or instructions given to stakeholders.  
The Mineral Tax Division updated the Gross Products and Severance Tax Reporting Manuals and provided taxpayer training seminars on October 28, 1997 and November 18, 1997. The Mineral Tax Division made four presentations to county officials and one presentation to the Joint Revenue Committee in Fiscal Year 1998.

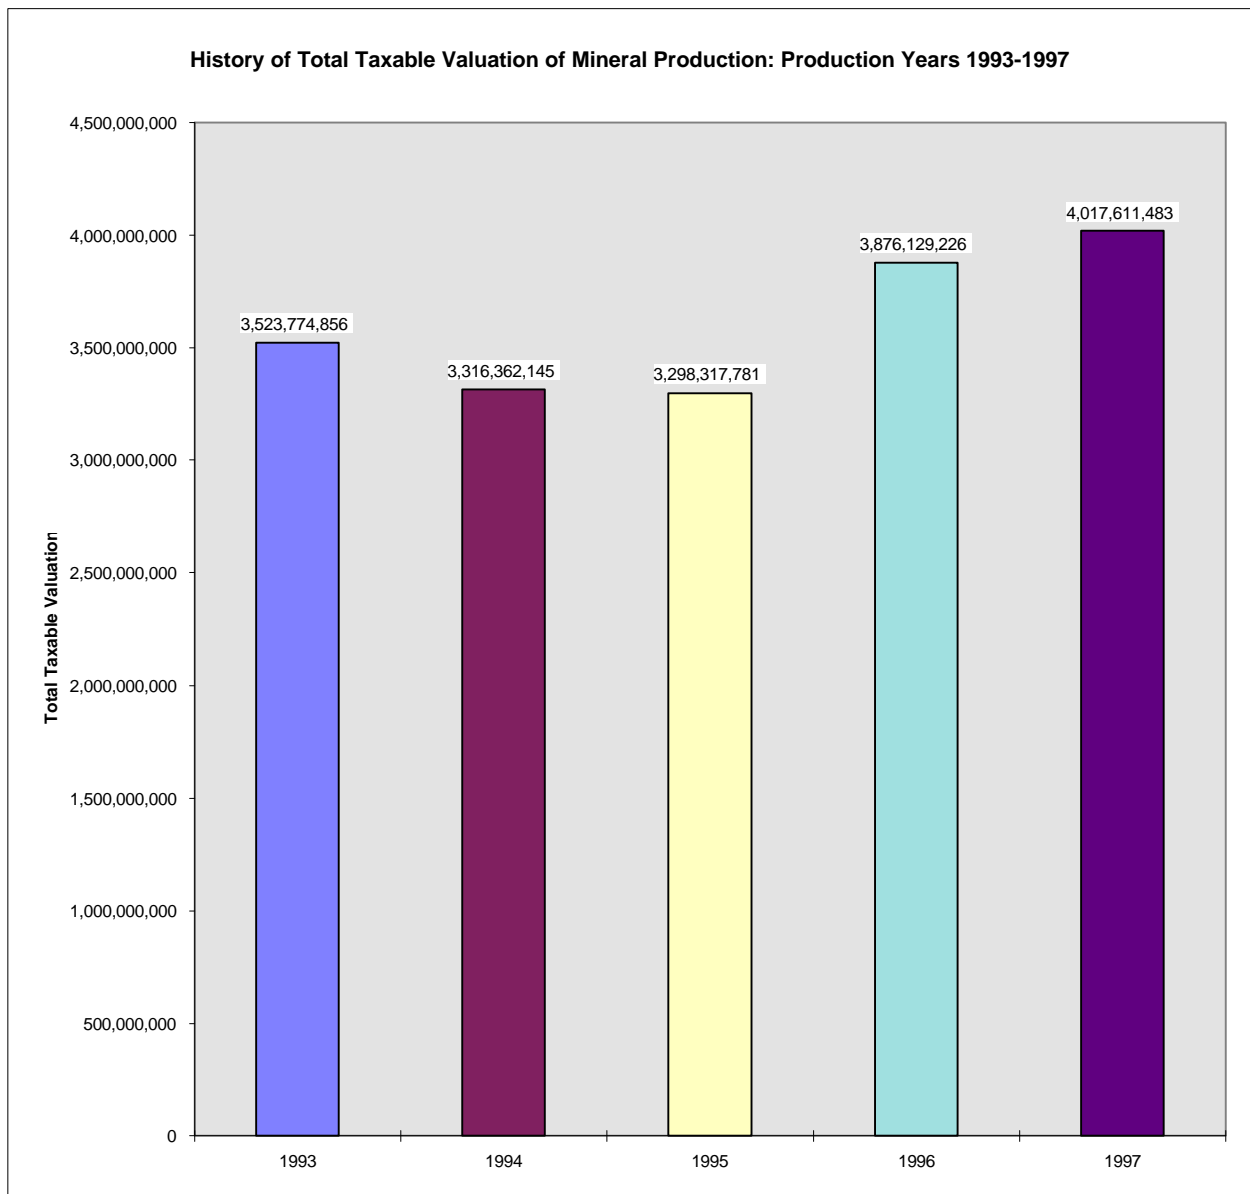

### **Strategic Plan Changes for Next Year**

Many lessons were learned during the past biennium and a completely new Strategic Plan has been adopted for the July 1, 1998 through June 30, 2002 period. More appropriate and workable outcomes with measurable targets have been adopted in the new plan.

The Strategic Plan for FY 1999 - 2002 was timely completed and filed with the appropriate agencies. The Plan can be viewed on our website at: <http://revenue.state.wy.us>.

## Agency Mission

The Wyoming Liquor Division's dual mission is to provide quality wholesale distribution services and to administer Alcoholic Beverage Control Laws for the citizens of Wyoming. We envision a division respected for its excellent customer services while generating revenues to the state. We believe the control laws must be enforced while recognizing society's desire for availability of alcoholic beverages. We will run the division as a business equally concerned about the welfare of its employees and the survival of the liquor industry serving the citizens of a large and sparsely populated state.

## Results of outcomes

Goal 1: Maximize revenue to the State, provide quality service through effective and efficient product distribution and enforce alcoholic beverage control laws.

Objective a: Continually improve day-to-day operation of product distribution and quality service while reducing overall costs.

Outcome: Return a profit, consistent with statutory requirement, to the General Fund each year.  
For FY98, gross profit of 17.04% and net profit of 14.13% were achieved. This meets the statutory provision set forth in 12-2-303 (a). FY98 profit transferred to the General Fund was 5.3 million dollars.

Licenseses responding to surveys reflect satisfaction rate of 95% or better.  
During FY98 local licensing authorities were asked to rate the divisions' cooperation, courtesy, and timeliness when interacting with their staff. The division's approval rating was 94%.

Inventory turnover rate increasing each year.  
Tracking outcomes other than inventory turnover proved to be a better indicator of performance. The division did meet its target of turning inventory over at least 7 times during FY98.

A key performance measure of tracking the percentage of product outages was added. The percentage targeted for products out of stock was to be less than 2.5% at any one time. The actual outage for FY98 was 1.21%.

Objective b: Remain current on federal and state legislative issues and enforce control laws fairly and consistently.

Outcome: Percentage of inspections conducted annually.  
The divisions' target was to inspect each non-seasonal liquor licensee at least two times a year. The division conducted 2,469 inspections which exceeded the target established.

Survey of dealers yields a 95% approval rating on fairness.

The liquor dealers were surveyed during the first year of the biennium. The FY97 Annual Report reflected a 93% satisfaction rating. For FY98 the local licensing authorities were surveyed. See 1.2 above.

State and Federal regulations not in conflict.

This measurement did not provide useful information. The division discontinued tracking this information during FY97. As part of promulgating new rules in FY98 changes were included which will hopefully alleviate conflicts with federal regulations.

Objective c: Promote cooperation and interaction with licensing authorities and licensees to promote greater compliance with liquor laws.

Outcome: Applications submitted by licensing authorities reflect decreasing rate of errors. Applications errors decreased from 25% to 22% during fiscal year 98.

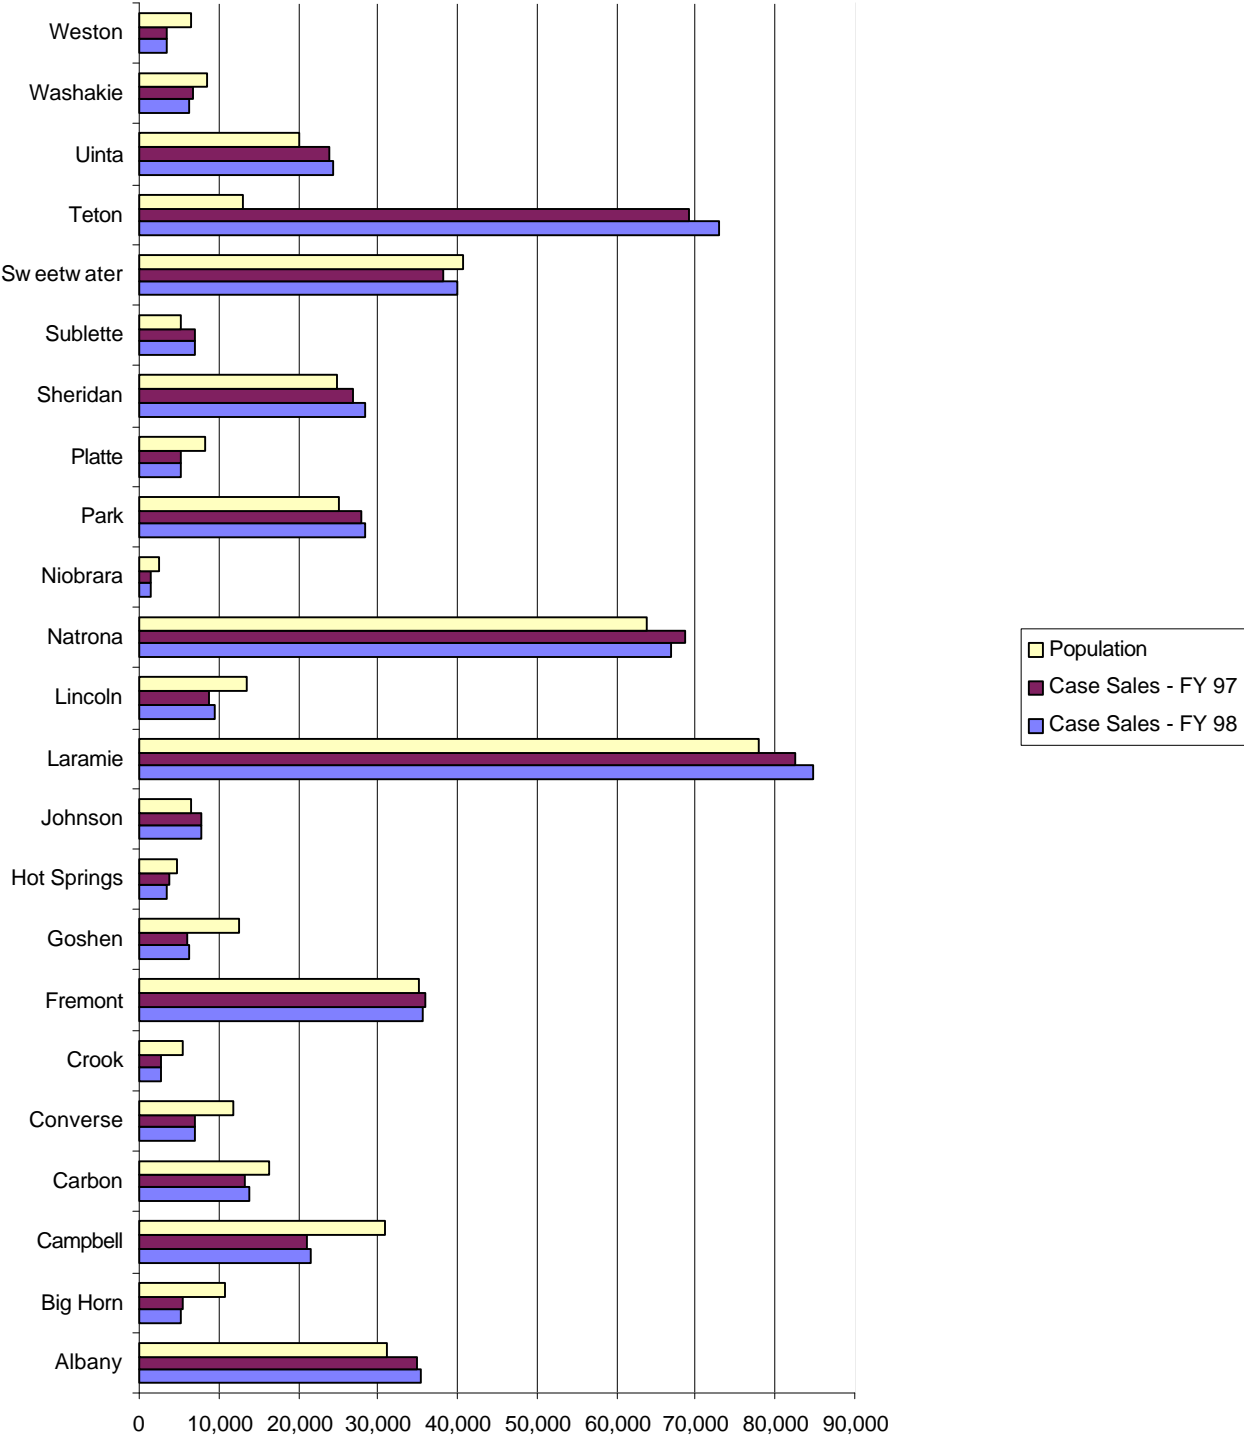

### **Strategic Plan Changes for Next Year**

The Strategic Plan for FY 1999 - 2002 was timely completed and filed with the appropriate agencies. The Plan can be viewed on our website at: <http://revenue.state.wy.us>.

\*W.S. 12-2-301(e) requires a footnote on the fair rental value of the liquor division property; the lease value of the liquor warehouse is estimated at \$3.75 a square foot, and the office space is estimated at \$8.50 a square foot. The warehouse is 112,000 square feet and the office is 8,000 square feet. The rental lease value estimate was provided by Prudential Volk Real Estate. The state owns the building where the liquor division is housed. The state pays no lease or mortgage expense. This information is for comparison only.

\*\*The Liquor Division also provides warehouse space free of charge to the Department of Commerce and the Department of Transportation. The space currently allocated to other agencies is 384 square feet.
